Benefits Of The Monetary Reform League

Friends, here we are once more
another year of strife and inter-
sive production has passed away,
and more faced with the im-
port of growing two heads of
shout, raising two of any kind
of commodities where no neces-
sarily raised one. To pay later
you must realize the octopus
Capitalism demands his interest
in commodities only. Because he
cannot eat the paper, thus we
must increase our product. The
interest is piled up in the short
run, the factories and warehouses
hold for sale at a profit. Who is
going to buy. The only market
to view is the producer of these
goods, and the interest has to
be repaid so much he cannot repay
his own product. The octopus
must be fed on profit and interest
irrespective of the price
below agreed to by the producers.
It is heads they win and tails we
lose. What can we do to allevi-
ate this injustice (Why do the
Monetary Reform League whose
subject is to agitate the tensa
size of the octopus by degrees.
Thus returning to the producers
some of the 10 % of which we are
exploited in the name of interest
at the elevators and to
our products and are exploited
the 10 % for interest on British
wealth. Let us organize for a
greater share of our products.

We are faced with the prospect
of ten cent wheat and probably
refusal at the elevators and to
remember this does mean surplus
interest gathering interest—no
wheat. We have government
representatives giving no phel-
indoes and optimistic speeches,
meanwhile one eye is on the
barrels, paying that the ship of
state will weather the storm.
There are no new countries in
sight where they might and their
un-molested interest and the
ship of state is inevitably doomed.
Therefore, we must organize in
groups with their eyes on the
backing the Monetary Reform
League. The fundamental basis
of our economic condition is the
monetary one, for it breaks or
makes prosperity. Our constitu-
tional representatives have
proposed this does mean surplus
interest gathering interest—no
wheat. We have government
representatives giving no phel-
indoes and optimistic speeches,
meanwhile one eye is on the
barrels, paying that the ship of
state will weather the storm.

Born—Near Ardley on Friday, January 6th, to Mr. and Mrs. O. Johnstone a son.

In answer to a wire received on Sunday, Mr. I. Sweet left next day for the old home at Barrie, Ontario, to attend the funeral of his mother who had passed away that day.

Mr. J. A. Hamer left on Tuesday to take up residence on his old farm in Saskatchewan. He leaves a lot of friends in and around Alix who are sorry to see him go.

Phone to Miss Garrett, Nelson Hotel, and make your appointment for H. J. Snell, Sight Specialist, who visits Alix without fail every month. His next visit will be on Friday, January 26th.

Alix and Lacombe juniors battled on Lacombe on last Tuesday night to a win 1-0 for the latter. The first two periods went scoreless and with only one minute to go Chapman rushed in and scored for Lacombe.

Mr. J. Rasmussen was a business visitor in Calgary a couple of days early in the week.

Messrs. Douglas McCallum and Lawrence Schuepf left on Thursday en route to visit for a couple of weeks with the former's parents at Jarvis, Alberta.

Mr. C. H. Sheppard went to Edmonton this week for further medical treatment at the hospital.

Tomorrow (Saturday) is your last chance to take advantage of the special prices on lumber at the Alix yards of the Alberta Lumber Co.

Mrs. W. L. Pettit entertained at auction bridge last Tuesday night when Mrs. W. D. Clarke was the prize winner and Mrs. Wilton took the consolation.

In a hard fought battle Wednesday night Alix seniors won from Erskine by a score of 4-3. Play was rough and fast. R. Patrick got the 3 goals for Erskine; Jim Pears got the 1st for Alix, A. Lisack got a counter in a long long shot and then Jack Pears shot a counter to tie the tally, and a few minutes later on a solo rush scored the winner. This makes 3 losses and three wins and there are four return games to be played here next week. Watch for them.

The card party under the auspices of the U. F. W. A. at the home of Mr. and Mrs. W. Paribey last Friday was very fairly well attended but a real good time was reported.

A team from Abr Lodge I. O. O. F. will install the officers at Lacombe next Monday night and at Clive Tuesday night.

The regular monthly meeting of the Lacombe M. D. Council will be held Saturday.

Council Meeting

Monday night's village council meeting was a very quiet one, practically the only business coming up was the passing of a few small accounts.

The secretary was instructed to write the hospital at Edmonton with reference to Mr. H. Sheppard, as to his progress and what steps they should take in caring for him.

The next session, February 6th, will be the Annual Meeting and the election of one councillor to fill the vacancy created by Mr. J. E. Mackie's term expiring.

THE UNITED CHURCH ALIX

Service next Sunday, at 11 a.m.

Sunday school at 12.15 p.m. Lesson will be found in Mark 1:21-35.

Golden Text—"My Father's worketh hitherto, and I work."—John 5:16.

Attendance last Sunday—41 children and 5 adults. You are cordially welcome to these services.

Well, anyway, a cold wind doesn't last more than a day or so.

SCRIP

As there seems to be a great deal of interest in the question of "Monetary Reform," at the moment, may I ask you to accord me the privilege of the use of your paper for a brief discussion of that type of "reform" which appears to me to be of practical value, the need and use of some latent being scrip.

In the absence of any knowledge of the exact financial position of the Municipality, it is impossible to give the system in any local situation in detail, but for a preliminary discussion it is necessary to do so.

In a general way the plan being adopted in another Municipality in Alberta (the name, I gather from newspaper sources, to confine their borrowings from bank to 50% of their regular needs, using scrip for balance of 40%).

The scrip to be issued is of two kinds, one negotiable and negotiable. The one negotiable is loaned to employees of the Municipality upon taxes and returned to office in payment of same. The negotiable can be loaned in many ways where taxes are not being paid, for instance, to cover the needs for the winter, to drive into town. The former, being issued, is paid in negotiable scrip, the latter in negotiable scrip, the latter can be used to buy goods at the store, etc.

The scrip system could even be extended to pay part of the salaries of school teachers in the Municipality—the part which is expended for services confined to the district.

It might also be used to make the basis for farmers' fair for exchange and sale of farm produce, using money and scrip both.

Unavoidable scrip will of course return ultimately to Municipality in payment of taxes. The practicability and advantage of this method of dealing with the present situation must be thought out by the people themselves, but are some points which especially appeal to me. One is that the plan cannot hope to succeed in any locality without the wholehearted support of all sections of the community. A second is that the people who in various parts of the North American continent are doing of proposing the use of scrip, perhaps unconsciously to some extent, seeking no experiment in small and safe way with no inherent banking error, which would be the case with the issue of the bank, and the money will continue to be a means of no different to that now in use, the only experimental money and not further the circulating of such a state.

It would appear equally certain that the two systems, the old and the new, the capitalistic and the socialist, must continue to exist and compete with each other in a period.

I must hereby end this issue of scrip by the City of Calgary, and the Municipalities of other towns to give Municipality issuing scrip in arrangements were made for municipalities.

H. L. G. WORKS, Typ.

This Week's Toss Tiding

Mr. E. B. Fry has gone to Calgary for a month's visit with his daughter, Mrs. Ted Braun.

There is considerable sickness in the community, a number of children have the whooping cough, some have stomach flu and there are a few cases of scarlet fever.

Mr. and Mrs. Grant Van Hatten rejoice at the arrival of a baby girl born in Lacombe hospital Saturday, January 14th. Grant says there is no depression in his family.

Mrs. Abbe S. Cain, widow of the late James Cain, passed away Friday morning, January 13th, at 8 o'clock at the home of her nephew, J. M. Craik, in her 80th year, following a short illness of about ten days. Deceased was born at Franklin, Huntington County, Quebec. The funeral was held from the United Church, interment taking place in the Transcendental, a large number attending and the floral tributes were numerous.

CARD OF THANKS
We wish to sincerely thank our many friends and neighbors for their many acts of kindness shown us during Aunt's sickness and death, also for floral tributes.

J. M. Craik
Mr. & Mrs. J. B. Craik
and family.

Hockey

The postponed senior game with Grady on Allx will be played tomorrow night (Saturday) starting at nine o'clock. This is bound to be a real fast game. Come.

The seniors play Delburne tonight in that town. The juniors went down to defeat at Stettler last Saturday by a score of Stettler 8, Allx 1.

Mirror seniors will play hockey in Allx next Tuesday night.

To-day is the Annual Meeting of Allx Consolidated School District and no doubt you will have some grievances but remember our children MUST be educated. At least, give them the same chance that you had of holding their own, you owe them that much and if you have some of your own the obligation to others is just the same.

Mr. R. Whitfield has accepted an invitation from the
clubbers at his old home town, Crossfield, to take part in
their banquet on Tuesday and Wednesday next week.

A rink of Curriers, R. W. Pocock (skip), A. S. Bisset,
G. E. Lissack and Art Foster, motored to Stettler on
Tuesday last and played a 16-end game with the Eds rink
in an attempt to lift the Com-
mopolitan Trophy but they
lost out by one point. Score
Stettler 12, Alix 11.

Don't forget that the next
picture night in Alix will be
a big double header and that
the price is the same as al-
ways, 30c and 25c.

We note from the Red
Oxer Advocate that Mr. H.
J. Snell has been elected Pre-
sident of the Board of Trade
for 1933.

Alix Ratepayers Cut Expenses of School Operation

Mr. U. G. Marryat Returned as Trustee For Sixth Term

The Annual Meeting of the Consolidated School on Saturday last drew the usual large crowd and requested the regular number of bids for U. G. Marryat, chairman of the board, occupied the chair.

The reading of the Annual statement brought forward a number of enquiries. Why did the school ship in coal, why did they hire a lawyer for the Court of Revision, etc., but eventually was passed.

Mr. F. Pinnell asked what percentage of ratepayers had not paid their taxes, and wanted to know why the board had not seized the chattels of delinquents.

The inspectors' report on the various rooms were probably the best in years and gave each of our teachers a high commendation.

Nominations were in order to fill vacancy on board in north Alix. There were two nominees, Mr. U. G. Marryat and Mr. C. H. Cole. The ballot gave Mr. Marryat a substantial lead and he was accordingly declared re-elected.

The Board asked for a mandate from the electors regarding measures of economy.

Moved by S. Baker, seconded by F. Pinnell—That the board apply to the Department for permission to reduce the minimum wage for teachers to \$700 and that a \$300 cut be made on principals salary.—Carried.

Moved by C. Baker and M. E. Brown—That the school be refused to three rooms and that grades be shifted around as board see fit.—Carried.

Moved by M. E. Brown and E. M. H. Parley—That outside people be refused from attending school, provided however that if they pay the difference between present fee and actual cost, they be permitted to attend.—Carried.

The offer of Secretary W. L. Patten to do the secretarial work for 1933 at a salary of \$1 was received by expressions of appreciation.

Hockey

On Thursday of last week Alix seniors put up a good fight at Stettler against the Johnny Walkers but dropped a 3-0 decision to that team. The locals found it an impossibility to score on McCurrie who warded off every Alix attack to perfection.

Delburne was the squire of a fast game on Friday last when Alix seniors with a few men from brought home the bacon by a 1-0 score. Frank Brooker scored the Alix tally from the Delburne blue line in the second session.

Gasday and Alix seniors staged a fast and cleanly contest game in Alix Saturday last to the delight of a large crowd of fans. The score, with no overtime, ended 2-2. H. Price scored the first goal in the initial period and F. Brooker shot home the second Alix counter in the next end, while Gasday was unable to connect, but in the final period they opened up and tied the count.

On Monday night of this week Alix Flyers met their Waterloo when the Stettler Juniors administered a 11-4 defeat to the local boys. Play was fast at times but the locals were out-classed from start to finish. Wells scored twice for the locals, F. Henry once, and Kay Wilson once.

The Stettler Johnny Walkers will play in Alix on Saturday night, January 28th, at 8 p.m.

Big Valley seniors played on Wednesday night in Mirror, score Mirror 3, Big Valley 1.

Coping Moles

Monetary Reform Inevitable

Editor Alix Free Press

The above is a movement which will bring into force a co-operative commonwealth in the very near future. Side tracking the more serious action liable to result from a prolonged acute depression. The present financial system has ceased to function so far as the producers are concerned.

In analyzing the reasons why we are placed in the position where we cannot obtain the actual necessities of life at a time when there are more of these necessities than we can consume, it is not obvious there is something responsible for these social conditions something which is obsolete and therefore must be replaced. The necessities we produce are not obnoxious, they are products which we cannot dispense with. So we must look elsewhere for the trouble. Which brings us to this deplorable state, and that is the present medium of exchange which is responsible for depression, crime, poverty, war and such unnecessary acts which are a detriment to our civilization.

Previous to gold, silver was utilized as a medium of exchange, but on account of silver being too common and easier to procure it was necessary to have a more precious medium of exchange so that the exploiting class could build up profits for themselves which would be hard to duplicate on account of scarcity of that metal, thus placing capitalism upon a secure footing for all time in their estimation. They did not take into consideration the advance of our productive machine, including the multiplicity of the human race and therefore were placed in the position of having themselves gold to act as a medium of exchange, accumulating a new medium of exploitation. Thus paper came into force with a mis-represented gold value by which it. The capitalist class realizing a great opportunity was thrust upon them in fact on workers a fictitious medium of exchange with actually negligible value for production and bringing

expulsion to its highest point of exploitation it could attain. We are therefore placed in the position where we must repudiate the medium of exchange offered us by the capitalist class.

Next week I will deal with gold, paper, bonds. Govern most deplorable, etc. that is with the co-operation of our Editor.

J. W. Sissons

Bridge Party February 10th

At the Rubeah bridge party on Tuesday night there were ten tables of players which included a number of visitors from Tux, the prize going to Mrs. L. H. Gehlbart of Tux and Mr. A. A. Davis of Alix.

The next bridge party will be held on the evening of Friday, February 10th, in the school under the auspices of the Alix junior hockey club to which all are welcome. Playing at 8:30, admission 35c per person which includes supper.

Will Inside Near Lacombe

We learn with the deepest regret that we are about to lose a highly esteemed family from our midst. Mr. and Mrs. A. Fischer and family, who have resided among us for several years. Mr. Fischer has rented a farm near Lacombe and will leave there next month.

We are told that Mr. Van Eaton from near Tux has rented the Goddard farm east of town and will move his family to their new home shortly.

We understand that Mr. W. Gilbert has rented the Heasted Lake ranch.

Both Wife Ties We Again

Mirror and Alix seniors caught on our last Saturday night and the locals took the visitors into camp by a 4 to 1 win.

The juniors put up a snappy game in the return match with Lacombe last Monday night on Alix ice and won a easy victory by a 4 to 1 score.

Children seniors meet the locals on Alix ice tonight (Friday) at 7:30. Come and see the game and stay for the dance after.

"Young As You Feel"

Evening clothes, topper, case, hoodlums; not the Prince of Wales, but the Rogers, and that's just what he wants is the Fox Fur coat, "Young As You Feel", which shows at the Legion Hall, Alix, on Wednesday, February 8th.

But don't laugh now. Save your giggles, 'cause you're going to meet every one of them when you see Rogers change overnight from an old dock of the stock yards to a modern playboy of the night club. He's more wiry, more powerful than ever and he'll shake you loose from your last litter.

If you thought Will was funny in bobby trousers, or in his galvanized derby, wait till you see him in spots. And wait till you see Fildorsey, and Lucian Littlefield who lead the supporting cast, which includes Donald Dillaway, Terrance Ray, Lucile Brown, Rosalie Ray, C. Henry Gordon and Braden Hunt among others. "Young As You Feel" is by far Rogers' funniest.

Mr. and Mrs. A. E. Herz were visitors in Edmonton a couple of days this week.

Mrs. Carlson and little daughter of Wetaskiwin are visitors at the home of Mr. and Mrs. W. D. Clark.

The Cosmopolitan Trophy cup returned to Stettler on Thursday last week when a risk from that town beat the Johnson force. On the following Saturday a new shipper by Mr. G. Linack went down to again try to lift it but were unsuccessful.

Frank Braxton and his "Glorians" play for a dance in Delburne on Friday, the 10th of February.

In The Graduation Class

Of interest to the community are the announcements from Astoria, Oregon, U. S. A., of the graduation from high school, in that city of Miss Marjorie Wade Bullivant. Marjorie was born in Alix and is the daughter of the late Stanley Wade Bullivant and Mrs. O. F. Timp.

Miss Bullivant wore the regulation cap and gown for the ceremony, later appearing at the reception for the graduates in a dress of wine colored georgette and cream lace.

Marjorie has been residing with her aunt, Mrs. S. H. Gaudier, in the States for the past year and 8 months. Her plans for the future are indefinite as she may have to return home on account of the serious illness of her mother.

Shop Market

A quiet wedding took place at the home of Mr. and Mrs. E. Malott, Tues. on Saturday, January 28th, when their eldest daughter, Frances Elizabeth, was united in marriage to Robert B. (Bo) of Mr. and Mrs. F. P. Shady of Bashaw. The ceremony was performed by Rev. W. Leard of Chilo.

After a most honeymoon the happy couple will take up their residence at their home on Bashaw. We join their many friends in extending congratulation and best wishes.

Another Peace Calling Up

Under the auspices of St. Paul's church, a double social evening, dancing in the Legion hall and auction bridge in the Odd Fellows hall, Alix, on the last Friday of the month, February 24th. The card party will start at 8:30 and dancing at nine with music by the "Glorians." Admission to both is per person which also includes supper. Come everybody and have a real good time.

The U. F. W. A. will hold a Valentine dance at the Bashaw on Saturday, February 18th, in Mr. Peacock's ice cream parlor.

The regular monthly meeting of the Lacombe M. D. council will be held tomorrow (Saturday) in the secretary's office at Alix.

Tuesday of next week is St. Valentine's Day.

Local Birds

Bridge party tonight (Friday) in the school under the auspices of the Alix junior hockey club. 35c per person which includes supper. Come and support the lads.

Born - Near Alix on Friday, January 3rd, to Mr. and Mrs. H. Parby, a son.

Mr. E. Parby has rented the W. H. Macdonald farm west of town and will make the change of residence sometime next month.

Fipping the little black pill for three counters, our junior hockey team played to a win at Gadsby on Saturday night of last week, giving their opposition two goals in return, that in Frank Henry scored one for them and they scored one. The boys claim it was a real good match but a little rough. Frank Shelby scored all three goals for Alix.

We understand that Mr. E. Cornack has rented the E. M. H. Parby farm west of town which will be in conjunction with his own place.

Mrs. E. M. H. Parby left Monday morning for Edmonton to take her seat in the Legislature which opened yesterday. She was accompanied by Mr. Parby who we understand, will remain in the city during the session.

On Friday night of last week the seniorist handlers from Erasmie came up and did battle with the Alix in bounds, but once again the local team won out, score Alix 2, Erasmie 1. The farm weather had made the ice a little soft which slowed up the game considerably. Frank Shelby and Gordon Whitton scored the Alix counters.

Mrs. J. Chel left Tuesday to visit for a few days with her daughter, Mrs. Parker of near Lacombe.

Miss Louise Brown has gone to spend a couple of weeks with her friends.

One battling two-ton walrus in the Arctic! Trapping fur-bearing beasts in Siberia! Stomping wild beasts in Africa! Braving the dangers of forbidden Tibet! Fighting wild Asiatic elephants in India! Defying death to save the world from a China! In "Explorers of the World" showing in Alix on February the 22nd.

We are sorry to learn that Mrs. J. Brown is again confined to bed, and is in a very critical condition following a gastric probe.

Thank goodness February has but 28 days. If all else to be like this week. The mercury went to 28 below zero with a bitter north-west wind.

THE VOICE OF THE HOCKEY WORLD

Dear Sir:

It has been suggested that we form a Sunday Club, non-political and non-sectarian, for the discussion of any matters which are before the people today, and I am heartily in accord with the movement.

An undoubted fact is that the gathering would be held on Sunday at an hour which would not interfere with any church service, when a speaker from a near by town would be brought in to discuss with us some present subject arranged for in advance. We are really out of date with outside view points and I believe a get-together of this kind would prove of real educational value. Of course, there would be a small expense and to meet this I would suggest that not less than fifteen get together in the club. How about starting right now for March and April with a recess for summer and opening again say the first of October?

Yours for progress,
A. Stuppert

to better their products with Alberta farmers in exchange for farm produce.

With a shortage of money in the rural areas, it is natural that a system of barter be established. It has already been suggested that this be done in the form of a barter bank.

If farm products cannot be marketed profitably through regular channels, one cannot blame farmers for ignoring the middleman and going directly to the producer, offering their commodities in exchange for something needed in their own homes.

There is every indication that this system of barter will grow at an increasing pace within the next few years unless some major or artificial stimulation is given to the production of goods.

With a shortage of money in the rural areas, it is natural that a system of barter be established. It has already been suggested that this be done in the form of a barter bank.

If farm products cannot be marketed profitably through regular channels, one cannot blame farmers for ignoring the middleman and going directly to the producer, offering their commodities in exchange for something needed in their own homes.

There is every indication that this system of barter will grow at an increasing pace within the next few years unless some major or artificial stimulation is given to the production of goods.

Railways Our Greatest Industry

Montreal, February 16th.—"It is unusual for the railroads to be so much in the news," said Alvin P. Fraser, K. C., Acting Vice-President of the Canadian National Railway, in reply to the toast to the railways at the 50th annual dinner of the Canadian Railway Club of Montreal on February 4.

"At the same time," said Mr. Fraser, "the railroads in this country represent the greatest industry and opportunity for devoted public service. Without the railways and the roads, there could have been no Canada, and we urge you not to forget that fact. Pay no attention to the prophets of gloom and, above all, don't let them destroy your railroads. If you do it will be disaster for generations to come."

"One I mentioned by the name of the railroads still has a silver lining." The railway Club dinner was attended by railway men and representatives of industry, commerce and the public.

Banks are reducing interest on deposits, how about a line operation on loans?

Then there was the Aberdeen who was so mean he wouldn't even entertain a doubt.

Why should Japan think of giving up her membership in the League of Nations? She seems to be able to fight as well within the League as without.

When he sprang that division then that splendor of Vickers knew what was going to happen, so he did.

Old boys have playthings as well as young ones, the difference is only in the price.

ment will consist of cards

Pancras church when Rev.

Death of Mrs. George Lison

Our citizens will regret to
learn of the death of Mrs.
George Lison, who passed
away at her home in Carstairs
on Thursday of last week
following a long illness. Up
until three and a half years
ago the family were residents
of Alix, Mr. Lison being in
charge of the Alberta Lumber
Company's yard. She is
survived by her husband
and two small sons. The
funeral took place on Satur-
day.

A Double Accident

On Saturday last, while
working along his tractor,
Mr. A. W. Mattie had the
misfortune to have his right
hand and wrist badly crushed
and as a result, he will be
laid off work for some time.
His neighbor, Mr. George
McMurray, started for town
with the injured man in his
car and coming up the grade
on the highway about two
miles east of Alix, they upset
into the ditch when the steer-
ing wheel refused to function
in rounding the curve. Fortu-
nately no one was injured
but the front end of the car
was badly twisted.

The last few days of clear
sky and hot sun has encour-

and appearances would indi-
cate that it won't be long till
winter has really fled. The
gravel highway east and west
is almost dry and motoring
is once more a pleasure.

Calgary this week attending the
annual sale.

Mrs. J. W. Sims left on
Thursday for her home at
Kinaberry, B. C., after visit-

Wedded At Calgary

A pretty wedding took place in Knox United church Calgary, at 8 o'clock on Saturday evening of last week when Miss Hazel McLellan of that city was united in marriage to Mr. Frank Brooker of Alix. Rev. Dickson performed the ceremony.

The young couple arrived in town on Sunday and have taken up residence in the Walker house on Todd Ave.

Co-night At The Legion Hall

Don't fail to take in the program being put on to night, Friday, March 31st. The Gadsby Lake Players in Legion H. Alix, starting at 8:30 p. m. sharp. This will be the third presentation of the program by the two previous performances that come highly recommended. Remember, there are two plays, "The Bathroom Door" and "Vindication" a full evening's entertainment for adults 30c, children 15c.

Some Signs of Spring

Muddy roads.
The school girl with her skipping rope.
Constable Bob Marks on the lookout for 1932 licenses.
The boy carrying his baseball bat and glove.
The appearance of the goose-pert.
The morning sun bathing on the west side of our Main street.
Garden seeds on display.
Flies of aspen and other rubbish in the back yards awaiting the clean-up man.
Mud puddles and hiddy ends.

Among the picturesque street scenes to be found in St. George's, the ancient capital of Bermuda, remarks Canadian National Steamships, are Old Maid's Alley, Shilbourn Alley, Featherbush Alley and Tinias Alley.

POINTED PARAGRAPHS

The darkest hour is only sixty minutes.
Why not try the upshot if he outlook is poor?
Few men cut their wisdom teeth until after they get married.
Men need higher moral courage than they need higher forebears.
"Woman's work is never done"—wherefore she should never be a bill collector.
It's well enough to be up-to-date, but it's foolish to borrow trouble ahead.
The larger some people live, the more unpopular they are with themselves.
Men take opposite sides on every question, but (as majority are) on the outside.
Be not the trumpet of your own praise.

CHINESE WISDOM

A clever man turns great troubles into his own, and little troubles into some at all.

He is equal to any task that can submit on cabbage stalks.

Karp company with good men and a good man you'll learn to be.

To perfect diligence nothing is difficult.

A man without a smiling face must not open a shop.

Evil conduct is the root of misery.

A rash man provokes trouble, but when the trouble comes is no match for it.

Asking people to give us all it hurts, says a very close observer, has created the lot of our citizens any extremely sensitive to pain.

'The Man Who Played God'

Playing before a king, as Geo. Arliss does in "The Man Who Played God" showed us Legion hall on April 4th, his latest Warner Bros. picture, is not a new experience for the actor. Arliss has played stage roles with King George V. of England in the wardrobe and has worked as expert of action line on the formalities and general atmosphere of such a scene.

Mr. Arliss played one of his best known stage roles in King Lear. It is only since his talking pictures have been shown in his hometown that the name of Arliss has become as famous there as in America. However, he did play "The Man Who Played God" in his first year in London as King George the most famous of many distinguished characters in his audience.

Arliss knows that tension, excitement and drama is involved in such a event. He has profited by the experience in planning the "King" sequence of "The Man Who Played God."

News Of General Interest

Mrs. G. A. Thompson of Calgary has been spending the past few days a guest at the home of her sister, Mrs. A. May.

Mr. J. B. Sorenson's sale on Monday was well attended and everything brought top prices. Mr. Sorenson has received his farm to his nephew, Imer Sorenson, and will take up his residence in Mirror.

We learn that the place being vacated by Imer has been leased by Blake Dorvill.

Spring must be here for the gopher has appeared. The next big picture showing in Mirror is a Liberty 4 star production "Silver Dollar" starring Bette Davis and Edward G. Robinson on April 12th.

The Gadsby Lake players with their program were greeted a most appreciative audience on their appearance here Friday last week and the universal opinion was that it was one of the best programs put on in our town for some time.

Good Friday is two weeks from today.

The district meeting of the L. O. O. F. will be held in Mirror on Tuesday, April 11th.

The next regular meeting of the Larverson Municipal council will be held in the secretary's office at Alix on Saturday, April 28th.

First Hobo—"I feel just like a naughty dapper today."

Second Hobo—"How come?"

First Hobo—"A brakeman made up with beans from a side kick last night."

"Alix how would you like a new dog?" asked a local lady while a tramp appeared at the back door for a bite to eat.

"Well, it all depends whether it is lamb, pork or wood roasted in the trap."

Of Churchill Very Moderate

Owing to natural breakwaters the cost of operating and maintaining the port of Churchill will always be moderate. Whether the traffic be heavy or light, D. W. McClellan, vice-president of the Hudson Bay Corporation, told the Empire's latitude of Ottawa at the concluding session of the annual meeting at Ottawa.

Natural breakwaters or jetties at the entrance to Churchill harbor, he explained, direct the tidal currents

The expenditure to date chargeable to the Churchill development amounts to about \$12,372,884, stated Mr. McLachlan. WHICH work still to be done the cost on completion will be about \$12,800,000. The net cost, according to Mr. McLachlan, would scale down to \$12,500,000 if the dredging plant can be sold for half its original cost and if allowance is made for 50 percent of \$200,000 to be made through

The further work required to complete the initial developments at Churchhill, Mr. MacEachron said consists of one season's dredging with one dredger; an additional season's work in connection with overring the water supply pipe; a small amount of work connected with water supply intakes; extension of elevator tracks; and some further sheetpiling of the face of the deep water dock.

The water supply of Churchhill will use one of the various features of the de-

Recreative ships and coming in general was a difficult matter so there were no boats of any size. The plan adopted was to construct a wharf at Greasy Slough, three and a half miles from the dock, having a capacity of 17,000,000 gallons. A pumping station and tank were provided and a 30-inch pipe line carries the water across the country to another tank within the township of Churchill.

**Pete Canadian Exporters On Equal
Footings With Competitors**

The United Kingdom agreement, now ratified, puts Canadian cattle exporters on an equal footing with her competitors in the British market, for the first time in thirty-seven years. The segregation of steers from fat cattle moving on export is no longer required. Fat and store cattle are allowed to move freely to inland ports, with the understanding that female cattle must be of a quality and type satisfactory to the Brit-

breeding is no longer required; the period of isolation has been reduced to one clear day; and a veterinary officer is no longer required to accompany the cattle on the ocean voyage. Practically Burns Itself and Extinguishes Its Boiler Fire

The Super-Mountain, declared to be the most powerful railway engine in the world, has just been completed at the works of the French State Railways in Sotteville-les-Rouen. It will develop 3,200 horsepower. The engine practically runs itself, nearly all control being automatic. It even regulates its boiler fire with requisite amounts of oil and steam economy.

The latest organ in the world is in a cathedral in Liverpool, England. The instrument has five rows of pipes, 333 draw knobs, 166 stops and 100,000 pipes. It is played by electric-pneumatic action, the mechanism being driven by motors with a total of 24 horsepower.

Mr. T. Main of Nevis, agent for the North Star Oil Company, informs us that his company is arranging for a site on the C. P. R. and will make Alix its central distributing point. A large warehouse will be put in with office accommodation and in all probability tanks will be installed before long. Just at present Mr. Main will not move his family here owing to the fact that he runs a hardware business at Nevis. We welcome this addition to Alix business.

55 Years An Odd Fellow

A pleasant feature at the regular meeting of the Odd Fellows Lodge on Wednesday night was the presentation to Bro. R. F. Sanderson of a 55 year jewel. Bro. H. G. McPherson of Vulcan, Grand Master of the Grand Lodge of Alberta, giving the address and planning the emblems on the vesture. Initiated in Gray Lodge, Ontario, Bro. Sanderson has been a continuous member of the order, transferring to several lodges in the west and was instrumental in instituting Alix Lodge No. 34 of which he is a charter member and it was a great pleasure for the local members to make the presentation.

At the close of the meeting the company, including the members of the Rebekah Lodge, sat down to a banquet at which the several toasts were proposed and replied to. Mr. W. L. Pettie acting as toastmaster.

Mr. and Mrs. W. L. Pettie made a most trip to Edmonton on Tuesday, Mrs. Pettie going up to interview an eye specialist.

Changes To Run Jittery Dances

The "Glorious" orchestra have rented the Alix Agricultural Hall for the summer and inform us that jittery dances will be run two nights each week, Wednesdays and Saturdays. The floor has been cleaned and repapered to a real finish, the floor has been enlarged by the removal of the office and when the decorating is finished you may look for a real pleasant spot in which to spend an enjoyable evening. A booth will be added to dispense soft drinks, ice cream, etc. We understand the grand opening will be on Wednesday, May 10th.

Local Birds

Miss Pearl Housen spent a most a jocular time while visiting with friends at Haynes from Monday until Saturday last week.

While in town last week Mr. W. E. Mitchell from Lloydminster disposed of his farm south of Alix to Mr. D. Shaler of the Hanna district who is moving his family to the new purchase within the next few days.

H. J. Bond, eight specialist will make his regular visit to the Nelson Hotel on Friday, May 19th. Phone to the hotel for appointment.

Mr. Sims from the Hanna district unloaded his farm chateaux at the C.N.R. last Saturday and has moved onto the Papiasau place west of Alix.

Miss Margaret Koon, teacher near Red Deer, returned to duty on Sunday after a week's holiday at home.

W. Prouse informs us that his car of wheat went one better than we stated last week, grading No. 1 hard. This is the first time we have heard of the top grade being awarded in our locality.

Miss Audrey Bussell left Friday of last week to visit for several weeks with her cousins, Miss Yvonne Hunter of Sand.

That Alix and district has real talent was once again undeniably affirmed on the presentation of "Sweet Lavender" to a capacity house on Friday night of last week. The three act comedy was full of amusement and the casts was in every particular capable of putting it over. They are putting on the play in Babine tonight and we understand that Lacombe will claim their attention at an early date.

Mrs. W. L. Peltier went to Edmonton on Thursday where she will take treatment for a couple of weeks from her specialist.

Organize School Ball Team

The Alix high school baseball team has been organized for the 1933 season. At a meeting held on Monday afternoon the following were appointed as the executive: J. Tallent, manager; J. Pearson, captain; E. Clarke, secretary; Pat Hurly and C. W. Gutter. The boys have been working in some practicing and expect to stage a game in the near future.

Village Rate Same As

Last Year, 12 Mills

The Village council held its
regular monthly meeting last
Monday evening, also sitting
as a court of revision on the
1933 assessment.

There was only one kick
on Assessor Sanderson's
work, the C. N. R. council
instructed the secretary to
write the company that the
objection could not be entertained
or a change be made in
the assessment.

The following accounts
were then passed for payment:

St. Joseph's hospital	\$45.00
Edmonton Undertak-	
ing Parlor	23.00
Edmonton cemetery	18.00
B. E. Todd	8.85

The secretary reported the
receipt from the Imperial
Lumber Co. of a cheque covering
the taxes on the Paisley
block.

A letter was read from the
W. I. offering their service
in any beautifying work to be
done at the cemetery. Their
offer was thankfully accepted and
the council decided to pay
God's acre a visit to lay
out a plan of work.

The application for renewal
of his restaurant license,
made by Mrs. Walker, was
approved.

The secretary was instructed
to forward the council's
85 membership fee to the
Union of Alberta Municipalities.

The secretary reported the
total village assessment as
\$124,547.00, a trifle under
last year, but the board will
practice economy and left the
rate the same as last year, 12
mills.

A letter from the Union of
Alberta Municipalities stated the
convention would be held
in Calgary on the 26th and
29th of June.

The Court of Revision on
the school assessment will be
held at the June meeting.

Mr. C. Walker was given
permission to use vacant lots
for garden purposes.

The dog license was left
the same as last year, dogs
\$3, females \$5.

Mrs. C. T. Brown and
F. A. Strach interviewed the
council with reference to a
provision for having milk
cows tested and the issuing
of licenses to vendors. After
a long discussion, the board
gave the opinion that the
cost would be more than the
benefit and the matter was
tabled for the present.

The meeting adjourned.

Useless Monard

Following their sale on
Saturday of last week, mem-
bers of the Ladies' Aid took
the opportunity to present
the monard, Mrs. F. R. Mit-
chell, or Grandma Mitchell
as she is known by her host
of friends, with a remem-
brance of her 76th birthday
anniversary which she would
celebrate next day, Sunday,
April 30th. It came as a
complete surprise to Mrs.
Mitchell who has always been a
valued member of the Aid.
By the way she must now be
addressed as great-grandma.

SPECIAL plans are being
made at the Alix White
Lunch for Mothers' Day.
See next week's paper for
menu.

"What Are You Going To Be"

"What are you going to be
when you grow up?"

The eternal question to
children and young people
throughout the ages. Soldier,
sailor, tailor — etc.

Today it is more of a ques-
tion than ever. It is not just
what I want to be, but what
can I be, what fields are
open to me, where will I
fit, what chance is there of
finding some corner where I
can be of use to others, and
find something to do in which
I can find satisfaction. In
these days of over-crowded
trades and professions there
is no room for misfits. There
is plenty of work to do, but
there is no long time for
the aspirant to get in round
holes, and vice versa.

In the hope that it may
help at least some young peo-
ple who are arriving at the
parting of the ways and whose
problem of a life work or oc-
cupation is still undecided, a
Vocational Guidance Day will
be held in Alix on Saturday,
June 3rd, sponsored by the
local U.P.W.A., to which all
young people of the com-
munity, town and country, are
most cordially invited. In
the afternoon it is planned to
have some short practical
talks by local business men
representing some of the var-
ious trades and professions,
with a free discussion. In the
evening, at an open meeting,
Mr. E. A. Corbett of the
Education Department at the
University will speak on
"Vocational Guidance."

A late count revealed 1,000-
800 American women gainfully
employed.

Our farmers are on the job
every day and making of wheat is
progressing rapidly.

LATIN PROVERBS

Things beyond our reach are not worth our consideration.

Virtue is as good as a thousand children.

If the wind will not serve, take to the sea.

Treat not too much to an exulting feast.

Fortune favors the brave.

No duty weighs the side.

There are games in which it is better to lose than to win.

No day should pass without something being done.

The world is too small for the cravens.

The giver makes the gift precious.

His who does not advance recedes.

A teacher, instructing in class in composition, said "the old thought any thought of money, he is a failure and a weakling."

The following day a bright angel appeared in the following: "We should not allow any thought of money to enter into us. In no man is there any strength, power, heart, love, hope, joy, peace of mind, peace of soul, peace of body, peace of spirit, peace of mind, peace of soul, peace of body, peace of spirit."

"Sometimes I don't sleep for hours at a time."

"Thanks for these kind words."

MOTHER'S DAY

Lacking the alloy of mother love, humanity would shatter of its own cold bitterness. Were there no motherless, how would break his sword across his knees and become a soda jerk or a trade avenger, for mothers have a way of making Peck's bad boys grow good. As it is, wherever is warm, mother or sweet in this world traces back to motherhood.

We who were fortunate in having mothers who were not taken from us by society, by storms, by factories, by twisted ideas of philanthropy, or by the grim overseer of Sisy, gratefully salute our mothers—all mothers—on Mother's Day, fervently, reverently, and these among us whom circumstance robbed of mother surveillance gladly do honor to Motherhood as they would to temples divine.

It is well that we wear flowers on Mother's Day, for flowers are the petal perfumes from the gift-box of that other mother, Nature—gentle breaths of sweet from sweet meadow bosoms, paying quiet tribute in soft vowels of love.

Obituary

Word reached Alix last Monday from Calgary that a longtime resident of Alix, Mr. John Cunningham, had passed away Sunday evening at his residence 1518 11th street west, at the age of 51 years.

Deceased was born in Galston, Scotland, 21 years ago came to Canada and for three years resided at Alix prior to going to Calgary where he has spent the past eighteen years as freight checker for the C.N.R.

The funeral took place on Thursday, interest being made in a Calgary cemetery.

Sincere Appreciation

To all my old neighbors who demonstrated their kindly feelings and sympathy for my wife and myself by putting in a crowd, I extend my sincerest thanks. In fact I do not know how to sufficiently express my feelings for this neighborly act. I expect to be home from the hospital not later than Sunday.

Again thanking you,
A. E. Ralston

The Alix White Lunch is putting on a special Mother's Day dinner on Sunday next with all the good things obtainable at this season. Be sure to share in this treat and give mother a treat.

Alix Agricultural Society To Sponsor Junior Live Stock Clubs

While it will be impossible for the society to offer cash prizes for the usual fall fair of exhibits, it is their intention to concentrate on a real Junior Fair. With this in view they propose to offer prize in classes for beef calves under one year, cared for, trained and exhibited by boys and girls of the community. Classes for dairy and dual purpose calves will also probably be added along with hog and lamb classes. The Dominion and Provincial Departments of Agriculture are contributing much of the prize money paid, the local society to find the other third of the prize money under their supervision, and there are further attractions to the prize winners in the form of trips to Brandon and possibly the Toronto Royal Show.

On Saturday, May 27th, at 2:30 p.m. Mr. W. J. Elliott, of the Provincial Department of Agriculture will address a meeting to be held in Alix regarding the Junior Live Stock Clubs. All boys and girls between the ages of 11 and 20 years, along with their parents, are cordially invited to be present at this meeting and to assist the society in their plans for this year's fair.

Any boy or girl of the above ages interested in the forming of a swine, calf or sheep club, get in touch with W. W. Gorman or Bob Whitfield as early as possible.

Dear Mother

Remind Monday is May by Mother Day
 Day
 And what mother and son do
 But to be in the land
 Although she is not here
 In a lovely spot
 In a graveyard many a son
 I would love to see place some
 flowers
 On this Mother's Day
 And hand out my prayer
 For a mother who was once there
 For as the days are lived
 The week in the land she lived
 Nobody knows that a word is
 said
 A mother can feel and see
 That they have a little child
 Come creeping up to their knees
 With a sweet smile that will fill his
 And from her arms baby hands
 March out to you to talk to him
 Then you really understand
 Why Mother's Day is not made
 As you are should all others
 For nobody knows the love
 That a mother really deserves
 Nobody knows the work it makes
 To keep a home together
 Nobody knows the love it takes
 Nobody knows but Mother
 Nobody knows of children's love
 Which knows only mother
 Nobody knows of tender prayers
 Nobody says a mother
 Nobody knows of the nation's love
 Lost during may not weather
 The storm of life in after years
 Nobody knows but Mother

Country and City Prices

Mr.—In answer to a letter written to your paper by a subscriber who signs his name as "pushed," who is trying to compare city prices with country prices, I might be able to solve the problem for him. He comes to be one of our main order friends, and no doubt is watching the special ads that are in the papers. Let him go to a week later and see what he will pay for the same article. Some of his kind think just because a store will put out a few leaders each week that they should always sell at the same price, and they will expect their country store to sell at the same price. And no doubt he will ask his country store to give him credit on the same goods, saying he will pay him next fall. He will have to wait for that kind, they are always saying how much cheaper they can buy some place else and will send their money away. But let the same "pushed" get a little short of money and he will come knocking back to his little country store asking for credit. Does your city store give you credit when you are short of money? No. That is one reason why the wife of a country storekeeper working in the store. And when it comes to collecting the store account, why, it is insisted if you ask him for a payment on his account, and no doubt goes to some other country store and gets a new credit, until he gets a little money to send away, leaving his little country store with a bill until fall. Now "pushed" if you think the country store is making so much profit on their goods why don't you start a country store? I am sure you can find lots of country stores for sale. If "pushed" I will agree with you in regard to the staff of the country store. It consists of the owner, his wife and a hired man or a girl. You see we have cut down expenses by having our wives work so that we can give your kind credit when you haven't money to send to the city. The city storekeeper does not have to have his wife work in the store because you send him your money. And you ever try walking into your country store with \$20 or \$100 cash and say what will you do for me on an order of that size? If you haven't, try it once and then compare prices. You think nothing of sending a \$100 order to the city or to your mail order house, now, the country store.

Business Provins

A fair exchange brings no quarrel.
 Bad news is never cheap.
 Business makes a man as well as iron him.
 Business neglected is business lost.
 Dispatch is the soul of business.
 Everybody's business is nobody's business.
 One cannot live by selling grapes for words.
 Business may be troublesome, but idleness is pernicious.
 A good customer won't change his shop, nor a good shop lose its customer, once in three years.
 A man who shies at a good or thought, will not get much anxious after thought.

GETTING THE LOW DOWN ON DEPRESSION

Abolish knowledge I have none, but my own's worth more than a man's.
 Harold's politeness on his best, say to a laborer in the street that he had a letter just from you.
 Written by the House of Commons.
 From a Chicago trade in Times.
 Who said that the Colosseum in Rome had a million and a half of people in it? Times says who got it straight from a street.
 That's a man in London heard the news from a gag of South American news.
 And some one said to the House of Commons.
 Who heard a man who claimed to have
 A well ordered Senate.
 When another in-late will under take to prove that his husband's sister's name has that is a political point.
 That she has a son who has a friend who knows when the Government is going to end.

Total production of Coal in Alberta for March was 104,000 tons compared with 111,000 tons in the same month of 1926.

NO ONE can deny a man the right to spend his dollar where he may choose. It is his privilege to make his dollar produce the utmost in value. The decision as to where that value is to be found is, whether right or wrong, his to make. A tip on how to make the dollar go farther is permissible, however, and we suggest that you think about this:

The **LOWEST PRICE** does not always mean the best buy. Comparative quality and many other things enter into the transaction. But let us take two identical articles—one here, at home—the other out of town. Let's suppose the out-of-town price is lower delivered to your door by 5c or 75c than the purchase you can make at home. But it is not the most economical buy. That money is gone for good; it will never return to you; whereas if spent at home—well, here's an illustration:

A **SHOEMAN** owes a butcher \$2.00 and gives him \$1.00, thus discharging fifty per cent of his debt. The butcher owes a farmer \$2.00 for potatoes, so he pays the farmer half his debt with the \$1.00. The farmer purchases a pair of \$2.00 shoes, paying \$1.00 down. The shoeman uses the dollar to cancel his debt to the butcher, the butcher to the farmer, and the farmer pays for his shoes. The shoeman has paid his debt, made a sale and still has his original capital. So have the butcher and farmer. That's **COMMUNITY** business. Three persons have made a profit on \$1.00 and it's still in the community to make more.

The Dollar That Goes The Farthest is The one that STAYS AT HOME

Chinese Proverbs

The great man is he who does not lose his child heart. A government constituted by sages would free the hearts of the people from servitude desires.

What the superior man seeks is in himself.

The virtuous are not pained by me, they are, natural. Good, and you will find them; neglect, and you lose them.

Superiority is the distinguishing characteristic of man. A dog is not considered a good dog because he is a good barker. A man is not considered a good man because he is a good talker.

Learning, unattended by thought, is labor lost; thought, unattended by learning, is perfum.

Grady Lake district north

then, the thirteen-year-old

mediately.

out, he drove to Tuen, only

had boarded a freight and
was away. Getting the Wes-

Auto Protection Increases June 1st

After June 1st absolute protection will be provided for
the injured parties in motor accidents as a result of an
amendment to the Alberta Insurance Act, passed at the
last session of the legislature. "For the insurance com-
pany it is a case of 'pay 5 and not afterwards.'"

Up to now, insurance companies have denied liability
in cases where alleged misrepresentation was involved. If an
automobile was damaged or a person injured and it was
proved that the driver was intoxicated, or misrepresenta-
tion was made in the policy, the company could refuse to
pay claims. This left the insured the alternative to sue
the company or drop the claim.

Under the new provision the company is bound to pay
the claim but has the right to sue the insured with a view
to securing judgment for the amount paid, in cases of
intoxication or misrepresentation. The liability of the
company under the new provision is limited to the \$5,000
and \$10,000 policies, insurance was sold. Amounts over
these are not affected. Insurance companies must now also
pay if the car is driven by someone other than the owner
with the latter's consent.

It will be necessary for the companies to issue new
policies on all insurance written after June 1st. There is
no on these dates will run until the expiry June 1st.

Red Cross Results

The Alix High School ball
team again played for a win
on Friday night of last week
at Bashaw when they took
that team into camp by a two
to one win. Bashaw 2, Alix 4.

Our seniors again lost out
to Bashaw in the game on
the Alix diamond Thursday of
last week. There was lots of
scoring, Mirror 10, Alix 5.

But the real game of the
season was soft ball between
the main team from the west
and west ends of town on
Tuesday night. Bay, it
was some game and proved a
win for the easterners 31 to
25. Line up:

BASHAW
Harry Stanton p. Art McNeale
Alix Blumher c. Bert Fraser
Dr. Jacques 1b. Wally From
Archie Ledger 2b. Bob Dwyer
Bob Leach 3b. Fred C. Casey
Richard Bird 4b. Poulie
Sid Sampaio 5b. Chuck Gustin
Harold McNeale 6b. W. Fraser
Jack Rye 7b. W. Gustin
Lugger-Chief Feldberg 8b.

The features of this game
were the scrobbic stunts by
our post master, the scrobbic
playing of the day promoter
and the home runs of Dutch
McNeale.

The handsome cup, generously
donated by W. Pascoe
was only presented by Mayor
McNeale. We understand the
rules governing the cup call
for twelve straight wins.
Second game tonight (Fri-
day) at 7.30 sharp.

Up 700 Cans Over Last Year

ALIX CREAMERY'S BUTTER
MADE LAST WEEK REACH-
ED THE 26 TH LEVEL.

The Meadow Creamery at
Alix handed 2600 cases of
cream last week, which made
52400 lbs. of butter, an in-
crease of 700 cans over the
same week last year.

Cream took a 5c drop on
Saturday last, showing that
the high level maintained this
season for some weeks of 19c
down to 14c.

The annual meeting of the
Central Alberta Dairy Pool
will be held in Alix on Wed-
nesday, June 14th, starting
at 10 a. m. and all members
are urged to attend and bring
up for discussion all matters
on which they desire explana-
tion. Immediately after the
meeting for entertainment
there is the regular picture
show, admission 25c and 15c,
followed by a free dance for
all pool members and their
families. Music by the Cleve-
land 5-piece orchestra and the
staff will serve a free lunch.
Falling in with the spirit of
the day, the Alix White
Lunch have arranged to serve
special 25c meals on the 14th.
Full menu next week.

Alix Will Celebrate

ketball, athletic events, etc.,

entertainment for all. In
the Agricultural hall a dance

School Mill Rate Unchanged

The regular monthly meeting of the village council last Monday evening was largely taken up with school matters. Sitting as a court of review, the board had three appeals to deal with, but they were not allowed and the assessment was confirmed.

The mill rate was left the same as last year, 19 mills, and it was decided to allow 10 per cent. discount on current taxes paid before the 15th of July.

A letter was read from the Department of Agriculture at Edmonton stating that the application of Mr. W. Wallace for assistance on the settlement plan, had been turned down.

The secretary reported the receipt of replacement trees from the McDonald nursery at Lacombe, and that they had been planted.

A letter was read from the department confirming the appointment of Mr. W. L. Pettit as village auditor.

It was decided to tear up the old board walk on west side of Niblock street and put down gravel.

The mayor was appointed representative to the Municipal Convention in Calgary on the 26th and 29th of June.

The matter of public works will be taken up at the July meeting.

Meeting adjourned.

Special Service On The 10th

On the evening of Sunday June 10th, at 7 p.m. in the Alix United church, Mr. Kent will hold a service, the subject of his address will be "The Oxford Group." Everybody welcome.

Legislation, Cows

We are pleased to note in the class of eight Graduate Psychiatric Nurses from the Ponoka Mental Hospital, the daughter of Grace Russell, daughter of Mr. and Mrs. C. O. Russell of Haynes. We are always pleased to learn of the successes of our young people and we join Grace's class of friends in congratulations.

The usual women's summer farm work will be held this summer at Olds School of Agriculture from July 31 to August 4. The usual meet at Vernon School will this year be combined with that at Olds.

Summer School Again

The University and Department of Education have decided again to hold the usual summer session for teachers at the University. The school opens July 3rd. Last year the attendance reached almost to the thousand mark. This year the school will include two courses in supervision, the first having been held last year with 50 registered.

ANNUAL MEETING

The annual meeting of the Central Dairy Pool will be held on Wednesday of next week starting at 10 a.m. and in the evening there will be the movie and a dance for entertainment.

Enjoyable and Educative

The educational afternoon on Saturday last, sponsored by the U. F. W. A., was surely one of the best ideas we have heard of, but if we might make a suggestion it would be this, that the next event of the kind be held on a school day and all children of the higher grades be brought together, for it is the greatest boy and girl who should have their evenings as ready for them when their school days are over.

However, there was a nice gathering and we believe the short talks by our laymen were thoroughly enjoyed. Mrs. E. W. Gurnack made an ideal elaborate. Mr. W. D. Clark spoke on banking; Dr. Warren on the medical profession; To Killen on politics and journalism; Mr. E. Gurnack on Agricultural Schools; Donald Murray on the Technical School; Mr. A. E. H. Hogg on mechanical engineering; Mrs. Warren on nursing; Terry Anderson on farming; Mrs. C. Hogg on home making; Miss Joan Sample on rural schools; Mr. Smith on education. Mrs. A. Hogg is an efficient manager gave the meeting a couple of realizations and Ben Hogg delighted all with his violin selection.

In the evening Mr. P. Anderson spoke on the wool question and Mr. E. A. Corbett of the University Extension Department, gave an interesting illustrated lecture. As we said before, it was too bad there was not more young people present.

UNIFORM GAME LAWS

More uniform game laws for the prairie provinces were urged at a conference of game officials of the three governments at Edmonton last week.

The new debt adjustment act of the province, passed at last session, came into force on June 1st. The amendment was made by Dr. Lore, chairman of the new debt adjustment board just set up.

Keep in mind the big celebration at Alix on July 1st and arrange to attend it.

Alberta Wheat Pool Financial

The Financial Post is of the opinion that the Alberta Wheat Pool's position is much stronger than that of the Wheat Growers and Merchants pools. In an analysis of the Alberta Pool's financial position, the Post points out that the balance sheet indicates a cash surplus of some \$1,000,000 and that there is a reasonable assumption that the provincial government appears ready to advance loans.

Congratulatory remarks are made regarding the method employed by the pool in presenting its statement, the summary being: "The very complete presentation of the pool has made public and the manner of their presentation, makes examination of the situation easy." It is also mentioned that the Alberta Wheat Pool is in a much better position than pool members to handle the situation surrounding the wheat growers and merchants.

Coming from a success at the Financial Post, which has never been so friendly to the wheat pool as the Alberta pool members should be encouraged over the situation surrounding the wheat growers and merchants.

Local Notes

Arrange to spend Saturday, July 1st, in Alix. Douglas Richards of Malmo has been a guest this week at the Chief home. Mr. and Mrs. Ralph Yarwood of Rosedale spent the week end at the home of the former's parents. At school yesterday they will leave by motor to spend the holidays with Ontario friends and at the Chicago exposition.

Don't forget to come to the Alix United church on Sunday evening at 7 p. m., when Mr. Kent will give an address on "The Oxford Group."

Over the week end four Alix fishermen (and when we say fishermen we don't mean they fished) were out on the lake and caught a good many fish. One of the fish caught at the lake was a large one. Sunday evening with all the Perch and Jacks they wanted. The party comprised J. C. Duff, B. E. Todd, F. Crowe and Jack Duff. A good time was had.

H. J. Snell, special specialist will make his regular visit to the Nelson Hotel on Friday, June 28th. Phone to the hotel for appointment.

Members J. R. Mackin, A. E. Hollings, T. Main, I. R. Doherty and Harry Price motored to Calgary this week to attend the sessions of the Grand Masonic Lodge. A round trip to Banff for \$4.50 was a bargain—see G. P. R. on announcement in this issue.

Miss Hazel McDermid, who has been on the telephone exchange here for several weeks, returns to her home at Lacombe this week end. Her place at the switch is being taken by Miss Pauline Gell who arrived in town on Thursday of last week and is staying with her sister, Mrs. Benson.

Mr. Art Linack left last evening for Mill Valley to work for a short time.

Pulling from a tricycle onto the cement sidewalk Tuesday afternoon, Korne, little son of Mr. and Mrs. A. E. Hollings, had two bones broken in his arm.

Returning from Lacombe on Saturday last, and when three miles out of town, one of the wheels on the truck drove off. The machine was considerably wrecked, but will get out of the mess next hour.

Spud 'Domestic Day' in Alix

The program is complete for a full afternoon and a glorious night at Alix on July 1st. Sufficient ball teams have been procured to make a good tournament and the boxing card at night is one of the best, while the jiving dance all afternoon and evening will furnish a good time for the young folk. Keep this date open for Alix and bring the entire family.

Mr. Harry Ford is in Calgary this week attending the sessions of the Masonic Grand Lodge as representative from the Mirror lodge.

Miss Eliza Miller is in Alix having taken a job as waiter in The White Larch.

Our second ball concert journeyed to Morinville on Sunday last and in a heat battle went down to defeat before the snappy team of that town. Score, Morinville 5, Mirror 3.

Don't miss the big dance in the Grand Theatre next Tuesday night, June 26th, with Benny Stark and his nine piece orchestra furnishing the music.

Elsewhere in this issue appears a notice of the tournament put on by the Gladys Lala Tennis Club on Sunday, June 25th. We are informed that some of the best players in Central Alberta are expected to be participating and the committee in charge will arrange that the final games be played off late afternoon and invite all interested in the district to come and boost tennis; make a day of it; get their meals at the court and support this rural enterprise. There is no charge for watching, and every consideration for the comfort and provision of non-players is being taken. But if you play ball or phone your entries as early as possible.

And the secretary informs that while he thinks some of the best players will be here, he knows for a definite fact that many of the WORST in the Dominion will be playing and argue good players and bad alike to enter.

Double feature on Wednesday next at the Grand.

Spread "Dominion Day" At Alix

Saturday of next week, lot of July "Dominion Day" is your day in Alix. Come in early and be ready for the initial game of ball at one o'clock. There will be a full afternoon of amusement for all, and remember the Gladiators and playing for a jinxed dance which will start at 2:30 p. m. and run to midnight. Then there is the boxing bout in the Legion hall at eight which is bound to be good. Listen, ladies, boxing is recognized as one of the clean sports and the bout in Alix on the 1st has been so arranged that an enjoyable evening is in store which you need not be backward in attending. The management wishes the ladies to come and assure them they will not be disappointed.

A refreshment booth will be on the grounds to supply candy, ice cream, soft drinks and hot dogs.

The Alix White Lunch and Alix Hotel are serving special menus for the day.

Carver Rings At One A. M.

Announcements to the Times Act, Alberta Gazette of June 15th:

"In any entertainment hall where dances are held, dancing is prohibited and shall not be permitted between midnight on each Saturday and eight o'clock a. m. on the following Monday, and between one o'clock a. m. and eight o'clock a. m. on each Tuesday, Wednesday, Thursday and Friday."

"Minors under eighteen years of age shall not be admitted to an entertainment hall where public dances are held unless accompanied by parent or guardian."

NEVER MORE HUMOROUS. NOR MORE HUMAN!

Patches on his pants-holes in his shoes—a song on his lips—just a tramp. Ordered to his daughter—heaved her sweetheart—and wandered on—happy in his service—chucking at his. Will Rogers with Marion Nixon and Dick Powell in "Bury My Heart at Wounded Knee" showing in Legion Hall, Alix, on Wednesday, June 28th.

A few more days and the mid-summer exams will be over and then two months of fun and frolic for the kids.

Successfully Defend Trophy

Taking the big end of a 13 to 8 score, the Alix High School ball team won the final game in the play-off for the McLean cup on Thursday of last week on the home diamond with Bashaw as the opposing team, and will hold the trophy for another year at least. This was one of the best exhibitions of ball in Alix this season and our side had to be on their toes all the time. Alix line-up: J. Peare p, F. Reuse c, Ray Wilton lb, E. Sargent 2b, S. Marni 3b, G. Wilton ss, F. Siddons rf, Rex Wilton cf, J. Henry lf. Scores by innings: Bashaw 3 0 0 2 1 0 0 2—7 Alix 1 0 0 0 6 1 1 4 2—11

Friday of last week was a hoc-dee in sport for the Alix participants. A team of softball artists (7) were trialed and advanced still at Neve, 1-16. The Stettler senior ball team came up, but all we had to show them was a pick-up team and what the visitors did to our town team would fill a big book. The score was something like 26 to 0.

A team of Alix men's soft ball players went up against a Hickling district team at that school Tuesday evening and won by a close margin—Hickling 15, Alix 17.

The return game with the Neve soft ball gang will be played this evening (Friday) on the Alix diamond.

The creamery and town soft ball teams met Wednesday evening and the butter makers took the game (23 to 11).

Clive and Alix senior baseball sides are scheduled to meet on the Alix diamond on Sunday afternoon at 2:30. Mark you, this will be a real battle.

The Erskine, Clive, Joffre, Blackfield and Alix ball teams will take part in the tournament at Alix on July the 1st.

Four Years in Prince Albert

Few guilty of having administered arsenic to his brother and sister-in-law, in quantities sufficient to cause previous bodily harm, Owen Blake, of Seasmith district, was sentenced to four years in Prince Albert penitentiary by Justice Ewing in supreme court at Grand Prairie on June 10th.

Describing the case as one of the most remarkable in his experience, the presiding judge Thursday dismissed charges of attempted murder and convicted the man on the lesser charge. He remarked that he was not convinced, beyond reasonable doubt, that Blake had planned to take the lives of his relatives. There seemed complete absence of motive, he said, and remanded the man to Friday for sentence.

College laid (arrested for speeding). "But, your honor, I am a college boy."
Judge: "Ignorance doesn't excuse anybody."

Aunt Sade and Uncle Hiram were sitting on the veranda one peaceful evening listening to the merry chirping of the crickets. "I just love that noise," said Uncle Hiram, dozing off.

Soon afterwards the choir of the village church down the road broke into a beautiful chant.

"Just listen to that, ain't it beautiful?" exclaimed Aunt Sade.

"Yes," murmured Hiram sleepily, "they do it with their blood legs."

Tomorrow (Saturday) is the first of July.

The regular monthly meeting of the village council will be held in the town hall next Monday evening, July 3rd.

Mr. and Mrs. H. E. Mann left by motor on Wednesday to spend the balance of the week in the south country. Returning, they will pick up their two daughters, Misses Kathleen and Grace Mann, at Leithbridge and will arrive back home on Sunday. Kathleen will go on to Edmonton to attend summer school.

On Friday afternoon of last week the car driven by Mr. W. Sano was dived from the road just south of town and turned over on its side in the ditch. Fortunately Mr. Sano, who was alone in the car, escaped injury, but the car was slightly damaged.

H. J. Snell, sight specialist, will make his regular visit to the Nelson Hotel on Friday, June 21st. Phone to the hotel for appointment.

Having completed her four months' probation at the Royal Alexandra hospital in Edmonton, Miss Lois Andrews returns home on Saturday for a two week vacation. School is over, the exams are completed and now for a good time ride.

Mrs. W. Melvin has been confined to bed for the past ten days suffering from a slight paralytic stroke, but we are pleased to learn that she is much improved.

The United Sunday School will holiday during the length of the school vacation. Last Sunday was the final session until September.

Mr. and Mrs. W. E. Genthies and little daughter of Oliver farm near Edmonton have been guests this week of the lady's parents, Mr. and Mrs. P. Jamieson.

It is just possible that the "Bad Swedes" who thought they could get funny at the Alton Village Lunch last Friday evening, have learned a lesson. Creating a disturbance, they were first thrown out and later picked up by Constable McPherson and taken to the Stettler coop.

Double Accident on Highway

One cream hauler is off duty and two trucks are in bad shape as the result of an accident on the highway west of town Tuesday afternoon. Bill McIntyre returning from his western route with some dairy cans, rolled over in the ditch when only ten miles out. The truck was stripped to the platform, cream was spilled and cans crushed but fortunately Bill escaped with only a bad shaking up.

Going to his colleagues, H. Flowers attempted to tow in the wreck and coming down the Papineau hill, the brakes on the towed car refused to work, and shooting up beside the other truck the towed car pulled it around for a broadside crash. Hugh was knocked unconscious and remained out for some time at Dr. Warren's office. He received some nasty cuts and was badly crushed which will lay him up for some weeks.

Mr. Thomas Herder, distinguished Physician of London, England, has stated:—

"The willing and happy worker will get more work done and do it better than the unwilling and discontented worker. It is in this direction that alcoholic beverages like beer make their great contribution to economic efficiency."

"Appetite is a function of the brain as much or even more than of the stomach, and its importance in the physiology of digestion and nutrition is very great. It is stimulated by a moderate use of such a beverage as beer, and at the same time zest is given to life which results in larger and richer activities."

Boys and Girls Club

Today (Friday) our junior stockmen (and women) are meeting at "Rodose Farm" for an afternoon's instruction and practice in stock judging under the guidance of Mr. W. J. Elliott of the Department of Agriculture.

Some twenty boys and girls of the district have decided to join the Junior Calf Club sponsored by our local Agricultural Society, and more will be welcomed.

There will be special classes for members of this Club at the Fair next month with very generous cash prizes for both exhibiting and judging.

Members of the club wishing to be conveyed to Mr. P. Jamieson's place from town should get in touch with the secretary at the lumber yard office. Mr. Jamieson has kindly consented to have classes of stock suitable for the work on hand, and the society appreciation his cooperation in this matter.

More Than Five Hundred

Guest Mr. W. Maubert

The large tent, utilized for Mr. Aberhart's meeting on Monday night, overflowed, the estimated attendance being above the five hundred mark, and from the enthusiasm we would judge that all appreciated the speakers.

Mayor J. R. Mackie, as chairman, introduced Mr. Manning who gave a review of conditions as we know them today under the present system. He is a clear, forceful speaker and was roundly applauded.

The chairman then called on Mr. Aberhart who gave a clear exposition of "The Douglas System of Economics" which he claims will give every man, woman and child food, clothing and shelter. Taking issue with Premier Brownlee, he distinctly showed the system to be workable. Previously, The known interest was paid to his address and at the close question were fired at him from every corner of the tent, each of which he answered satisfactorily. A petition, asking our Government to look into the system was signed by nearly everyone present. The staging of "O Canada" opened the meeting; "God Save Our King" was sung at closing.

Can these girls play soft ball? Wednesday night, with heads in the air, the men's team stepped into the diamond with that "We had for our girls" attitude, and did they get an eye opener. We would not mention their names but we will give a high. The score was something like 24 to 9 in favor of the girls. Wonder if Annie has paid Maude that 9?

U. F. A. Annual Picnic and Rally

PROMINENT SPEAKERS TO BE PRESENT

The home of Mr. and Mrs. Humphrey Parley is again to be the venue of the U. F. A. and U. F. W. A. picnic and rally.

This yearly event is becoming one of the most popular in the district where the farm people and their friends in the towns can get together in the most pleasant surroundings, and have a memorable social gathering, as well as the opportunity to hear some of the most prominent speakers and leaders of thought in the farmers' and allied movements.

The U. F. A. will be represented on the platform by Messrs. A. Speckman M. P. and Wm. Irvine M. P. who are the Federal members for the Red Deer and Wetaskiwin Constituencies. In addition it is hoped that Dr. W. H. Alexander of the University of Alberta, and other Mr. C. T. Gibbs M. L. A., or Mr. Elmer Robb of Edmonton will be able to attend.

Farm and townspeople throughout the district are invited to attend. The kiddies are being catered to with a program of sports and will be welcome. #### JITNEY DANCE

EVERY

SATURDAY NIGHT

Agricultural Hall, ALIX

The Glorians wish us to announce that there will be no more WEDNESDAY NIGHT dances until further notice.

Mr. J. Carroll, who underwent an operation at the Lacombe hospital a few weeks ago, returned home on Friday last week and was pleased to learn that he is rapidly improving and will soon be his old self again.

Miss Mary Seiple returned to the University Hospital on Thursday last after spending a month's holiday at the home of her parents here.

At the boxing bout in Trochu on August 2nd Clio Simons will take the mat against Kid Glen of Calgary and Angus Sholey is matched with Eddie Kober of Trochu.

#### Field Day At Alia

A Field Day has been arranged for Saturday, August 10th, at the Alia School of Agriculture. This will afford a splendid opportunity for a picnic holiday before harvest gets under way. Grass crops will be an interesting stage of development, cereals, grounds and gardens will be open to inspection with competent guides.

The herds of Shorthorn and Ayrshire cattle, Yorkshire hogs, Friesian horses and Shorthorn sheep will be on display.

The school buildings, laboratories and equipment can be inspected by all friends and are particularly those who have sent sons and daughters who are interested in careers of Agriculture or Domestic Science.

Several outside speakers are expected.

Those bringing basket lunches will be able to get tea, coffee and milk at the school.

#### The Truth Is A Fact

It looks as if the delegates of some committee representing the women were able to accomplish something yesterday in Regina.

All that Mr. Woodworth needs for the C. O. F. is to be the balance of good and honest men to effect the very thing that power there.

There will always be people for whom the women's movement is a useless thing.

It went long with small men once conversation this way: "Do you remember when we had the depression?"

Referring to old manuscript a man has discovered that to 1812, C. O. they had the same currency as the one that we have now. That of course is nonsense. The lesson of that time did not call up a currency by telephone to say the least was done at its current was overdone.

Those who wish to make things at worst that they really are one and the last of women played the teachers and people who are on vacation.

The first was at Potok on Friday last night, July 2 to 3; the second was on Sunday at Mirror, once 6 to 8. Although our team lost, their opponents had very little to blow about, very winning by a total of three runs in the two games. A number of our girls have been spending the week in camp at Sylvan Lake.

**FARMERS:** We have some married men on relief who desire work. If you need a man please advise J. O. Russell, Sec. Treas. Village of Mirror, who will put you in touch with them. "Zup" Don't miss "State Fair" the next big picture showing at the Grand Theatre.

We understand that the Mirror and Trochu baseball teams will meet in combat at Sylvan Lake on Sunday. Our women folk have been gathering wild raspberries for the past week, the crop is plentiful and the quality good.

Secretary Jim Russell and his family are on holiday. Haying is in full swing with our farmers and the crop is heavy. God it, all there will be a market.

## Red & White Safe Cracked

After closing time (midnight) on Saturday last week, burglars broke into the Red & White store and blew the safe. Fortunately, Mr. Wilton is not in the habit of keeping money in the store over night and all the thieves got for their trouble was a blank, they even forgot to carry away a bunch of groceries which they had paraded up. The theft was discovered when Gordon came down to the store around 11 o'clock Sunday morning and he immediately phoned Constables Marks of Bashaw and McPherson of Stettler but to go to trial, they have not heard of any arrests.

## "THE NIGHT MAYOR"

A Columbia picture, in which Les Tracy appears in the leading role with Evelyn Knapp, Eugene Pallette, Barbara Weeks, Warren Hymer, is coming to Legion Hall in Alix on Wednesday of next week. See it by all means! It's good, cast enterprising that all members of the family will enjoy thoroughly.

## White Cow Shot West of Town

If you haven't seen one, the opportunity will be given in a few days, for Mr. Pettit is having one mounted. When he informed us on Friday of last week that he was going to Mr. P. Jamieson's for a "White Crow" naturally we thought it had been up all night or, it being Mr. Jamieson's birthday, that he was going out to a celebration. However, he returned from Rodcoe Farm in an hour perfectly sober and with the car. The bird is really a pearl grey without one black feather, and as we said before you will be able to see for yourself shortly.

## Clive Got His Man in The End

At the boxing bout held in Trochu on Wednesday, Clive Sincor of Alix knocked his man out in the third round. Kid Clem of Calgary, and the match between Angus Shelly of Alix and Eddie Kobor of Trochu was a draw.

Mr. B. R. Woods left on Wednesday for Castor to see his mother who is seriously ill.

## CARD OF THANKS

We wish to extend to all our neighbors and friends our sincere thanks for the many acts of kindness and words of sympathy, for the beautiful floral tributes received during the illness and death of our dear wife and mother. F. A. Mann and family.

## A July Wedding at Calgary

### WEATHERILL-DUGUID

A very pretty wedding of late interest took place at St. Mary's Cathedral in Calgary on Monday, July 17th, when Miss Elizabeth Duguid, daughter of Mr. and Mrs. J. C. Duguid of Calgary, became the bride of Mr. Basil Weatherill of Trochu, the ceremony being performed by the Right Rev. John J. Smith, D. D. Bishop of Calgary.

The bride who was given in marriage by her father, looked very pretty in a gown of blue georgette with hat to match and carrying a sheaf of roses. Mrs. Valeria Lund, dressed in white satin with matching chapeau was matron of honor, while Miss Mary Duguid in a pink dress was a charming little flower girl. Both matron of honor and flower girl carried bouquets of carnation and fern.

The wedding was followed in the evening by a reception in the Tea Kettle Inn which was appropriately decorated for the occasion.

On Saturday, July 22nd, the bridal couple were guests of honor at a garden party held at the home of the groom's parents, Mr. and Mrs. W. Weatherill, north of Trochu.

Tables were spread on the lawn where approximately one hundred and fifty guests partook of a most sumptuous banquet. The many beautiful gifts received by the young couple attested the very high esteem in which they are held.

They have now taken up residence on the groom's farm at Gadsby Lake and their host of friends join in wishing them a happy journey through life.

### SMITH-ADAMS

A very pretty wedding was celebrated at St. Joseph's cathedral in Edmonton, on Thursday, July 27th, when Jean, eldest daughter of Mr. and Mrs. J. R. Adams of Leduc, was united in marriage to Mr. G. E. Smith of Alix, the Rev. Monsignor Nelligan, officiating.

The bride, entering the church on the arm of her father, was gownned in white silk crepe with a picture hat to match and carried ornate roses and sweet peas. She was attended by her sister, Miss Helen Adams, who wore pale pink crepe with hat to match and carried a bouquet of sweet peas. The bridesmaid was attended by her brother, Mr. V. J. Smith of Calgary.

Mrs. D. Olcott played the wedding march. Following the ceremony a number of guests were entertained at a

A quiet wedding took place in the presence of immediate friends and relatives, at the home of Mr. and Mrs. M. E. The bride entered the room on the arm of her brother, Mack, who gave her the marriage to the strains of the Lohengrin wedding march played by the orchestra, Mr. W. G. Gilmour, Edmonton. The bride wore a becoming gown of flesh colored point d'esprit, but to match, and carried a bouquet of pink roses and white carnations. She was attended by Miss Bernice Hopworth of Red Deer who looked charming in cream and blue and carried a bouquet of blue delphiniums. The groom was supported by his brother Eric. During the signing of the register Eric Jamieson sang "Homeing."

Delicious refreshments were served after which the happy young couple left for a short honeymoon to Calgary, Banff and other points. Upon their return Mr. and Mrs. Jamieson will reside at Rodoson Lodge, Alix, Alberta.

advantage have been secured in the  
British market for Canadian farm  
products, and the opportunity for marketing  
Canadian goods in the British mar-  
ket has been greatly enhanced.

of the various services already rendered  
by the various departments of the  
government to promote the market-  
ing of Canadian farm products, particu-  
larly dairy products, the revolution  
voices the opinion "a larger degree  
of co-operation between governments  
agencies and the producers."

The resolution submits that measures

The conference registered a vigorous protest against the present scale of milk prices in Canada. A remission plan paid the price, \$4.53 per ton (c.b., with the manufacturer's share of \$1.57) to the farmer, but in all other users constituted a gross discrimination against and places a serious handicap on the whole agricultural industry which is the largest consumer in the country.

Another remission was passed requesting previous governments to reduce milk prices as far as possible for the survival of new creameries until a

proved economic need has arisen, and that no increase be issued to respond to a closer economy until the need for its revamping is definitely shown.

A resolution dealing with dairy herd improvement and management, through cow testing, recommended the training of inspectors, and butter and cheese makers as administrators of improved herd management among the dairy farmers, with whom they come in contact and continuation of the educational campaign for the elimination of the scrub bull.

While there is a general feeling of uneasiness in farm produce does not appear to be checked. The opening of the winter season has not brought any gain in the market for the products of the farm, in support of which was accompanied by a general price figures furnished by the Ontario Agricultural Association for Ontario show that in March of this year, \$6,000,000 more per year was sold by farmers of the province than in the same month of the previous year. It is observed, in the first time of the winter of years that such an increase over a previous year has been recorded by Mr. J. H. The United Kingdom is one of the leading exporters of the present trend in fashion. The same applies to dress styles where shades of blue are apparently unaffected. Everywhere is the form of Louisiana. Berries are being sold in quantities of over a half carloads being received in Montreal in one day.

It is no more than fair that persons who have never figured in accidents and consequently have never turned claim, should receive special consideration in their insurance rates. The more there are of these careful drivers, the better for the insurance companies. Consequently every driving family should be keen to encourage them.

The native qualities of cheerfulness, simplicity and reverence for the authority are fostered in the elementary schools at which attendance is compulsory, and make the recruit readily receptive of the "moral training" on which the Japanese fighting services lay such stress and which is the foundation of their strength.

## There is Safety in Numbers

**T**HERE'S nothing that you should be more of than the food for yourself and your family, for when bacterial action starts in food, it's a menace to health. The way to be sure that food is preserved safely is to pay attention to numbers.

**S**CIENTISTS say that food is preserved safely and fresh at a temperature of 50 degrees. That's a number to remember. Put a thermometer in your food chamber, and if the temperature goes higher than 50 degrees, beware of tainted food.

**T**HAT'S why Electric Refrigeration is becoming more and more popular, as the thermometer safeguards your food by constantly keeping the temperature below the danger line. It provides constant cold, at a surprisingly low cost. See the Electric Refrigerator model easily suited to your home at your Dealer's Showroom today.

The investigating committee, Reeve Dittie and Councilor Carter, reported that they had inspected the field of Mr. Mayer, the imposer, and in their opinion the claim for \$10 damages was reasonable and fair, and they recommended the claim for damages be allowed. Moved by Wardman that the report of the committee to the Mayor-Anderson stand over in which they award \$10 damages to Mayer as claimed by him be accepted.—Carried.

Mr. George H. Jensen, representing the Richardson Road Machinery Co. appeared before the council soliciting business for his firm, but action was taken.

We understand that Mr. A. M. He told us that their Monday morning wash was no longer than usual.

## Alix 25th Annual Fair Well Attended On Wednesday

EXHIBITS ALL OF A  
HIGH CLASS ORDER

A beautiful day and a good crowd greeted to Alix 25th Annual Fair on Wednesday last. The exhibits, while not as numerous as last year, numbered better than two hundred, and for quality easily held their own with any previous year. The fairs were exceptionally fine and in collections the judges, unable to decide between the exhibits by Mrs. C. Toppenberg and Mrs. R. L. Tupper, awarded a first to each. We have never seen more beautiful fairs.

Another department to receive special comment from the judges was the cookery, the classes of which were well filled. And so we might go on with all exhibits in the hall classes.

The stock classes were few but superb animals and the judge's explanations for his decisions prove most interesting and educative.

The Cal Club had a full line entries and in judging George Blisset won 1st prize and Henry Cole 2nd. The winners in exhibits were as follows: Dais purpose ball, 1st Reg Siddons, 2nd Glen Morgan, 3rd Kent Smith, 4th Henry Cole, 5th John Morgan. Best steer, 1st Frank Siddons, 2nd George Blisset.

In softball, Hocking district carried off the honors, while in hard ball Bletcher and Mirror decided the prize money.

There was an extra supply of games of chance and they all seemed to be meeting a little money.

The seropane was busy all afternoon and up until dark. The dance hall at night was crowded to the limit and both picture shows had crowded halls.

The prizes for best decorated bicycles went to Ernest Andrews 1st advertising the Red & White Store, and 2nd to Mack Clark representing the Alix White Lunch. Both machines were very pretty and the deciding factor was the quantity of advertising.

Ninety per cent of the success of the fair is due to the energetic secretary, Mr. E. R. Whitfield, and the society owe him a heap of thanks.

We were pleased to note that our old friend, Mrs. A. Ray of Mirror, was again a patron of the fair and as usual won her share of prizes.

The travelling of the highway through town to the C. N. R. depot is finished and is a real improvement.

Editor Alix Free Press:

At the departmental exam-  
ined recently at the Alix

Hurler took up two subjects,  
Grade X & XI, and passed  
in nine of them. Had he  
made three marks more in

## A Boost For Alix Nursing Homes

Edmonton, Aug. 4, '33

Editor Alix Free Press

Dear Sir: Hoping to your  
favor of July 25th. We do  
not make a practice of giving  
reports to the press with re-  
gard to our private hospitals.  
If, however, you would like  
my opinion on Nurse Magle's  
Nursing Home, would it not  
be a good idea to say that at  
the time of my last visit I  
was very well satisfied with  
the addition and improve-  
ments that had been made.  
The fact that it has always  
received a favorable report  
from the different inspectors  
doing this work should be  
sufficient recommendation  
that the home is rendering a  
necessary service to the people  
of your district.

Yours respectfully,

By a total score of 32 to 6,  
Mirror won both baseball  
games in the battle with  
Kimberly at Sylvan Lake on  
Sunday last. Gordon Wilton  
pitched the afternoon game  
to win by a 7 to 3 tally. In  
the evening Al. Stone hurled  
for Mirror and the result was  
15 to 3.

Harvesting operations com-  
menced on Monday and as  
we go to press the Alix har-  
vesting is in every direc-  
tion. The wheat ripened fast  
and with a continuance of  
hot weather will be put into  
stock just as fast as the ma-  
chines can take care of it.

The estimate for the district  
is between 25 and 30 bushels.

Mrs. A. Ray entered a  
number of exhibits at the  
Alix fair last Wednesday and  
brought back a goodly sup-  
ply of prizes.

The cash prizes then constituted more than one third of the prize money offered in the classes concerned. ### High School Courses By Mail

For some years the provincial department of education has conducted correspondence courses in the elementary grades of school for the convenience of those unable to attend a school. Some 2,500 or more, chiefly those in outlying parts of the province, have taken advantage of these. It is now the purpose of the department to extend these courses to include instruction in all four grades of high school work, with the exception of commercial and technical courses. A small fee of 50 per unit, these will be charged to cover administrative costs.

### Summer School Attendance

A total attendance of 570 was recorded at the annual teacher's summer school just closed at the University of Alberta. This compared with 461 last year. The school was operated jointly by the university and department of education.

### EXAMINE THE HAMMER

It keeps its head.  
It doesn't fly off the handle.  
It won't ponding away.  
It finds the point, then drives home.  
It looks at the other side, too.  
And then it strikes the dollar.  
It makes mistakes, but when it does, it starts all over.  
It is the only hammer in the world that does any good.  
If you are inclined to jam your head and fly off the handle, consider the hammer.

#### Highlights On Municipal Life

School re-opens on Tuesday morning next with the same efficient staff of teachers Mr. Smith, Misses May Sanderson, Harriet Stone and Eva Kanton.

We would just like to point out the last week's great harvest wheat is a gift from the Almighty. The flying trip of the Liberal candidate had absolutely nothing to do with it.

Monday of next week "Labor Day" is a public holiday and all places of business will be closed for the occasion.

September is here today and we can always count on a beautiful month. How could it be otherwise? Ye editor was born and married in September (of course the two events were some years apart). Nuff.

The wheat average for our district has been estimated at different figures. Some say between 25 and 30 bushels per acre, others not more than 18 to 20. However that may be, there will be some wonderful yields. One farmer tells us he is counting on an average of 45, others that a portion of his acreage will thresh 35, all of which goes to prove the stability of the Alix district. The end of this week will see 90 per cent of the wheat in stock, the barley pretty much cut and the bladders busy in the oats.

Sure the theatre was filled for the last picture show, and it always is. Why shouldn't it be? It is good clean entertainment and is the day of worry and hurry, if a person pauses for a little recreation it might perchance keep him out of Peacock. Wait just a minute, we know all about that account he owes you; he is in our debt, also, but we do not grudge him his pleasant hour at the pictures. All work and no play only adds to the human depression and all that this old world is made up of is humans. So let us play more that we may be more fit to mark the where-with all to pay our obligations.

The next regular meeting of the W. I. will be held at the home of Mrs. W. L. Pettit on the afternoon of Tuesday, September 5th. Mr. Pettit has kindly consented to talk to the ladies on "Law as it affects women's rights."

### With The Women's Institute

The monthly meeting of the W. I., held at the home of Mrs. W. L. Pettit on Tuesday afternoon, was a most enjoyable one.

The address by Mr. Fair of Stettin on "Law as it affects women's rights" was very much enjoyed and proved a source of education on matters which keenly interest the women.

A cheque in payment of the work of installing the bell on the school was passed with a vote of satisfaction for the work done.

Regarding the fall drive for food, it was decided to ask Mr. Wilson for permission to display the beautiful quilt, made by the ladies, in his window while it was being raffled off.

It was agreed to arrange for serving extra branks and winners on a Saturday afternoon in the near future.

The October meeting will be held at the home of Mrs. C. C. Anderson where the subject of an address to be given will be "Canadianization."

### AFTERNOON AT BRIDGE

An old copper mine in Connecticut was used as a prison. There was not hot factory and that made cash hats.

Every gentleman was a quon and provided his hair. Grocery places were objected to because they defiled the balms. A business house to a lady almost stepped his foot on the ground.

The shipping port and pilory were still standing in Boston and New York.

Beef, pork, salt fish, potatoes and butter were the staple diet all this year round.

Bedrooms were coarse and expensive and ironware was taken out of with pipe and iron.

When a man had enough to eat he placed his spoon across his lap to indicate that he wanted no more.

The church collection was taken in a bag full of a pile of with a ball attached to across slony contributors.

### A MESSAGE TO THE ALBERTA GRAIN GROWERS

The Alberta Wheat Pool closed its books on July 15th for the 1932-33 business year. The organization is pleased to state that the volume of business transacted during the year was the largest Pool elevators have ever enjoyed.

The natural conclusion is that the thousands of grain growers who have given their patronage to this grower-controlled co-operative are appreciative of the services rendered and are determined to build up within the boundaries of this Province a strong and aggressive organization on a co-operative basis.

The organization invites and would appreciate during the new crop year a continuation of the patronage so generously extended in the past. Those who have never before utilized Pool elevator facilities are invited to do so with the assurance that careful, courteous and efficient attention will be given to all business entrusted to it.

The welfare of agriculture in Alberta would suggest that all grain growers should be concerned in the up-building of a truly co-operative elevator organization, owned and governed by the grain growers of the province and interested primarily in the welfare of Alberta agriculture.

### THE CONTRAST

A man and a job  
Was talking one day,  
In intimate fashion  
And their own native tongue.

Said the man: "I am vain.  
I do not will;  
The heaven collapse,  
I'm not content still."

Said the jobman: "I'm not  
The little to do  
My part to be humble,  
But I'm happy all day."

Said the man: "I don't care,  
Life means to me to be  
I can to make money  
In millions you see."

Said the jobman: "I'm free  
From all worry and doubt,  
I simply love my  
While men are looked out."

How like is the question:  
Will you if you can,  
Which one shall be the jobman,  
And which was the man?

—Alec.

## A Visit From Their Kid Brother

Mr. E. E. Estell, who has been spending the past two weeks visiting with his two brothers, G. J. and C. H. left on Tuesday for his home at Boies, Idaho. Mr. Estell's last visit here was in 1917 and he was surely enthusiastic about Central Alberta, and particularly this portion. He made the round trip by bus and despite his 61 years, enjoyed every minute of his ride and visit. Needless to say, our two worthy citizens enjoyed their brother's stay very, very much.

### COMMUNICATION

Dear Sir:—The minutes of the last Menzies Council Meeting carried a reference to the "H. W. Bennett case." His family did not know that they were away from the "case" which accumulated any discussion in the council, until the day of the meeting itself. The matter is referred to the allocation of charges for services rendered as between the medical men themselves, and we had every reason to believe the incident should have been in full view obtained by mutual consent.

The form in which the statement was given to the public mostly consisted of misrepresentation on the part of those familiar with the circumstances. Therefore, in justice to the names of the good citizens who had been beyond, and to ourselves, we desire to add this brief explanation. Thanking you Mr. Bennett for the paper.

### Alix Cattle Go Out Via Churchill

The shipment of beef cattle to go through to the Old Country via the Churchill route, included a car of prime steers loaded out on September 21st by J. R. Macfie, buyer, of Alix. This speaks well for our district as only top outchers were picked for this consignment. For the past seven weeks J. R. has averaged a car of cattle and a shipment of hogs each week and during that period has also sent out two double-decks (440 head) of sheep.

### Change Of Bridge Party Date

Listen! Listen! By request the Ladies has changed the date of its bridge party. It has been decided to hold the event on Thanksgiving night Monday, October 9th. The date of the change and come along.

### A Shower For The Bride

Compliments Mrs. Marie Lawton (nee Leona Olver) whose marriage took place recently, a number of Mirror and Ripley friends gathered at the home of the bride's parents on Sept. 19th. The early afternoon was spent in social chat, after which Mrs. R. W. Barritt is a few well chosen remarks presented Leona with a number of beautiful and useful articles to which she very fittingly replied, thanking her friends and inviting them to visit her in her new home. Then a delicious lunch was served by the ladies. We all join in extending best wishes to Mr. and Mrs. Lawton for a long happy married life.

### 100 Per Cent in Geography

Writing two subjects in the supplemental exams late in August last, Mr. Howard Carroll, teacher at the Ripley school, obtained the high mark of 100 in Geography 3 and 79 in Biology 1. This leaves one more subject and Howard will have his Grade XII, and next summer he will write the "A" and attend summer school at Edmonton to obtain his first class certificate.

### SPUDS AND SUCH

Beets 17½ inches in circumference and turnips 26 inches around grown by Mr. J. R. Doherty; potatoes measuring better than 8 inches in length raised by Mr. Richard Burgess; and a 33 lb. pumpkin from the garden of Mr. Clark Walker in the vegetable area for this week. Next

### "King Kong" Will Battle Exports

"King Kong." What is he? Who is he? What is he? How does the name sound? These and a hundred questions are being asked by persons who have seen "King Kong," the amazing and imaginative RKO Radio Picture current at the Legion Hall with Fay Wray, Robert Armstrong and Bruce Cabot featured. How did Marlon C. Cooper and Bruce B. Seidenstein, its producers and directors, so skillfully maneuver "King Kong" who is as tall as a four-story building about the streets of New York? On this point they are as silent as the Sphinx, but their silence does not alter the fact that "King Kong" is the screen's greatest novelty to date and it is doubtful if it will be surpassed as a production abroad.

Thrashing is progressing favorably, some of the rigs having completed their run and pulled in.

### Card of Thanks

We wish to express our sincerest appreciation of the many kindnesses shown by numerous friends during the sickness and death of our dear little daughter. To those sending floral tributes we also extend thanks as a number of the cards were lost and these were unable to acknowledge personally. Mr. and Mrs. A. H. Foster

### IN MEMORIAM

Schnepf—the loving memory of our dear mother, who went to her eternal rest on October 3rd, 1928. "You were always true and patient through the years you struggled on. And those hands that rest forever Made the home that was to mine. Ever remembered by the children.

### Vegetables For Breakfast

Co-operative arrangements for the supply of potatoes and other vegetables this winter to families in drought stricken areas in the south-western part of the province, have been completed between the provincial department of agriculture, the railways and the municipalities concerned. Supplies of potatoes are being transported entirely free of freight cost by the railways and sold to families at the same rate they were secured by the department at Edmonton. The department speaks for supplies to those farmers who are suffering in disposing of surplus vegetables at a reasonable price direct from the fields. Some 30 carloads have already been arranged for and a number of these forwarded.

## October Council Meeting

The October meeting of the Alix village council on Monday evening last, was attended by a full board, but the session was a short one.

The minutes of the last meeting were read and adopted.

The financial statement showed a small balance on hand with little cash which is a creditable showing considering the amount of work done this summer.

The tabs for the shields had arrived and been attached and were now ready to be banded out, to Mr. Witco for Niblack street and to Mr. Toppenberg for best kept property.

The news stated that the crop on the town acreage would be threshed this week but the yield would be light.

The secretary reported the transfer paper completed for the Free Methodists and she understood that building of the church would be under way shortly.

A few small accounts were passed for payment and the meeting adjourned.

## A Raid On Air Gas Wagons

Awakened at four o'clock Tuesday morning, Mr. W. E. Gas had been drained from other cars in the garage to fill up the Chev., the oil supply replenished and had he not awakened the machine would now be in parts unknown. The same night an attempt was made to steal Mr. Yarwood's car, which was run out of its garage, but was evidently abandoned when the thieves could not start it.

## Upward Trend Now Under Way

HON. E. N. BROWDS AND PROMINENT BANKERS ESTIMATE BERNETT'S FIGURES

The Prime Minister's confidence and encouraging statement later, during the new Dominion Loan has created a very positive and favorable reaction throughout the country. Its clear-cut expression of his conviction that recovery is under way, together with his previous statement, have stimulated a growing sense of optimism and business revival which is reflected in the subscription to the New Loan. There has also been widespread endorsement of his view that, although the road may be long and progress slow, the events of the past six months appear to indicate with increasing clarity that the downward trend has come to a definite stop and that the upward trend is in progress.

It is a sample of the comment from prominent Canadians follows. Honorable E. N. Browds, Minister of Finance: "The Canadian must all share in the sense of encouragement that the Prime Minister has inspired by his statement regarding the improvement in business conditions throughout the country. It has raised our spirits and instilled a sense of recovery that has become increasingly definite with each subsequent statement. It has been so established and consolidated that one can no longer doubt their optimism."

Mr. Thomas White, Vice-President Canadian Bank of Commerce: "I fully concur with the statement of the Prime Minister as to the upturn which has taken place progressively in Canadian business during the past few months. In almost every branch of the country's economic life there has been manifest a slow but steady advance from the low point of last April. Despite and even apart from the fact that, during my recent tour of the West, not only a spirit of confidence but quite noticeable signs of improvement."

Professor Gilbert Jackson, Director of the Commerce in Commerce and President of the University of Toronto and Economist of the Bank of Nova Scotia: "The very suggestive statement made by the Prime Minister with reference to recent improvements in Canada is fully validated by the fact. Most have the physical volume of business and production is increased also February by thirty per cent, but even more encouraging point is that the prices of basic commodities have risen appreciably in the same time. This has been followed by a marked increase in manufacturing (Continued on inside page)

There were eleven tables at the Legion bridge party and the evening was most enjoyable. Prize winners were: High scores, Miss Bouvier of Lacombe and S. C. Andrews; Lady's intermediate, Mrs. J. E. Mankie; Consolation, Mrs. E. C. Palmer and A. G. Ditt.

## SWINE BREEDERS' FIELD DAY

### DAVID HENDERSON EXPERIMENTAL FARM, LACOMBE

MONDAY, OCT. 30TH

This Swine Breeders' Field Day should be of interest and profit to every farmer. During the last five years no breed of farming has brought better returns than hog raising. With the new preference on the official market the next five years should show much higher profits if we have the right kind of pigs.

At this Swine Field Day the proper type of select barren hog will be demonstrated alive and will be slaughtered and sold. With the butcher shop hog which costs more to raise and is worth at least \$1.00 less.

Dr. H. D. Maclellan, University of Alberta, Edmonton, will give a talk and demonstration on the type required in select hogs combined with good back quality. He will also give a demonstration of the type of hogs and sows required to produce select hogs.

Mr. E. K. Wilson, the Dominion Station, Lacombe, will give an outline of the breeding and feeding experiments under way at the Experimental Station, and the Advanced Registration Policy for Purebred Swine.

F. A. Baker, of the Industrial and Development Council of Canadian Meat Producers will give a demonstration on the different types of dressed hogs as they appear on the rail. Mr. Baker will also discuss questions in connection with marketing hogs.

G. C. Froobers, Dominion Live Stock Branch, will discuss the different policies for Government assistance to farmers in raising hogs.

E. G. Corbly, Live Stock Commission for Alberta, will discuss the plan of the hog in Alberta farming. The meeting will be held in a comfortably heated garage and the program will necessarily necessitate a common sleep at one o'clock. Coffee, cream, sugar and eggs will be provided for those bringing their families with them.

## With The Bunch

The popular annual evening of enjoyment by the Albx Cerk and Skating Club has been arranged for Wednesday, October 25th. Supper for all at midnight in the Legion hall. Only 50c per person for this big evening—ones.

The "Glorious" are playing to night (Friday) in the Haynes hall; in both on the 27th; and for the "Pirates" in Ponca on the 28th.

The majority of the Albx young people attended the dance in Olive on Friday night of last week and claim it one of the best dances of the season. The "Glorious" supplied the music.

(The late for last week) September was a long month too for the farmers and grain men, about 17,000 bushels of grain was shipped during last month.

Thanksgiving is getting pretty well done and it is rather long dry days this week. Very little to look by Saturday evening.

Mr. E. K. Fry was a Red Deer coach and rider with his 5 people there.

Jim McKeown says up into with a party of young people turned over in the river near his place a few weeks ago and smashed the auto pretty badly but the occupants came out of the auto all but fortunately without damage.

Miss B. Dinning, high school principal here, spent the Thanksgiving holiday at the home of her parents at Treble.

Tom Gandy school held their Rally Day services in the United Church on Sunday. The attendance was exceptionally large, and the song list on the program was very much appreciated by all.

Mr. E. C. McKeown got into an argument with a grocery the other day and the grocery got him under. He came out without any more serious injury than a small fractured rib.

Mr. and Mrs. L. W. McDowell and daughter Hazel left for Thanksgiving with relatives in Lacombe.

## WHEAT I HAVE GONE

Spent on the days in November  
How really long

Somerset, England, in 1858. In  
1871 he was married to Miss Ber-  
tha Elizabeth Meyer of Winches-  
ter, Somerset. About 16 years  
later he came to Birmingham,  
Michigan, and in 1888 he moved

#### CARD OF THANKS

To all our Clive friends who  
expressed our heartfelt apprecia-  
tion of kindness shown during  
the sickness and death of our  
husband and father.

Mrs. H. G. Sargent & Sons

Last Wednesday night's dance  
while not developing a bumper  
crop, nevertheless was a most  
enjoyable affair and the Oueling  
and Blazing Association were  
to be congratulated. The music was  
the best and the catering just  
great. At the bridge party the  
winners were Mrs. C. Douglas  
and Ray Farr for 1st place and  
Helen Hays and Mrs. F. A. Smith  
for 2nd place.

Louise Johnson returned to  
Alix on Wednesday after a few  
days visit with Milton Hays.

A dance is being held tonight  
(Friday) at Garfield school.

We are again handling the  
popular box of Tinseltine Great-  
ing Cards. Call in and see our  
lots of assorted cards, thirteen  
in the set, at \$1.25. The Alix

"Oh, Betty dear," advised her  
mother, "you are not getting all  
the feelings of the potatoes!"  
"Yes I am, mother," replied  
Betty, "all except in the kitchen."

### Ed. Shaw Thru Alix

The many Alix friends of our  
former editor, Mr. E. B. Williams,  
are feeling most the capital  
day, who has been pleased to learn of  
his removal to the cheap sale and  
where in Edmonton just now,  
where he carried away the cham-  
pionship as runner on Oxford  
road. In fact he is pretty well  
cleaned up in the Oxford road,  
the largest class entered in the  
past few years, all the big  
Oxford breeders having retired.  
Congratulations all day.

### A FARMING SHOWER

On Thursday afternoon of last  
week Mrs. T. B. Brown was the  
shower at the home of Mr. and  
Mrs. F. A. Smith which was  
very successful. The bride to be  
was the recipient of many useful  
and beautiful presents. The tea  
served to all the visitors.

Music will be furnished by the  
Old Time 5 piece orchestra fr. m.

be served in the Legion hall at  
midnight. Popcorn will be in

### Teachers Convention On Friday

The Teachers' Convention of the  
Northern Division of the  
Tribune Association is being held  
to day (Friday, October 27th) at  
Bathurst.

### An Invitation To Everyone

The past week has shown that  
winter is at hand and that all  
outdoor sports will have to be  
given up for the season. Snowball,  
skating and ice skating are sport  
heating will have to wait the  
coming of another summer. How  
will Alix citizens face the sport?  
This is what they will do: bridge  
parties will occupy some, the  
pool room richer, and a few will  
enjoy chess and penny candy,  
while the young folk will dance  
and all gather every second Wed-  
nesday at the service. And every  
all the time will be the skating  
and curling rinks. To all those  
directions a cordial invitation is  
extended to our country friends.  
Come and play with us.

Book of the General Motors  
brand in a National network  
for Bachelors is announced for 11th  
November when the New York

Toronto. From that date until  
the close of the regular season on

### Laugh With Us

A friend that was approached by a boy who said: "Mirror, please give me a dime for a cup of coffee."

"The first replied contemptuously—

"—Look at the coffee! A politician was called up at his office recently and notified that his wife had presented him with a triplicate. He was silent for a moment and then boomed forth: "I demand a receipt!"

The street was looking featureless when the icehouse died and was cut into a ditch. Two lightnings passed and saw the corpse. "What do you see?" asked Tom. "I don't know," replied George thoughtfully. "It's not red enough for a Magnum and so black enough for a Maudeau. I'm thinking it must be one of those English tourists."

WHEN READING

"You said" exclaimed the little fellow "that I had resigned from the town council, and introduced resolutions from business into politics!"

"But" protested the older "it is quite true."

"Quite. But you printed the information under 'Public Improvements'."

It was stated in court that a man had not spoken to his wife for three years. Probably he was merely waiting his turn.

"Now, do you say your program regularly, John?" inquired the classmate.

"Yes, always at night," replied John.

"And why not in the morning?"

"Because a strong boy like me ought to be able to take care of himself in the daytime."

Becky A. Boy, writer, I don't like the film in here.

Walter Berry, but we will have some new ones tomorrow.

And then there was the Scotchman who went to the House of Commons, dressed as a Scotchman.

Under the auspices of the Mirror baseball club, another of those popular 2-orchestra dances will be held on Friday of next week, November 3rd. Cash prizes to lucky ticket holders will be handed out at the dance.

Mrs. G. Thomas and Mrs. J. Humeau, representing the Mirror Rebekah lodge, and a large number of the other members, attended the district meeting at Lacombe on the 23rd inst. They reported good sessions and a wonderful time.

The date of the Odd Fellows district meeting at Mirror has been set for Tuesday, November 14th.

Lee (Lion) and Henry Anderson took a train load of cattle to Edmonton on Tuesday.

With a heavy fall of snow the forecast of the week it looks as though winter was here.

At a party in England the headmaster of a local school felt that he had perhaps rather freely of champagne; he determined to be careful and avoid showing any of the usual signs of tipsiness.

When they rose from the table some guests suggested that the hostess might "be added addition to her family." She agreed and presently the women appeared with a dainty pink booklet containing names.

The headmaster was nervous and mindful of his determination he studied himself and said as he passed into the hall: "What a beautiful baby."

#### OIL PRODUCTION

Alberta's total oil produc-  
tion for the month of Sep-  
tember was 85,352 barrels,  
of which 82,049 was Turner  
Valley asphalt.

**WINTER HIGHWAY PROGRAM**  
Last winter the provincial  
public works department in-  
creased its winter road clear-  
ing program to include 855  
miles of main highway, which  
meant that this such mileage  
was kept open throughout  
the winter. This is a great  
mileage than in any other  
province save Ontario. This  
coming winter the depart-  
ment plans to keep the same  
mileage open, with possibly a  
small extension to the pro-  
gram.

#### RELIEF IN SOUTHERN ALBERTA

Machinery of the provincial  
department of agriculture  
under which fodder relief is  
being handled in Southern  
Alberta this year was called  
into action last week during  
the severe snow storm which  
visited the south and caught  
many live stock owners un-  
prepared. Within 24 hours  
in some cases, railway cars  
were ready for the shipment  
of stock and at southern dis-  
tricts to feeding quarters  
farther north. Up to the  
present some 65 carloads  
of stock have been stored out  
to winter feeding quarters  
from those districts where  
feed is short. In addition to  
this more than 300 carloads  
of live stock feed have been  
shipped in by the provincial  
department to areas which  
suffered drought conditions.  
The movement of families  
from the dry areas has been  
proceeding and accompani-  
ment commenced in the  
summer 369 certificates have  
been issued for as many fam-  
ilies, who have found new  
locations in central and north-  
ern Alberta.

Miss Helen Adams, nurse-  
in-training at the University  
Hospital in Edmonton, is a  
guest this week at the home  
of her sister, Mrs. C. Smith.

Saturday of next week is a  
Dominion holiday.

### "IF YE OBEY FAITH, WE SHALL NOT SLEEP"

In the crimson fields where poppies blow  
A grey mist hovers like a charging warthog;  
And voices bring a cry from out the mist:  
"We sleep not, Comrades; do ye keep the faith."  
They gave their lives to make a better world,  
Safe for the old, the helpless, and the young—  
Safe for that wider brotherhood of man;  
What of that victory so dearly won?  
What is this for with whom we keep the quarrel?  
What is the conflict that we must suppose?  
What but the ideal in the market-place.  
The symbol of a nation's selfishness.  
Is this remembering, that day by day?  
They who were with "them" farther to our doors—  
Bidding their humble staid of little bread—  
The heroes,—say, the victims of our wars!  
That day by day they told the weary roads,  
While little children starve, and women sigh:  
Our granaries o'erflow with golden grain;  
"What say you, Comrades, is the torch held high?"  
Far on Orkney, how the Gods must laugh!  
"The larks still sing; the morning comes anon;"  
We have the golden grain—and fling the chaff;  
"The poppies flourish—but our rest is gone."

### New Officers Elected

At the annual meeting of the Alix Curling and Skating Association on Monday night last, the following officers were elected:

President, C. Johnston  
Vice-Pres., A. S. Bennett  
Treasurer, Ray Farr

A quota is being made with the hope that enough curlers will sign up to make the fee \$5.00.

In all probability the two rink will be run separately, the skating being turned over to a private party.

### Funeral Service

The Alix Women's Institute decided at their Tuesday meeting, held at the home of Mrs. C. M. Woodward, to have a pioneer evening in the near future. The old ladies, who settled in district before the advent of the C.P.E., will be called upon to give their experience in the early days. If you are fortunate enough to have a friend a member of the W.I., you will receive an invitation.

### Remedial Hospital

A happy event took place on Monday, November 6th, at the United Church parsonage in Stettler, when a quiet wedding was solemnized by Rev. J. G. Goddard. Miss Priscilla Brown, daughter of Mr. and Mrs. J. Chief of Alix became the bride of Henry Sargent, son of Mr. and Mrs. S. Sargent, also of Alix.

Following the ceremony, the party drove back to town and had the wedding supper at the home of the groom's parents, and then to their home on the groom's farm south of Alix. We join with their many friends in extending best wishes.

If you have an extra item to sell about it.

The ice at the rink has almost in shape and curling and skating will soon be in full swing.

You are cordially invited to the Anniversary Service in the United Church on Sunday at 7.30 p.m., and to the banquet at the town hall on Monday night.

Some one suggests there would be fewer hold ups in banks if the front windows were lower so that passers-by could see what was going on. But that's the trouble. They could see not only the bank but also the fellows who are out hands at all, but nearly business men having chat with the manager about loans or overdrafts.

Honey was a good crop in Southern Alberta the past season, one large commercial firm taking 1 or 2 million tons and another individual operator taking off about 40 tons. The total honey crop is expected to be somewhat larger than last year.

### Obituary

Mrs. W. V. Melvin, an old timer of Alix, passed away at 6.10 p. m. on Monday, 13th November, following an illness of five months.

Deceased, whose maiden name was Annie Tweedie was born at Braidenod, Lanarkshire, Scotland, on June 8th, 1858, and married to her bearded husband on June 23rd, 1882. In 1909 the family came to Canada and took up residence in Alix which has ever since been their home.

Mrs. Melvin was a devout member of the Presbyterian Church, a loving wife and mother and a kind neighbor. She came to mourn, in addition to her life partner, one daughter, Mrs. C. B. Howe, a son, Mr. David Melvin, and one grand daughter, Miss Nan Howe, all of Alix.

The funeral was held on Wednesday afternoon from the family residence to Alix cemetery, the service being conducted by Rev. R. Upton. Following a Bona, undertakers of Alix were in charge of arrangements.

### "Remembrance" Day Service

Remembrance Day service was held in the Legion Hall on Sunday last with Rev. T. Mitchell M. A. of Edmonton as the preacher, assisted by Revs. Griffiths and Upton. His discourse was very impressive and wonderfully delivered. The large gathering listened heartily in the singing and Mrs. Borvill, in charge of the musical portion of the service, is to be congratulated on her conducting. The girls club, the sonnets and cubs, and the returned men all attended in a body and at the decoration ceremony, in addition to the vets, Miss Audrey Sweet and Mr. D. Marryat, representing the clubs present, deposited poppies in commemoration of the fallen. All throughout it was a beautiful and impressive service.

### Two Enjoyable Counts

Have your supper up town tomorrow (Saturday, Nov. 18th) catered to by the ladies of the U. F. W. A. All the good things to tickle your palate, including oysters of chickens, and then there will be the program of after-supper speeches. Tables spread for 6 o'clock sharp.

Tuesday of next week, 21st November, is the date of the "Pioneer" evening under the auspices of the W. I., for which invitations have been issued. Supper at 6 is in the Legion hall and program of entertainment from "Ye Olden Days."

### Another Hockey Meeting

Although there was a good turnout of players at the hockey meeting the majority of our business men were at the curling gathering, and in consequence it was thought better to postpone organization of a hockey club until next Monday evening, Nov. 20th, at 8 o'clock in the rink skating room. The team line up will be ready and it is urged that you all come to the business can be finished. We are going to have winter, let us be ready for it.

### Alix Production Haven

This year bids fair to provide a record production of creamery butter in Alix. Already for the ten months of the present year an increase of 13 per cent. has been recorded, the deliveries of butter to the creameries totalling 17,944,567 lbs. compared with 15,772,706 lbs. for the same period of last year. The province's previous record in creamery butter production was in 1931 when over 22,000,000 lbs. was manufactured. The total for this year will likely reach 23,000,000 lbs.

### Not Accidents On Highway

A serious accident took place at the west end of the Papineau hill last Tuesday night when the car driven by Raymond Arvigne left the highway and overturned in the ditch. The driver had a shoulder broken and another occupant, Mr. Walter Smith, had his back broken. He was taken to Lacombe hospital and report has it that he has recovered from his injuries. The car was badly wrecked.

### BIG PAYMENT FOR BEST GROWERS

Senior best growers of Southern Alberta have recently received payments totalling upwards of \$400,000 as reward from the plant at Raymond for deliveries of best this year.

Miss Marie Emma R. N. at the Junior Red Cross hospital in Calgary, spent the week end at the home of her parents here.

Sweet, Alix agent for the C.  
P. R., has this year carried  
off honors for best outside  
gardener, being awarded first  
prize in the Edmonton dis-  
trict. As he is a born florist  
and gardener, in addition to his  
beautiful summer garden,  
keeps the waiting room of  
the depot a real beauty spot  
the year round with dozens  
of pot plants among which  
the canaries are always singing.  
He is justly proud of his  
success.

### Hymenal

A quiet but pretty wedding  
was celebrated at the United  
Church parsonage in Lacombe  
at 2.30 p. m. on Friday of  
last week, November 17th,  
when Georgia Bernick, only  
daughter of Mr. and Mrs.  
George H. of near Alix, and  
Mr. Robert Riches, son  
of Mr. and Mrs. Charles  
Riches of The Square, Saw-  
bridgeworth, Heath, Eng-  
land, were joined in the holy  
bonds of matrimony. Rev.  
Layton performed the cere-  
mony in the presence of  
the bride's parents and brother.  
The bride looked charming  
in a blue crepe gown, with  
a black fur trimmed coat and  
hat to match.

Following the wedding, the  
happy couple left for Edmon-  
ton and after a week's honey-  
moon will return and reside  
at the bride's home for a  
time.

We join with the many  
friends of this popular young  
couple in extending congre-  
tulations and best wishes.

### Puck Players Organize

On Monday night at a well  
attended meeting in the rink  
lobby, the Alix senior hockey  
team was organized for the  
coming season. There are  
thirteen players already on the  
list to choose from and we  
should have a real fast eleven  
this winter. The manage-  
ment elected is as follows:  
President—A. Anderson  
Vice Pres.—W. H. Price  
Secy.—T. A. Linnick  
Manager—S. Larson.

Two new people have been  
added to the official list of  
notorious woods of Alberta.  
They are the Leafy Spruce  
and the Honey Creeper.

### Alberta Wheat Crop

A bulletin has just been  
issued by the Dominion bur-  
eau of statistics which gives  
the bureau's final estimate of  
the Alberta wheat crop for  
the season of 1933 to be 95-  
100,000 bushels, as compared  
with 164,000,000 bushels for  
1932.

### Auto Fatalities in Alberta

In a bulletin issued recently  
by the federal bureau of sta-  
tistics, Alberta is shown to  
be the second lowest among  
eight provinces in percentage  
of motor fatalities. Quebec  
province is highest with more  
than 18 per cent of fatalities,  
to each 10,000 cars regis-  
tered. On this basis New Brun-  
swick appears second highest  
with a percentage of more  
than 17, while Nova Scotia's  
percentage is over 12, Ontario  
is 9 per cent, British Col-  
umbia 9 per cent, Alberta  
5.46 per cent, and Saskatch-  
ewan 3.78 per cent.

### Plowing End of November

It is a peculiar November that finds a farmer too busy on the land to come to town on a Saturday. But such was the case on the 25th and there was no frost in the land to stop Mr. Jan. Rom, north of town, from turning over the soil to receive the next spring. Truly the month just closed was a wonderful one. It took away the small amount of snow we had and gave us real early fall weather. Only three weeks until the shortest day. Yes, the winter will be short.

And believe it or not, Mrs. W. L. Pettit gathered nice crisp lettuce and dug delicious radishes from the garden for dinner on November 19.

### Farther Passes Away In England

On Friday last week Mr. F. J. Setters received news from Birmingham, England, conveying the sad news of the sudden death of his father, Mr. J. Setters.

Deceased had many friends in Alix as he had made several visits to our town, the most recent being in June last. He was a real Britisher and had become a real lover of Canada.

### BARGAIN to CALGARY

On Monday, December 4th the people of Alix are offered a bargain trip to Calgary and the return limit is the 7th. The fare is 1c per mile in each direction over the Canadian National Railway.

### Chilled Beef Shipment

An interesting angle on new trends in live stock marketing is given by the announcement that the first shipment of chilled beef to west Western Canada for the British market went forward from Winnipeg last week. This shipment was a substantial one and its reception will be watched with interest.

Read every advt. in this issue.

### Having set their objective

the formation of a branch of the association, a meeting of the teachers of this district will be held tomorrow (Saturday) afternoon in the Alix school. In addition to the business program, Mr. Kent has consented to give a talk on his work as teacher for some twenty-three years in the Indian school at Grouard.

### Anniversary At United

The board of Alix United Church have under way arrangements for the annual anniversary. Service will be held as usual on Sunday morning, Dec. 10th, when Rev. Dr. Powell of Calgary will be here. The following Tuesday evening a banquet will be served at the church. Special music is being prepared for both these occasions, next week we will give a full announcement.

### Vandals Visit The North Star

On Monday night thieves broke into the North Star warehouse and got away with a truck load of power and lubricants. The estimated loss includes three barrels of gas, a 30-gallon drum of oil, a quantity of other oil and hard oil and grease. The case was immediately reported but to date we have not learned of any arrests.

### Central Alberta Dairy Pool

Makes Final Payment

Payments on government guarantees in the prospect, it is stated by President Brownlee, and in one case have been completed in full. Under the act passed in 1929, guarantees were made to a number of co-operative marketing associations, among which was the Central Alberta Dairy Pool at Alix. The treasury is now in receipt of a payment of \$9,000, the balance owing on this loan, with interest, regarding the guarantee in full.

Twenty years was allowed under the act for the lifetime of the loan, and the premier says that the completion of payment is the comparatively short time to date is highly gratifying to the government.

An advt. in the home paper brings results.

## December Meeting Alix Council

The regular monthly meeting of the Village Council was held on Monday night last with all members present.

A letter signed "One Interested" sent to the Health Department at Edmonton, raising a complaint against a business man, was returned to the Council who shared in.

A further letter with reference to the compensation for men working the road last summer, was read and the secretary was authorized to contract let, money paid out.

An inquiry as to price of land and forest by Village brought a lengthy discussion, which was agreed to set the price at \$30 per acre.

Re the inquiry for price of lot on north side of C. P. R. tracks by one of the section men, the price was set at \$50 a foot, while on the application to purchase a lot on the south side of highway, the price was set at \$1 a foot. Meeting adjourned.

## Spring Ship

### WILL ELECT SHIPS

A meeting of the council will be held in the rink lobby on Monday night, December 11th, for the purpose of electing ships and choosing rinks. The weather has tightened up enough to make us feel it is expected that curling will be in full swing next week. A league is being formed among towns in this district and a cup has been procured for competition.

### HOCKEY GAME

The first hockey game in Alix will be next Monday night, December 11th, at 8.15 when "Beavers" men's will meet the locals in what promises to be a real fast contest. Come and see this first battle.

Mr. C. H. Cole was a business visitor in Edmonton from Friday until Monday last.

Mrs. M. A. Sargent, for many years a resident of Chico has rented her house and moved to Alix where she will make her home with her son, Mr. R. Sargent.

A number of Alix residents visited their Mirror news on Tuesday night.

He says you read all the news in this issue.

## Popular Young Alix Couple Wed

A pretty wedding was celebrated at Bonfield on Thursday, December 6th, at 3.30 p. m. by Mr. J. D. Giddard, when two popular young Alix people were joined in wedlock, Alice Alma, daughter of Mr. and Mrs. R. Sargent, and Martin Anders.

The bride was charmingly attired in white satin and carried a bouquet of white and pink roses.

Following the ceremony the happy couple drove back to Alix, the wedding supper being served at the home of the bride's parents where some thirty-five relatives and friends had assembled. Mr. and Mrs. Anders have left on a short honeymoon to Canmore, Edmonton and other northern points and on their return will take up house on the groom's place four miles south of town.

We join their many friends in extending congratulations and best wishes.

## About The Plays

The two plays to be presented in the Legion Hall by Alix players on Friday, December 15th, provide a big contrast to each other.

The first play "The Convict" is a dramatic episode in the quiet household of a middle-class nineteenth century France, a picture of a man turned into a desperate beast by hardship, hunger and cruelty, and of another man, sensitive and calm, who by his own example shows his unwelcome brother that there is still some good in the world. The play is a tense moment of action.

The other play, Dickens' "Christmas Carol" needs no introduction, as the characters are so well known to us perhaps as our own neighbors—Old Scrooge the stingy old miser who doesn't believe in keeping Christmas, Fred his nephew who tries to convert him, the Ghost of Marley his partner, the crowd of old friends that the Christmas Spirit conjures up for him out of the past, his paid clerk Bob Cratchit, and the thrifty Mrs. Cratchit and all the little Cratchits bubbling over with Christmas enthusiasm, down to Tiny Tim with the little crutch who sings out merrily "God Bless Everyman!" You know them all.

Between the plays will be a short program of vocal numbers and recitations by well known local talent. Come and enjoy yourselves.

The Alix Lumber Co. are putting on a number of these plays each week for goodness.

### Bride-to-Be Given Shower

On Fr. day of last week, December 8th, at Erickson, a very pleasant surprise was given Miss Irene Lynn, a bride to be, when some 60 ladies gave her a miscellaneous shower at the home of Mrs. Featherstonehaugh. The gifts were numerous, beautiful and beautiful. We understand the wedding is to take place around Christmas.

### Don't Look Much Like Depression

During the week ending December 9th the Alix Creamery shipped out three car loads of butter (60,000 lbs) and one carload of dressed turkeys (30,000 lbs).

This organization is receiving congratulations from all parts of the Dominion on the excellent showing it has made during a time when other concerns have found it very tough sledding. Since 1929 a bank loan of nearly \$90,000.00 has been paid off and interest payments from 1925 to 1933 inclusive amounting to round figures to \$21,238.00 have been made.

Now that this liability no longer exists, the money is available for the furtherance of the business in the interests of those who own it, namely, the farmers.

Economic conditions affect this concern just as much as it does every business in the country, therefore it cannot be the country that is wrong but the people who are in it, who apparently are not able to run their business as it should be run. It looks as if what one concern can do, others should be able to accomplish equally as well and we are told that the manager here would be only too pleased to tell you how it has been done.

Note: It might be a good plan for our Provincial business managers to take advantage of this offer.

Born—Near Ardley on the 10th of December, to Mr. and Mrs. R. Brittain, a son.

The C. P. R. is putting on a special rate of single fare for the round trip during the holiday season.

The 1934 calendar are making their appearance and we notice some very nice ones.

### Agricultural Society's Annual

Under the auspices of the Alix Agricultural Society a "New Year's Dance and Card Party" will be held in the Legion and Odd Fellows hall on the last Friday of the month, December 29th. Cash prizes will be given to lucky numbers and other prizes will also be awarded. The "Glorious" Symphonie orchestra has been engaged for the occasion and you are assured of a real good time. See posters for further information.

### The United Church Anniversary

The cold weather limited the attendance at the annual anniversary service in Alix United Church last Sunday, but these present were amply repaid for their effort. Dr. Powell conducted the service and brought a wonderful message, while the two special sessions by the choral societies were thoroughly appreciated.

At the church supper on Tuesday evening the tables were well filled and justice was done to the many good things provided by the ladies. The clearing of the tables a program of solos, duets, instrumental and an address by Dr. Powell on "Elder, Germany and the World" made a most pleasing and instructive evening. We are always delighted to hear the Dr. and on this occasion he was true to his old form.

### Cooling Trophy On Display

The North Star Oltrrophy cup to be competed for by our curling club during the winter; namely: Erickson, Delburne, Mirror & Alix, is here and may be seen. On display in Peacock's window. The draw Mirror was lucky so the initial game will be played in that town. The cup is a beauty, 12 inches high, silver and gold lined.

### OTTAWA HOUSE MEETS JAN. 25th

Ottawa, Dec. 12.—Parliament will be summoned on January 25, it was learned officially here today. It will be the fifth session of the 17th parliament since confederation.

There were but six tables at the bridge party in the school last Friday night, but playing was keen and the game enjoyable as was the lunch. The prize winners were Mrs. P. Whitfield and J. Cleet.

"Adorable"—one of Janet Gwynne's best productions, is the title of the next picture coming to Alix.

## THE ALIX FREE PRESS

Vol. 1, No. 100 (1914) Printed and Published by J. G. Russell, Editor and Prop.

What is Alix going to do about an election this year? Municipal matters were very quiet. Why not have the council remain as-is, they have more ideas about civic improvement to follow up the excellent work already done, why not give them a chance to work them out? It is up to the sovereign people. Those who do not attend the monthly meetings or come out on nomination day are seen that suitable men are chosen for the position can hardly afford to find fault with the work done by these public servants.

I wonder what we should all like to be remembered for? Suppose we left the community in which we live, not even leaving this world, because when people die those left behind try to remember their good qualities and forget the ill. What left Brownings says? something about "their few faults drying up like dead flowers." But suppose we should leave the community to live in another, what would we be remembered by?

What would you like to be remembered by? I know a lot of things I would not like to be remembered for: As a person who was always looking for a fault and never a thought of anyone else; as a person who always thought the worst about people, always put a bad construction on what others did, it were any way to do it; as one who rejected at the bad luck of another and hated to see others happy and fortunate; and a lot of other things.

But that is negative. What should I like to have people remember me for? Well, I'm afraid I cannot say, as I fall so far short of what I should like to be. To let it down on paper would only call attention to my shortcomings. But perhaps if we all just took a look at ourselves and then thought deeply on what we should like to be in the eyes of others it might help us to order our ordinary everyday lives to come a little nearer our ideal.

## DID YOU EVER STOP TO THINK

Money-saving opportunities can always be found in the stores of the home town. Home town merchants have great aims and ambitions. They know no defeat. Up-to-date merchants of the home town always carry the best line of respectable merchandise.

Every dollar spent in the home town makes better business and helps your town grow. A town is never so good but what it can be made a lot better.

You should keep your dollars working in your own home town and help to make it better.

While Mr. L. Olson was after hard at work at the mine and Mrs. Olson was visiting her parents in Alix, their residence was completely destroyed by fire on Wednesday afternoon last. This is a heavy loss to the young couple, who although renters, their entire household (furnishings upon which, we understand, there was no insurance.

# MERRY CHRISTMAS

*To Greet You  
With all Kind Thoughts and Best Wishes  
For Christmas and the New Year*

### Santa, Saint Nicholas and Christ's Birthday

**W**HENEVER says there is no Santa Claus is mistaken. Santa Claus, like Christ, once walked this earth. He was a man of great kindness and generosity, with a deep love for children. Such was he, but on the hearts of the people that after he died, December 6th, about 1,000 years ago, the date was set aside as a feast and gift day, in commemoration of his life. His name was Nicholas. After his death people called him Saint Nicholas. As the feast and gift-giving day of St. Nicholas spread, the Church took it up. The reason they could come to saying St. Nicholas was Santa Claus. As time rolled on, December 6th, the gift-day of Santa Claus, giver of gifts, and December 25th, the feast day of Christ, giver of life, became confused in the minds of the people, and eventually the two festivals were combined. Thus the idea became established that on the eve of the birth of the Christ Child there comes out of the frozen North, with sleigh and reindeer, genial Santa Claus, with gifts. When parents tell children "Santa Claus brought you this," they are speaking the truth. For the spirit of Santa Claus that still lives prompted the gift.

The possibility of establishing pleasure grounds and parks in those rural municipal districts which are fortunate enough to have lakes or rivers within their boundaries, became a live topic at the convention of rural municipalities held at the Hotel, Minister of Lands and Mines, called the attention of the rural councillors to the offer made by the provincial lands department to reserve land for this purpose along lake and river frontiers where such land happens to be owned at present by the government. Several such reservations have already been made by a number of rural districts. The land is granted on a long lease at a nominal fee.

Sponsored by a few of the fabled ladies, a miscellaneous show was given, Mrs. L. Olson on Wednesday afternoon in the Odd Fellows hall. Last week Mr. and Mrs. Olson lost their home by fire and as they were absent at the time, the entire contents was lost. The show or help will then replace a great number of the useful, necessary articles. The W. L. also presented in with nice warm bed comforter. They say that these gifts were appreciated is not telling half.

### The Plays We Read

That Alix district has dramatic talent was proven to the sceptic last Friday at the St. Pius Church evening of plays. We fall in words to improve the ability demonstrated by each and every participant; suffice to say that every role was perfect. "The Convict" a one act drama portrayed the home of a bishop which was invaded by an escaped prisoner and the kindness shown by the bishop reached the heart of the convict. That old story "The Christmas Carol" was beautifully staged showing all the characters in the Dickens' famous play. Between the two settings, Mr. Guy Fyfe in dramatic elocution, Mr. Mansel Smith in monologues, Mr. E. Cormack and Mr. T. Jesiewicz in songs and Benny Merges with his violin filled in and were repeatedly accorded.

### RING OUT, WILD BELLS

Ring out wild bells, to the wild sky  
The flying cloud, the frosty light,  
The year is dring in the night;  
Ring out wild bells, and let him die.  
Ring out the old, ring in the new,  
Ring happy bells across the snow  
The year is going, let him go;  
Ring out the false, ring in the true.  
Ring out the grief that saps the mind,  
For those that here we see no more;  
Ring out the feud of rich and poor,  
Ring in the friend of each and every  
Ring out a slowly dying cause,  
And ancient forms of party strife;  
Ring in the nobler forms of life,  
With sweeter manners, purer laws.

Ring out the want, the care, the sin,  
The foolish coiders of the times;  
Ring out, ring out my mournful hymn  
But ring the fuller minstrel in.  
Ring out false pride in place and blood,  
The civic slander and the spite;  
Ring in the love of truth and right,  
Ring in the common love of good.  
Ring out all shapes of foul disease;  
Ring out the narrowing lust of gold;  
Ring out the thousand wars of old;  
Ring in the thousand years of peace.  
Ring in the radiant man and free,  
The larger heart, the kinder hand;  
Ring out the darkness of the land,  
Ring in the Christ that is to be.

### Number 6, Alix 4

The Alix Senior Hockey team played their first Battle of Lake Louise game at Stettler on Christmas Day, and although the score indicates they lost, they were far from a broken team.

The first two periods were slow and rugged with the score with the score standing 5-0 for Stettler, Jim Peers scoring the Alix goal in the second period.

In the third period both teams opened up and the pace set by both teams was fast and furious, which netted Stettler one goal and Alix three.

The three Alix goals in this period were scored as follows: Rex Wilton on a beautiful solo rush with some nice stick handling, Frank Shelly assisted by V. Price and Dunc Wilton on an assist by Jack Peers.

Line-up—Goal W. Llesch Defence A. Llesch, Jack Peers; Forwards B. Wilton, E. Price, F. Shelly; Subs Rex Wilton and Jim Peers.

### Golden Wedding Celebration

A pleasant event took place in Alix on Christmas Day when Mr. and Mrs. William Loughridge celebrated their Golden Wedding anniversary. This venerable couple, who are now well along in their 70's, were married on December 26th, 1863, in the township of Osnaburgh, County of Stormont, Ontario. Later on they spent some six years in North Dakota and in July of 1896 came to Alberta, and for several years have resided in our district and town. The celebration took place at the home of their son. The family were all there, including the two daughters, Mrs. Geo. Skell of near Mirror and Mrs. H. G. Radbourne of Nanton with their husbands and children, and their son Archie and his family. There are nine grandchildren. We join in wishing for them still many years together.

### Death Of Russell Larkin

One of the earliest pioneers of the Alix district is the person of Mr. John Russell Larkin, passed away at his home west of town on Tuesday night December 26th. He had been ailing for some months.

The funeral takes place today from the residence of his brother, Mr. A. Larkin, to St. James cemetery.

He leaves to mourn, his wife and two children, also three brothers, all in the Alix district.

Miss Winifred Dwyer left on Tuesday for Calgary where she has secured employment.

Be sure and buy ours on Saturday as all our place and business will be closed on Monday, New Year's Day.

May you have that knowledge of Peace and Goodwill to all men that will in turn ensure for you Happiness and Contentment at this season

The Christmas Entertainment

The Christmas Tree entertainment in connection with Alix Consolidated School, put on Friday night of last week in the Legion hall, was well up to the standard set in years previous. The drilling, plays, singing, etc., etc., were all nicely done and we congratulate the teachers and children from all four rooms. Of course Santa was there at the close of the program to hand out the gifts from the large tree, and in addition, every child received a large bag of candy, nuts and an orange. Everybody was truly happy.

Send us in that item of news, we will appreciate it.

### Weddings

**ELSBEE-GRAY**  
Alice, wedding took place in the Central United Church in Calgary on Tuesday, 26th December. When Lora, the youngest daughter of Mr. and Mrs. D. Gray, of Alix, was united in marriage to Mr. J. H. Elsie, of Banff, Alberta. Rev. Todd officiated.

**HOGGESS-LYNN**  
A pretty wedding, in which a large number of our citizens were interested, took place on New Year's day at Erin, when Irene Gladys, eldest daughter of Mr. and Mrs. Harry Lynn, of Erin, was united in holy wedlock to Mr. Everett Hoggess of the Royal Bank staff in Calgary. Rev. R. O'Brien officiated.

The bride was lovely in a gown of blue crepe while her travelling costume was a blue and brown ensemble. Following a short honeymoon at Leithbridge, Mr. and Mrs. Hoggess will be at home at the La Loma Block, 1241 12th Ave. West, Calgary.

**VINCENT-ENNIS**  
At noon on New Year's day a pretty wedding took place at the home of Mr. and Mrs. J. W. Ennis, when their youngest daughter, Margaret Georgias, became the bride of Mr. Frederick Vincent of Red Deer. Rev. R. O'Brien officiated.

The bride, who was given away by her father, wore a lovely gown of midnight blue crepe. Her flowers were pale pink roses. Miss Ella McLaren, the bridesmaid, of Mirror, Alberta, was frocked in pale grey crepe and carried a bouquet of carnations.

The groom was supported by his cousin, Mr. R. Leithland of Red Deer.

Following the ceremony a New Year's dinner was served. Mr. and Mrs. Vincent will be at home near Red Deer early in the new year.

### Alix-Stellar Game A Tie

The return game with the Stellar pack-punchers, second league game for our team, was played on Alix for New Year's eve. Owing to the intense cold, play was not so good as it should have been. However, both teams worked hard to give the fans a good exhibition. The final tally was a tie, 2-2.

The Alix team is slated for Saturday on the 11th.

Mrs. Gladys Plante and children returned home to Camrose on Tuesday after spending the Xmas holiday at the home of her sister, Mrs. Whitefield.

### Alix Girls United Service Club

For several weeks prior to Christmas the girls of this club, under the instruction of Mrs. Borill, supervisor, had been spending their time making doll houses, scrap books, toys, etc., to be sent to the children of the Provincial Special Unit University Hospital, Edmonton. Below are the acknowledgments:

Edmonton, Dec. 27, 33  
Dear Mrs. Borill:  
We acknowledge with thanks your letter and the four boxes of toys sent to the children here for Christmas. They arrived safely and in very good order. It is needless to say that they were very much appreciated by our little patients and helped a great deal to brighten the Christmas day for them.

Elmer S. Powick,  
Supt. of Nurses

To the Children's Club at Alix

Thanks ever so much for the little houses, they are very pretty. They brought them in yesterday, but I am busy by the time. We had our Christmas concert last night and we all got very nice presents. Some of them got dolls to play with. I am writing for all the children. They all have a very Merry Christmas and Happy New Year. From all the Children

### Christmas Concert Held At The Stone School

As a visitor to the Christmas concert held at the above school on the evening of December 28th I was greatly impressed with the splendid entertainment most presented to an audience quite representative of the district.

Considering the very few instruments prevailing at the time, and as a token of appreciation to both teacher and pupils I feel impelled to make a few comments.

With Mr. Moushoush kindly acting as chairman, the concert commenced at 8 p.m. with the singing of "O Canada" followed by various plays, musicals, dialogues, recitations and songs.

After very hours of splendid entertainment, making laughter, the chairman, stating that the concert had not yet arrived, due presumably to the bad roads and his lack of many presents, gave an interesting talk to the young children on the origin of Santa Claus, and narrating to them that the appearance of Santa was a reality and not merely a myth. Finally Santa arrived and distributed his many presents. In behalf of the pupils of the school Miss Thompson was presented with a very beautiful present indicative in itself of the high esteem in which she is held. A hearty note of thanks was then tendered to the pupils, teacher and chairman, followed by the National anthem and then a most appetizing lunch was served.

An interesting homestead, being a living north west view

### Our Babies

On the 26th day of December the name of Mr. Jones' baby was also born and called and finally in warm tones. When I go to the baby my mother's hand to lay. So give me fresh baked cookies and dogs with white sauce. Mr. Jones is fat and jolly. He runs it round and round. That reaches to the ground. I love this jolly baby. With face so fat and round, because he gives me cookies. The stout ever found.

—Minnie Weirich, Alix

and a temperature well below the zero mark. I thought to myself that despite the representations of the trip I had been well repaid many times over. In conclusion may I say great credit was due both teacher and pupils for the splendid efficiency of their program. I feel confident that the residents of the district are most fortunate in possessing the services of a teacher possessing not only the qualifications of a teacher but the ability to impart such knowledge to the children.

—A VISITOR

Mrs. Terry Jamieson, who has spent the past couple of weeks with friends at home, returned home again last Tuesday.

### Village Council Holds Session

A regular meeting of the village council was held last Monday night with all members present.

Minutes of the December session were read and approved.

A letter from the Red Cross was read stating that they were distributors of clothing for the Provincial Government and enclosing price list.

An application was read from the department asking for endorsement of the request of Mr. S. Cruikshank for an Old Age Pension. As the applicant is a resident of the Lacrosse M. D. the secretary was instructed to so inform the Government.

The record stated that the one owned by the village, 457 bushels, was sold to Bob Dees for 15c a bushel.

The lot at the rear of the vet's hall was sold to this organization for \$1 with the understanding that it would be taken into their park scheme to be started the coming summer.

The taking of wood from the town property by Mr. B. Dees, was discussed. It was decided to let the matter drop providing he will pay the sum of \$15. A notice was ordered in the paper to the effect that prosecution will be made on anyone committing a like offense hereafter.

It was decided to enforce the provisions set for unpaid dog taxes.

Meeting adjourned.

### LEGISLATURE OPENS FEBRUARY 2ND

The third session of the seventh legislature of Alberta will open on Thursday, Feb. 2, it is announced.

### FURTHER EXTENSION TAX PAYMENTS

Owing to the continued heavy snow conditions in country districts and consequent difficult travel roads the provincial government has announced a further extension on payments of dues until the consolidated agreement until January 31. This gives six weeks' extension from the original date of December 15th.

Tonight! Tonight! Dance and card party at Alix under the auspices of the Old Folks, Friday, January 17th. Come and have a real time.

### NOTICE!

To whom it may concern: Parties taking wood from any of the town property without permission will be prosecuted.

By order of the council,  
C. E. Yarwood,  
Sec'y-Treas.

### Jimmy Takes A Big Holiday

Jimmy Wang, Alix's first introduction to Alix was as a coach in the old Grand St. and away back in 1915. More than a quarter of a century ago in 1915, he opened up a business of his own, first a restaurant and then a general store, and on a moment he has made a host of friends every body knows Jimmy. Now, for the first time in that long period, he is taking a well earned holiday and on Saturday next week, 20th January, he leaves for his old home in Hong Kong, China, to spend the balance of 1934 with his own people. He wishes us to thank all his friends for their liberal patronage and asks that the same courtesy be extended to his successor, Charley Wong, who will be in charge during his absence. He would be pleased to have those to whom he has extended credit, mail and make a settlement before the 20th. Those who find it inconvenient to pay in full may settle with Charley who has authorized to issue receipts for same. Well, so long little chinamen, may you have a pleasant trip, a real visit and a safe return. "For here is a jolly good fellow which nobody can deny."

### Look At Home, Win Away

Mirror and Alix hockey teams met in battle at Alix last Saturday night in a real first game and despite the adverse score our boys had the best of the play. Their weakness was in goal. In the first and second ends the visitors tallied three counters each to the locals two, and in the final period our team got into swing and rang the bell for three scores to the visit one one. Final count Mirror 7, Alix 5. Jack and Jim Pears, Duoc and Rex Wilton and Art Lismach scored for Alix.

The return game with Bashaw proved an easy win for the visitors, the score being Bashaw 5, Alix 2. Both teams worked hard, but the practice and combination of the team from the north had our boys fooled. Bashaw scored in each end, 2, 2 and 1 while Jim Milton and Jim Pears shot the two Alix goals in the final end.

Note, Bashaw! Your team has always carried a good name for Alix fans and this game was no exception except in one instance. C. Wells was penalized for pulling the dirtiest play of the game and on leaving the ice made a first finger pass before his nose at the referee. Was this gentlemanly? We'll say it wasn't! It shows a low a mind and poor sportsmanship.

Send us in that item of news.

### To The Ladies Of Alix

Very often an organization exists in our midst and is not appreciated. Such an organization is the Red Cross. Here in our very midst an earnest young man works hard with the youth of our district. He is himself a worthy model for the boys he trains and gives the work the best that is in him. Mr. Dennis Hargit has offered the services of his living to help the W. I. in its community work. In connection with this society's work for "Little Schools and Education" they have promised to give each Canadian magazine to the high school and senior room as supplementary reading. These magazines containing articles on geography, ship building and current events which are highly educational. Beverly Nichols' "City Harvest" with its powerful stirring of war, alone justifies this course, therefore we ask you when a boy next appears at your door will you please give him the magazine? We have finished with The following will be very acceptable.

Mr. T. Gemple was in the Capital City this week as representative from Alia local to the U. F. W. A. convention. We understand that Mr. Gemple has arranged to give Alia a weekly picture show, beginning on the first Friday of next month. He will still have the Wednesday night show and the week following will be here on Friday. Watch for further announcement.

Messrs. C. G. Marryat, C. E. Stone and C. W. Wallerstein went to Edmonton on Monday to attend the U. F. A. A. large hall for supper and joined the happy throng up to 2.45 a. m.

After supper novelties were handed out and from then on horns blared, balloons popped and the paper caps added additional color to the already brilliant scene. It was a wonderful night and we congratulate the young people who were responsible, may they stage a come-back act in early days.

The prize winners at bridge were Mrs. R. L. Tompler and Mr. E. F. Cameron, while the consolation went to Mrs. W. Cunningham of Ties and Mr. Dennis Marryat.

In the draw for prizes at the dance, Mr. O. Siddons won the \$5. Mrs. T. Jamieson the \$2. Mrs. G. Smith, Wilfrid McElhiney and Mr. Herch the 3rd, 4th and 5th prizes.

Mr. and Mrs. B. Pittison, who have spent the past six months in Alia at the home of the lady's brother, Dr. Warren, left on Thursday for Ashcroft where they will reside as a family.

The contest for Alia was played by Rex Wilton, 3, Jack Poiré and Frank Brooker 1 was an assist; by M. Hunter. It was a real clean game and was very much enjoyed by the fans.

## L.O.O.F. Stage My Fun!

Lots of donors and lots of fun, attended the efforts of the Odd Fellows to entertain on Friday of last week, and we can truthfully say the event was a real success. In the Legion hall, under a canopy of hundreds of roses, lanterns, balloons, streamers, etc. the donors tripped away the hours to the entrancing music of the Glorioso, while in the Odd Fellows hall the bridge players waged a keen battle up to midnight when they too came over to the large hall for supper and joined the happy throng up to 2.45 a. m.

After supper novelties were handed out and from then on horns blared, balloons popped and the paper caps added additional color to the already brilliant scene. It was a wonderful night and we congratulate the young people who were responsible, may they stage a come-back act in early days.

## Jimmy Takes a Big Holiday

Jimmy Wong Loon's first introduction to Alia was on a week in the old Grand Hotel away back in 1915. More than a quarter of a century ago, in 1918, he opened up a business of his own, first a restaurant and then a general store, and as a merchant has made a home of friends, everywhere this Jimmy. Since the first time in that long period, he is taking a well earned holiday and on Saturday of next week, 25th of January, he leaves for his old home in Hong Kong, China, to spend the holiday with his old people and his relatives as to thank all his friends for their liberal patronage and also that the same courtesy be extended to his successor, Charles Wong, who will be in charge during his absence. He would be pleased to have them to others be his extended family, and make a settlement before the 25th. Those who find it inconvenient to pay in full may settle with Charles who is authorized to issue receipts for same. Well, so long little old man, may you have pleasant trip, a real visit and a safe return. "For he's a jolly good fellow Jimmy's holiday with you!"

Mirror owners were successful in bringing home the "North Star Outcry" test walk from Detroit, winning by a majority of one. On Monday night they successfully defended the cup in two games with the Alia brass artists and in this instance the score ran above the limit of our ability to calculate.

Some of our readers took part in the hospital at Lacombe the forerun of the week.

The next picture at Mirror is that wonderful production "This Day and Age." There will also be a showing of this popular reel "The Three Little Pigs."

The roads are now in pretty good shape and the present weather is all that we could wish for.

### Addresses Alix Business Men

On Friday evening last our business men to the number of thirty-two, gathered to listen to an address on "The Douglas System" by Mr. Norman Jacques. The speaker is a keen student of this plan and brought many new thoughts. He did not claim to be an authority, in fact he told us he was only a student himself, but even at that he answered a great many questions very satisfactorily.

An economic study group has been formed in Alix and this was the first item on its program. It is hoped to have all problems of this nature discussed and from time to time speakers will be brought in. The Red Deer group have written that they will pay us a visit on arrangement.

### Death Of R. Primus

Following an illness of several months, Mr. Richard Primus, an old timer of this district, passed away at 11 o'clock on Wednesday night at his residence Main street, Alix. He is survived by his wife, one daughter and three sons, all of this district.

The funeral takes place at 2:30 p. m. today, Friday, from his late residence to Alix cemetery.

### RATEPAYERS MEET

Notice is hereby given that a meeting of the Electors of the Village of Alix will be held at the Town Hall, Alix, at seven o'clock p. m. on Monday the 5th day of Feb. 1934, for the discussion of the Village; and that from 8 p. m. to 9 p. m. on the same day and at the same place, nominations for the office of Councillor will be received.

### This Week's Town Tidings

Mrs. Henry Beyers and daughter Lillian were Lacombe visitors by train Saturday. Mrs. L. W. McDowell and Mrs. E. G. Ahern were Red Deer visitors on Tuesday. Skating is very good now and all the school children are enjoying themselves even though on the ice by the track near the hall.

Mr. Gerald Fry was a Calgary visitor over the week end with his sister and family Mr. Ted Braun. Mr. Cyril Colebrook is very sick with a bad attack of flu. A net and lungeball game occurred at the post office corner last Saturday. When Walt and Vic and Bill died Jim turned the corner their night upon, participating them all onto the ice in the road. Luckily no one was

### With The Scouts

A display of Scout and Cub work was held at the school on Friday, Jan. 26th. Those present were struck by the fact that one young man, unnamed, was able to have taught these boys such splendid co-operation. This is exactly the training our boys need.

After the display a meeting was held for the purpose of forming an organization. It was the general feeling of the group that man cannot possibly carry on all the work of the organization alone and after some discussion it was decided to form a committee of "fathers." The following were elected: Messrs W. D. Clarke, P. Sitters, L. Siddons, A. E. Holberg and S. Whitefield.

The bridge party, planned for the 2nd, has been postponed until February 14th. This is to raise money for registration fees, etc. Watch for further notice.

### Wedding Celebrations

On Friday of last week Mrs. Mackie celebrated the passing of another milestone by entertaining at dinner. Among the guests were Mr. and Mrs. W. F. Puffer and Mr. and Mrs. B. Puffer and children of Lacombe, Mr. and Mrs. W. Mackie of Stettin. The bountiful spread, followed by several hours visiting, made a most pleasant evening.

On Monday night a bridge party was held at the home of Mr. and Mrs. W. L. Pettet to celebrate W. L.'s birthday. There were five tables set the prize winner was Mrs. Art Foster and Mr. J. R. Mackie. Following play a dainty luncheon was served.

### The Village Council Meets

The regular meeting of the Village Council was held on Monday evening last with all members present.  
At 8 sharp the meeting was called open for one hour for the nomination of one Councilor. Mr. Henry was unanimously returned to the board.

A letter from the Department requested information as to the residence of Mr. R. Cruickshank so that it could be determined whether Lake-side M. D. or Alix was responsible for the Old Age Pension.

Mr. A. S. Blisset asked for the village farm property for another year. This matter was left over till next meeting.

A letter from the City Council stated that relief to the amount of \$15 per month had been granted the Santee family, and claimed it was up to Alix to foot the bill. As this was questionable, Councilor Woolgar was instructed to procure data that the family moved from Alix.

An account from the Department of \$33.15 for Old Age Pension was formed. Meeting adjourned.

A man should never be ashamed to one that he has been in the wrong; it is but saying in other words that he is wiser than that he was yesterday.—William Penn.

#### Thank You

To all my friends:  
Having disposed of my hardware business in Alix to Mr. H. C. Spelman, I wish to thank you all for your patronage and business for my success the same courtesy that you accorded me.  
R. L. Tupper, Alix

### Some Changes In Main Street

First 'tussle old G. G., the buyer who sang,  
"We'll be the greatest and we'll be the king"  
"Of the salty sea breezes away, beyond our"  
"The lake that they named after Captain Vancouver."  
The den where old G. G. used to work like the spider  
At spinning his web for the film, wider and wider,  
Caught here and the writs and cawnts at his,  
Went up in the flames in a mad snarl.

But out of the ashes has sprung into view  
A steam heated garage all ready for you—  
Where Mr. E. Hollings with care and precision  
Will grease your rear end for its winter transmission.  
And right where the old Union Bank used to stand  
You'll find a new building not nearly as grand—  
The directors decided the risk to curtail  
Lest the plans of the robber C.C.F. prevail.

Then south of the bank by some three or four rods,  
Spontaneous combustion accounted for Todd's  
Pleasure and hell so you sure are aware  
As also for Thompson's outstanding hardware.  
But right on the site of this once of disaster  
They've put up a building of brick and plaster—  
On one side U. Wilsons for pool has a beach,  
On the other E. M. Walker conducts the White Lotus.  
To conclude all the changes and finish the list  
Mrs. Henry of course is the town pharmacist.

### Hardware Changes Made

This week one of our oldest businesses changed hands  
When Mr. R. L. Tupper sold his hardware stock to Mr. H. C. Spelman of Edworthy. Bob has been a business man in Alix for a great many years and as a hardware vendor for the past 12. His reason for selling is that he has been a great sufferer from rheumatism and while he and Mrs. Tupper will still make Alix their home, they will spend a portion of the time abroad in hope that a cure may result. We welcome Mr. and Mrs. Spelman and family to our midst.

### Carroll And Muccian Dance

On Thursday of next week February 16th, a monster "Carroll and Muccian Dance" will be held at the Alix rink commencing at 8 p.m. The carnival will last for one and a half hours and the dance will follow immediately to music furnished by the Gloriosa five piece orchestra. Good prizes for fancy, novelty and comic dress for ladies, gents and children. Coffee and hot dogs will be on sale. If you don't skate or dance come and look on.

E.J. Thorburn of Calgary whose fame as a playwright first spreading abroad, has written a series of short plays especially suited to radio technique, dealing with incidents in Alberta life. Each week the CKUA Players, under the very capable direction of Miss Sheila Murray, present one episode.—Radio News.

The Alix mistle bouquet, which opened last night, is now in full swing with fifteen risks in the draw.

# "Home Town Loyalty"

"For many years the local mer-  
 chants have been complaining a-  
 gainst 'mail order houses' or the  
 buying of merchandise from any  
 place—except the local store-  
 keeper. They have called the  
 'local newspaper' to help them  
 spread this gospel. This paper  
 put it out, and in addition went  
 right to carry advertisements of  
 our best local concerns. They  
 thought this was good business  
 all around, as it would build up  
 local sales and help the newspaper  
 to do its job."

The Free Press has also been  
 asked by merchants and business  
 men to take up the campaign for the  
 local merchant and discourage out-  
 town buying. But our Exchange  
 committee is not in it.

"With very short exceptions,  
 the merchants to-day are doing  
 some business, the very thing  
 they have asked the newspaper  
 to fight in the years past. Here  
 are some instances:  
 Some outside printing concerns  
 send on collectors or advertise  
 through the mail cheap prices on  
 furniture, hardware, etc., etc.

The prices are less than the  
 local printer's—a dollar or so less  
 a thousand. Many send their  
 business out of town, yet expect  
 the local printer to do their  
 good.

Chairs stolen ship their mail  
 bills all over the country at a few  
 cent 'to branches,' yet expect the  
 local printer to pay these bills.  
 Banks buy stationery out of  
 town, yet expect the local printer  
 to carry an account or to be able  
 to pay his bills.

The only excuse in the saving  
 of a few dollars on each order of  
 printing, while sending money  
 out of town which can never re-  
 turn. This applies especially to  
 the smaller industries, but to the  
 larger still, when they do not  
 make a mistake. Please don't  
 printing outside the shipping dis-  
 tance, and frequently a thousand  
 or more sales lost or another  
 year, yet the buyer of printing  
 depends upon the local printer  
 for business. This is just as true  
 as one sided town or another.

The one great point that most  
 merchants fail to grasp is that  
 every dollar spent in the town  
 of the community goes to the  
 community. On the other  
 hand, every dollar spent in the  
 community returns, directly or  
 indirectly. Directly, it will  
 make the sale of merchandise to the  
 printer or his employees. If  
 money is sent out of town, the  
 mail will not have any money  
 to spend. Indirectly, the printer  
 and his employees pay taxes,  
 support local enterprises, and  
 contribute to the upbuilding of  
 the community.

Again, if paper prices are  
 paid for printing (or anything  
 else) only paper can be bought.

education. It is a business of  
 buying power, based on reser-  
 vation of a commodity in the al-  
 ternative. Property, or good busi-  
 ness, must be established in a  
 proper community. If there  
 were first best paper prices, there  
 would be some concern  
 offering goods at a proper price.  
 Merchants who want local  
 trade must patronize the local in-  
 dustry on the basis of fair price.  
 It is the only way to  
 avoid a good business condition  
 and a more for price loyalty.

It is very often because the  
 merchants have bought a truck  
 from a local man or a good  
 man, that they have not  
 bought in very large quantities  
 to get the price. The induc-  
 ment is to get the local price to  
 get a good price on a 100 or  
 500 order on the outside covers  
 quotes on a 1000 or 2000 order,  
 then wait until the end of the  
 year, or longer for his money.  
 With the outside covers it is  
 such or at least thirty days  
 credit.

To tell the truth newspaper  
 publishers in the smaller towns,  
 especially, are being hurt by  
 this "home town loyalty" set-  
 up, in which they have been  
 holding the bag on so many  
 occasions and which has made  
 nearly five years as far as they  
 are concerned.

### Thirty Boys For Damaging Line

Appearing before the P.M. court day last week, Severa, a farmer living south east Mirror, was sent to Fort Saskatchewan for thirty days hard labor. It appears he was moving a building and in the process ran down two short lines. No. 6 of the Mirror and No. 4 of the Ave and on refusal to pay the damages was sent up.

### Don't Throw Stones

This might apply in more than one connection, but in this case we speak literally. The graveling of our streets is a temptation to children to throw stones to the detriment of property. One case in point is the Hodgins house in the east end of town, which really is a square with its empty spaces. And again, on Tuesday two small boys, throwing rocks at the United Church building, caused in one of the large pines, which will cost the board, or someone, around \$2. It is up to parents to warn the children against this practice.

### Farm Home Changes

Mr. Lloyd Walker is moving his family to a farm between Clive and Lacombe owned by Mrs. Patrick.

Mr. and Mrs. T. Ralston have moved onto the Jackson farm near Haydon and Mr. R. Waddy will move to the Dean farm.

We understand that Mr. and Mrs. Haynes will move onto the Jack farm on the highway east of town.

Mr. C. Griffin and family arrived last week from Moose Jaw to live on their farm east of town. Mr. O. Bontis who has been the renter has moved onto the Sims place.

Mr. H. Simmonds has moved his family to the Roland house, while Mr. H. Hovens moved his family to the farm he vacated.

We learn that Mr. C. H. Cole has given up the management of the ranch south of town, but he informs us that he intends remaining in the district.

Mr. D. McLaughlin has moved onto the Geo. McLaughlin farm south of town and the Lehighridge farm to the east, which he vacated, has been taken over by Mr. and Mrs. H. G. R. Riches.

### Village Council Minutes

The regular monthly meeting of the village council was held last Monday evening with all members present and Rev. Maclellan presiding.

Councillor Henry took the oath of office.

The following officials were then appointed for the ensuing year: Secy-Treas. C. E. Yarwood; Auditor, W. L. Pettet; Assessor, H. F. Ben-derson; Janitor, Mrs. Chas. Woodger.

Misses A. S. Bennett and C. E. Cole appeared before the board with reference to the farm property owned by the village. The latter offered to purchase the acreage \$10 per acre but his proposition was not entertained, and an agreement was entered into with Mr. Bennett at a rental of 40 per cent to the village with a provision that land be plowed.

The village acknowledged responsibility for the Gaskey family and a motion was put through to re-emburse the Clive council in the sum of \$14 for January.

In taking the estimates for the current year a considerable cut was decided on.

A few small accounts were presented, among which was the secretary's bond.

Meeting adjourned.

Read the announcement of the Auction Sale our Mirror on the back page of this issue.

### Fire Takes Toll At Town

The fire fund paid a visit to Tues at 4.30 on Thursday evening of last week and completely destroyed a two-story building. Mr. J. M. Crank resided upstairs and it is thought he was starting a fire with coal oil and when the gas exploded the fire was set and in addition to razing the building burned his body on the face and hands.

Bernard Lawson occupied the ground floor with a pool hall and barber shop and he managed to escape with considerable of his equipment. The building and upper flat furniture are a total loss as no insurance was carried. We understand that a new and larger block will be erected at once.

### Where To Go and What To Do

### EASTER

Christ the Lord has risen today,  
Roses of men and angels say . .  
Raise your joys and triumphs high,  
Sing ye heavens and earth reply.

In the end of the Sabbath as it began to dawn toward the first  
of the day of this week, many Mary Magdalene and the other Mary  
went to the sepulchre and beheld that there was a great earthquake,  
for the angel of the Lord descended from Heaven and came and rolled  
back the stone from the door and sat upon it. His countenance was like  
lightning and his raiment white as snow, and for fear of him the her-  
sels did quake and became as dead men, and the angel answered  
and said unto the women, Fear not for I know that ye seek Jesus  
which was crucified: He is not here, HE IS RISEN (STERN)

#### THE FIRST EASTER

Deed they left Him in the tomb,  
And the impenetrable gloom,  
And the great stone to the door,  
And they thought themselves more.  
Then came Mary Magdalene,  
Weeping to that bitter end,  
And she found to her dismay  
That the stone was rolled away.  
Cometh Peter then unto her  
When they loved to look upon  
And they found His linen there  
Lies within the Sepulchre.

By My Mary Magdalene  
First the Risen Christ came on  
And from every heart that day,  
Lies the great stone was rolled  
away. —Gust.

#### "Immortality"

When one again reads over the story of the resurrection as  
told by a doctor, a nurse and a political servant in the four Gospels  
it is no inherent reason for disbelieving it. The sensational part  
of that story would have stopped at nothing to disprove it. They  
were not acting for gain, they themselves needed the tomb, surely  
there is in the mind of a doctor and a political servant a Roman guard  
to watch it, to whom failure is positively mortal. They would  
not have been at the tomb if they had not been sure that the  
resurrection was in fact a reality.

They had at that time but your argument to support for their  
attestimony and in fact, if the whole story were on invention,  
the likelihood of the great body of believers in the  
resurrection is to be an additional evidence.

I am in that flesh, and was dead; and, indeed I am alive for-  
ever more.

#### The World's Last Days

Mr. Wm. Weatherill took ad-  
vantage of the one hour per  
two and went to Vancouver last  
Saturday.

Allox has had the advantage  
to have a horse fall on his tail  
and break his leg. He is trying to  
get the horse to get right in the  
break.

Miss Marion Lonsdale was glad-  
ding on Sunday's trip, had the  
advantage to get caught in the  
school and leave her car.

Miss McMillan was a weekend  
visitor to Calgary to see her  
mother who was on the way to  
the Okla. City trip.

Did you know what agent the  
state is, says Dakota, returned  
from the country, says the  
very numerous there and the  
ground very dry the horses have

#### Two Groups Meet

The Alix Economic Study  
Group has their group on  
Friday evening, March 21st.

The Economic Study Group  
of the Red Deer, at the Hopy  
Valley Hotel.

A most profitable and pleasant  
evening was spent in the  
discussion of the various  
under the leadership of Mr.  
Chas. Seidl D. S. L., of the  
Red Deer Group, who deliv-  
ered a most able address on  
the "Marxian Theory of sur-  
plus value."

Mr. Seidl had had his ob-  
ject well in hand in his ex-  
position brought out many in-  
teresting points of economic  
interest, demonstrating that  
much thought had been used  
in its preparation.

The discussion which inter-  
spered his talk proved of ben-  
efit in clearing away consid-  
erable present day misunder-  
standing.

The deep interest taken in  
it proved that men are curi-  
ously becoming more interested  
in the subject of economics, in  
an endeavor to find an ex-  
planation of the present conditions.

It is to be hoped that the

### Village Council Minutes

The regular meeting of the Village Council was held on Monday evening last at 8 p. m. In the absence of Steve Mucke, C. Woolgar acted as chairman.

Very little business came before the meeting except through correspondence which consisted of accounts, relief work and letters pertaining to the work of the Council.

It was decided to have the bed house in the north of town, filled up temporarily, until the front goes out of the ground.

The Secretary reported caveats had been filed on several properties for arrears in taxes.

### Boys Scout Entertainment

Those who were fortunate enough to attend the concert given by the Boy Scouts on Friday night last, realized a treat. The boys surpassed themselves, from the opening chorus a snap and vim that was good to see. The ceremony of presenting the charter was a serious matter to these young people, they missed not a word or gesture of the whole performance. The two men who worked to make such splendid results are to be congratulated both on their choice of material and on the enthusiasm they aroused in the boys. This training is good for young folk, they gain poise and become less awkward and shy. The parents who so ably assisted the Scout Master, Mr. Maryatt and Mrs. Cormack who accompanied the songs on the piano, added to the success of the evening. A number of the Red Deer Scouts accompanied by their parents were present. The visitor, Bert Cragen of Lacombe, who rode so beautifully was a well-earned intermission. We hope to see and hear these Boy Scouts on the stage another year, and hope that next year the hall will be filled to overflowing. Observer

## ABOUT THE BOOTS

(Continued from front page) movements springing up in different sections of the world, the sole idea of breeding into the youth of those nations a sense of national spirit, unity, this is the policy that Canada's Citizenship will initiate. With a population made up of every nationality under the sun, and Canada, steadily dependent on the goodwill and friendliness of other peoples, it is not surprising that the Canadian government, it would be a foolish and wrong policy to initiate into our youth that selfish and a general national spirit that has seized hold of Germany.

There never was a time in the history of the world when the well being of one nation is so dependent on international friendship, peace and goodwill as now. The youth of this nation must be taught to understand the needs and aspirations of other nations. There have been in existence a boy or girl's youth movement, namely Boy Scouts and Girl Guides, since 1907. The Scout training was worked out by Lord Robert Baden-Powell to develop character, courage, self-reliance, and citizenship. This movement has grown and thrived to such an extent that today practically in every country on the globe there are strong contingents of the youth, undergoing Scout and Guide training.

It does not mean that it is a black boy of Africa, an Indian, Egyptian, French, Dutch, or Chinese, and all these youngsters are bound together in the one great brotherhood of Scouts and Guides.

What wonderful potentialities a movement like this has for bringing the different peoples of these different countries together in common ideals and aspirations. Surely it is a movement that is worthy of the support of every Canadian citizen that is to men and properly returns to this glorious Canada of ours.

There is a group of boys in your own village who have banded themselves together and have to have the Scout Promise and are trying to live up to the Scout Law and to give them all the support we can, by support. I do not mean so much financially as by showing interest in the Boy's work by actively encouraging them at their work.

For visits to their work and camps in the countryside and step camps with them around the country, you will find it a stimulating experience, a need to the parents of the boys. Be willing to make a little sacrifice, by letting your boys attend their Saturday night meetings on time, you will live to regret it, remember the Scout training your boys receive will stay with them all through life and if any of them are fortunate enough to travel into other countries, remember that with no more willing to welcome them than a Parent of a Scout.

tings of the Agricultural

### Good Business

We were shown a state-  
ment of 19 hogs sold for very  
close to \$300.00 in Alix last  
week and the idea occurred to  
us that at prices like this  
farmers could not all be broke  
yet.

Another man stated that  
he had received \$66.65 for 4  
hogs sold.

At the cheap price of grain  
hogs ought to be a profitable  
line these days.

### Girls On Hike

Club a very interesting and  
helpful lecture and demon-  
stration on First Aid was

### Damage Awarded

At the sitting of the Supreme  
Court at Wainwright this week  
damages in the amount of \$6,375  
were awarded in the case of John  
McMurtrei.

This case arose out of an acci-  
dent that happened on the high-  
way in May last when the eight  
year old son of John was run  
over by McMurtrei's car while he  
was in the act of having been driv-  
ing by E. M. Olson was being  
driven.

According to medical evidence  
submitted the boy's leg which was  
broken in some 15 inches shorter  
than it was and his eyes and  
ears were also injured.

### Alberta Man Over

20,000 Unemployed

Edmonton, April 14 — That  
there is a standing army of over  
20,000 men on the lists of the  
unemployment commission in  
Alberta, and that even a return  
to normal pre-depression activity  
could not provide them all with  
employment, was the startling  
figures given by Walter Smitton  
Commissioner of Employment and  
unemployment under the provincial government  
before Legislative Committee.

When farming used to make a  
man from 10,000 to 15,000 men in  
the spring and from 10,000 to 12,000  
in harvest season, of which latter  
total from 6,000 to 10,000 were  
brought into the province from  
outside.

Manufacturing of farm work and  
a moderate and unexciting work  
had put thousands out of  
work, he said.

Last year the demands for agri-  
cultural help in Canada for the  
spring season and 1,000 in the  
harvest time.

## The League of Nations

The meeting planned to cele-  
brate the signing of peace will  
not be held on the 11th as subse-  
quent, being on Saturday, May 19th.  
Friday is Goodwill Day. At a  
time when the world is shaken  
by the ravages of war and we  
seem to be on the verge of chaos  
it behooves all thinking people to  
find out all they can about the  
ways of averting war and making  
international peace a certainty.  
That would happen to Canada if  
there were wars anywhere?

Up to the meeting on the  
11th this has been the case.  
8 p. m. sharp.

There will be singing, reading  
and before that a lengthy parade  
of all the names on the repre-  
sentation of the various nations.  
Ald children large and small  
are welcome to join the parade  
which will be led by the Boy  
Scouts and Girls Scouts. The  
Band from Fort St. will be at-  
tending of the march. Cost in  
cents and hear the high school  
girls winning couple.

April of 1934 was the worst  
month in 80 years.

### What is Your Idea?

What is Alix going to do  
about a Wednesday half-holiday? Sure! The merchants  
are entitled to at least one  
half-day holiday during June  
and July. How about it?

### Considering a Ministerial Call

Representations from the  
United churches at Mirror,  
Edmonton and Alix met in  
Mirror on Friday night of  
last week to consider the  
inviting of a minister to this  
district to fill the vacancy  
created by the resignation of  
Rev. R. Upton at the last of  
June. There were three names  
before the meeting, only one  
of whom has preached here.  
Rev. Allison of Calder  
bridge, who occupied the  
pulpit on Sunday last was  
well received. It is hoped  
that the others will be here  
shortly.

### Obituary

A pioneer settler of this  
district passed away at the La-  
bouchere hospital on Thursday  
night of last week, in the per-  
son of Ole Olsen, at the age  
of 77 years. Deceased was a  
native of Denmark and in his  
early manhood was for years  
a British tar, and as such left  
the world over. Some  
twenty-five years ago he came  
to Alix and settled on the  
farm six miles north of town  
which has ever since been his  
home. The funeral took place  
on Saturday afternoon from  
the United church to Alix  
cemetery, Rev. R. Upton officiating.

### Mill Rates Same As Last Year

The regular monthly meeting  
of the village council was held on  
Monday night with all members  
present and we were glad to see  
them back again in their chairs.  
The first item of business was  
the consideration of appeals from  
the 1933 assessment. There were  
but three and no change was  
made.

The school was in its regular  
session for \$1.00.00.

The mill rates for village and  
school was left the same as last  
year with a 5 per cent reduction  
if taxes are paid on time.

Letters were received from the  
Department of Health and the  
Department of Agriculture that  
the village was responsible for costs  
in the R. H. Woods case.

With reference to the raising  
of large sums of money, it was  
pointed out that a per cent was  
provided and no citizens should  
make use of it.

The hotel, the White Lion,  
at W. F. French and the post  
office were all considered for  
municipal houses.

A few accounts were passed for  
payment which related to the  
for the Mackay family at Alix.

Notice was ordered published  
regarding raising of taxes, dis-  
cussing the riding on subser-  
vants and making a new hall  
demanded.

Meeting adjourned.

### New Church To Be Dedicated

The opening and dedication of  
the new Free Methodist church  
will be held May 12 to 13th. The  
services will be as follows:  
Friday, May 11th at 8 p. m.,  
Saturday, May 12th at 10 a. m.,  
Sunday, May 13th at 10 a. m.,  
followed by preaching at 11:30 a. m.  
(On Sunday the service will be at  
10 a. m. and 8 p. m.)  
Benediction at 7:30 p. m.  
Rev. J. E. Todd of Edmonton  
will give charges of these meet-  
ings. We give you all a hearty  
welcome to these services.

### Alix Young Couple Wed

An event of interest to their  
many friends in the district  
took place in Central United  
church, Calgary, on May 4th  
when Olive Mank, daughter  
of Mr. and Mrs. Edwin Bray  
of Jarvis, Alberta, was united  
in marriage to Mr. John  
Ray Stone, second son of  
Mr. and Mrs. C. E. Stone of  
Alix, the ceremony being per-  
formed by Rev. J. E. Todd.

The bride, who looked  
charming in a primrose crepe  
gown, carried a bouquet of  
tulips and carnations. She  
was accompanied by her two  
sisters and their husbands,  
Mr. and Mrs. Frank Evans  
and Mr. and Mrs. L. E. Anon.  
The young couple have  
come to reside on the groom's  
farm south of Alix.

### Commemorate I. O. O. F.

#### Anniversary Last Sunday

Following the custom of  
Old fellowship throughout  
the North American contin-  
ent, members of the Alix  
 lodge, accompanied by the  
Rebels and several visiting  
members, paraded to the  
United church on Sunday  
afternoon last. The occasion  
was the 11th anniversary of  
the institution of Oddfellow-  
ship on this continent.

Byrons suggesting fellow-  
ship and unity were sung and  
the Rev. Brother Laird of  
Clive used the three links  
of friendship, love and truth, as  
his subject as portrayed by  
the story of Jonathan and  
David. He urged for a greater  
spirit of unity among all,  
pointing out the change that  
would be brought about if  
these principles were put into  
action universally. There was  
an extra large turnout to the  
service.

A pleasing portion of the  
service was the beautiful mu-  
sic furnished by the string  
orchestra (seven violins and  
organ) from the Big Band  
district.

### Alix Ball Teams Win

Alix won their first game  
in the Buffalo Lake baseball  
league, when they took the  
big end of a 12 to 3 score at  
Mirror last Monday night.

His lands are where the waters

*Gliss.*  
The waters soft and still,  
And hummock life will gently  
guide  
My wandering heart and will.  
—J. Kolbe

Out of obedience and devotion  
arises an habitual faith which makes  
Him, though unseen, a part of all our  
life. He will guide us in a sure path.

Though it be a rough sea, though shadows hang upon it, yet He will be with us. He will bring us home at

best. Through much truth it may be  
in weakness and much fear and  
shaking of heart, in such sadness  
and loneliness, in grief that the  
world never knows, and under bur-  
den the nearest never suspect. Yet  
life will suffer for all. By His cry  
His voice He will guide us if we be  
devote and gentle, by the staff and

The red if we wander or are wild,  
any way, and by all means, He'll  
bring us to His rest. — H. E. Manning.

### Making Ready For Big Event in Alix Next Month

A meeting of the cemetery  
officials and our business com-  
mittee was held on Thursday evening  
of last week for the pur-  
pose of completing arrange-  
ments for the big three day  
event to be held in Alix on  
Thursday, Friday, Saturday,  
June 14th, 15th and 16th.  
The first two days is the  
annual convention of the  
Central Alberta Dairy Pool  
and jointly the two bodies  
of men intend to see that the  
visitors go away with a real  
impression of our village.  
Of course the first day will  
be all taken up with meetings  
of the pool, but Friday will  
be given over to enjoyment.  
Commencing right after dinner  
on the fair grounds with  
speaking by prominent pro-  
fessional men and games for  
the young people, children  
continuing down town in the  
evening with dancing on a  
large outdoor platform to  
music by the Gloriana  
solo orchestra, and a play in  
the Legion hall where those  
who do not dance. All the sports  
of this day are free and you  
are invited to come and enjoy  
them. On Saturday the special  
picnic in the store will  
continue, to take your choice  
to Alix a profitable one.  
Provision is being made for  
entertaining to the lower wants  
of the visitors and for those  
staying overnight accommo-  
dation is being arranged. Full  
information.

### The Peace By Bismarck

Under the management of  
Mrs. A. A. Davis, convenor  
of the committee of the Alix  
W. I. on the League of Na-  
tions, a most successful meet-  
ing and picnic was held on  
Saturday last at 5 p.m. The  
boy scouts and girls' club  
and a number of other chil-  
dren dressed to represent dif-  
ferent nations and carrying  
flags, assembled at the school  
and paraded down town in  
the Legion hall where they  
proceeded to the platform and  
all sang "O Canada." Hon-  
orable Farley sent an obla-  
tion and gave a most interest-  
ing opening address. On the  
platform Mrs. Foster, W. I.  
president, presented a letter  
to the successful writers of  
congress "How International  
Peace W. I. children Canada."  
The winners were: 1st Edna  
Rouse, 2nd Edna Siebert  
(who were there to read their  
papers) and 3rd Patrick Bur-  
row. Very pleasing remarks  
were given by Yvonne and  
Stanley Davis. Then Mrs.  
Davis gave her most inter-  
esting address on "How the  
women of Canada can help  
to prevent war." This was  
a wonderful and inspiring

### Official Board Sends Invitation

Practically a unanimous

J. Wolcott B. A., B. D. from  
this district of the United  
church. Organizational meet-  
ings were held in Mirror and  
Alix last Sunday to take the  
decision of the people and at  
the official board meeting on  
Monday night the list was  
sent to the presbytery.

### And The Days Were Again

With Mrs. and Gordon Wil-  
son taking turns on the  
ground and Fred Rouse haul-  
ing them in, the Alix boys  
played a short out game with  
Mirror on Monday night, thus  
winning again in the  
Buffalo Lake League, the  
third game and third win.  
Our lads were on their toes  
all the time and put up a real  
exhibition. Tally by inning:

### Making Ready For Camp

In deciding whether or not  
to allow the boy to go into  
camp with the Scouts at  
Camp Wood on Rydal Lake  
from July 6th to 13th, par-  
ents are advised that remain-  
ing hours will be limited and  
under strict supervision, with  
a penalty of being sent home  
and not being allowed to go  
to camp again. Boys intend-  
ing to go should attend every  
meeting of the scouts from  
now on. Sunday, the 6th,  
is visitors day and parents  
are cordially invited.

The railways are putting  
on a rate. Read the ad-  
vertisement. The girls of the club  
thus sang a chorus and the  
meeting closed with singing  
"God Save The King." We  
regret that all those taking  
part.

### Alberta Crops

Issued by the Alberta Department of Agriculture, Edmonton, on Saturday, May 18th.

Early wheat in Alberta is showing well above ground, and has reached the swelling up stage. Germination has been normal in the greater part of the province, with a few patches of dryness on account of dryness. Sowing of some grain is approaching completion, with some increase in acreage.

The weather for the most part since has report has been very warm and dry, with high winds prevailing over a large part of the province. Soil drifting has occurred in some cases, but generally speaking the damage from this cause has not been great. The central regions of the province have experienced an unusual amount of wind this spring. The warm dry period was broken by showery weather over the section of the province during the latter part of this week, bringing many districts welcome rain which, though not great in any one area, built drifting and gave added impetus to the new crop. A number of districts are still urgently in need of moisture.

The warm spell of the past week has brought the germination to a head very rapidly in the various threatened areas, and the moisture to the young crop growth in sections. The heavy rain of the past few days has helped out the crop, but the damage is likely to be done by the pest in the next few weeks from which the crop could not recover except through the normal rain of the next few days. The department therefore, emphasizes the urgent necessity of poisoning operations. Ample supplies of bait are on hand at present at the various baiting stations, and the field organization is active in seeing things done for bait.

Precipitation since last report has varied from light to heavy showers in various areas. Late-spring districts north in Valence reports light showers at one or two points. In the Calgary locality there has been little or no rain but north and west there have been showers varying in degree. Light showers have been reported at a number of points throughout the western section of the province. In the Red Deer-Lacombe districts, where dry conditions prevailed, fairly substantial rain fell. Edmonton district has had substantial rain and some good showers are reported from north, northeast and northwest of the capital.

Sheep men have reported an excellent lambing season. Prices for lambs at present are very good and hog prices are making a fairly solid recovery also. There is a good market for horses and farmware and farmers having animals for sale have recently shipped numbers at them from the province.

### Boys' - In the Field

Following their meeting on  
Monday night, the Rebels  
entertained the Odd Fellows  
and a few visitors at supper  
given in honor of one of their  
members, Miss Lucille Strub  
a bride-to-be. A pleasing  
departure of the evening was  
the presentation of a silver  
gift from the lodge to Lucille  
and, in lieu of a shower, a  
set of dinner dishes from the  
Rebels' members. It was a  
pleasant evening much enjoyed  
by everyone.

### Play-off Starts in Alix

After three straight wins  
in the Buffalo Lake Baseball  
League, the Alix boys met  
defeat in Bashaw on Monday  
night by a tally of 5 to 2. It  
was a good game as the score  
indicates. This brings them  
two teams to a tie and we  
understand the first game in  
the play-off will be on the  
Alix diamond next Monday  
evening.

### New Alberta Road Map

We have received from the  
Department of Public Works  
a copy of the recently issued  
Road Map of Alberta which  
is the best yet produced and  
is complete in every detail.  
In addition to the highway  
it contains markings of the  
historic sites and monuments,  
the railways, lakes, parks and  
twenty pages of printed de-  
scriptions. It contains a wealth  
of information that every  
resident should have.

### Alix Agricultural Society

#### Dominion Day Celebration

The above Society are sponsoring  
a monster Sports Day  
and Senior Baseball Tournament  
on Monday July 2nd,  
to be followed with a big dance  
in the evening to top off the  
day. A noisy orchestra  
will furnish the music.

Watch next week's paper  
for a full announcement of the  
Central Alberta Dairy  
Convention on the 14th  
and 15th. The merchants  
are putting on special prices  
for these two days and also  
Saturday June 16th.

We were in the presence of  
members by the Presby-  
terian Rev. E. Upson will

### KEEPING UP QUALITY

The reputation of Canadian wheat on the markets of  
the world is due to the fact that western farmers have  
made it a point to keep up the quality of their production.  
And the reputation of United Grain Growers is  
similarly based on a constant effort to keep up the  
quality of its service to farmers in handling their  
grain and forwarding it to their suppliers.

### Ten Auto Commandments

1. Thou shalt have one driver and that a good one, at the wheel.
2. Thou shalt not make false traffic signals, false turns and moves, but shalt obey all traffic signals and the law, Stop, Look and Listen.
3. Thou shalt not study the law to vain, for thou shalt not be held guilty if thou art ignorant of the law.
4. Remember every day is drive carefully. Be courteous to all men, daughters, servants, sailors and strangers that every day may be free from accidents.
5. Honor the yellow motorist that the days may be long upon the highway which the whole world share.
6. Thou shalt not injure, kill, be injured or immobilized.
7. Thou shalt not meddle thy hands with automobiles, sleep, mechanics or any other manner that breaks thy attention.
8. Thou shalt not obey the yellow motorist's part of the road.
9. Thou shalt not leave down upon thy fellow motorist or pedestrian, because, one killed him with glaring lights.
10. Thou shalt not crowd thy fellow motorist's place or anything that belongs to him. Nobody has the right to shove his car into any one's business for convenience and, above all, to his convenience.

Proper, thinking seriously at small job with day: "No, don't let him take on, he's cheating his back."

Small job: "Oh, you can't go by that, what you're showing you're huge, but I don't suppose you'll mind."

#### A Few Pointers

We would like to request every merchant and every householder to put up a flag for this event. Let us give as much color into the holidays as we can.

On Wednesday afternoon all places of business will be closed between the hours of 1 and 5 p. m.

Shelving accommodations for the visitors who come a long distance and stay for the two days will be at a premium, so if you have an extra bed let us know, it will be appreciated.

Car owners: It has been suggested that we keep cars off the Main street. Watch for the parking signs. There will be no charge.

Our merchants are putting on extra specials for these two days and carrying the same plans over for Saturday. Cleverly make it a three day bargain hunt. Give their stocks the once over.

All the sporting events—the afternoon at the fair grounds, the play in the hall and the monster operatic dances on the specially built 80x50 floor to music by the Gloriana six-piece orchestra—are as fine as the air. Come and have the time of your life we want to shake your paw.

The catering for the day is in the hands of the ladies of the various local organizations, the White Lunch and the hotels, so you are sure of lots to eat and of the best.

July 1st At Alix

Alix has a progressive Agricultural Society that holds a fair every fall. They own their grounds on which are located a fine up-to-date ball, a stock building, a race track, etc. Mr. E. W. Cornsack is the president and Mr. Robt. Whitefield the secretary.

On "Decision Day" July 2nd, they are sponsoring a Big Sports Day and baseball tournament with a dance at night. Keep this event and date in mind.

U.F.A. New Hall

The Alix U. F. A. and U. F. W. A. are real live organizations and around the middle of this month will commence the erection of a new hall on their Main street property. It is their aim to put up a building creditable to the town and free of obligations. They have hardly enough money, so buy a ticket on the price they are giving away and do your bit in helping to raise the small balance required.

On most farms the money from the poultry, the dairy or the garden belongs to the farmer's wife, but unless she has a book account the money soon goes.

Every farmer's wife should have a book account; there isn't so many things to save for—things for the home—a holiday trip—or the general rainy day.

A few hundred dollars in the bank will give you a wonderful feeling of security and independence.

**A Plain Frank Statement  
To Dairy Producers**

About 10 years ago a number of individuals, supported by the U. P. A., by Government grant and by loan from the Wheat Pool, created a great deal of attention by trying to organize a Provincial Dairy Pool. The object was excellent and deserved the full support of the primary producers, if these individuals had been more sincere in their endeavor to help the primary producers.

Measured with the standard of automobiles 10 years ago these organizers tried to travel in a big Hudson Super S Sedan, but they had three great big troubles. No gas, no fuel and no control, the super was too big and the roads too slippery. We all know the result, the car ran into the ditch with a suit for damages of nearly \$100,000.

During these days it required considerable skill for the Central Alberta Dairy Pool to navigate their little Liane, without being over-run by the big Hudson Super S.

However, time always tells. The Central Alberta's little Liane kept going, it had the gas and it had the goal, it knew where it was going and it got there. In nine years it distributed \$182,149.53 in cash dividends to its members, it acquired manufacturing facilities and set up marketing capital to the extent of \$119,211.11. Altogether the Central Pool benefited its members over 1 million dollars, it all came out of the cream, it never required financial assistance from anywhere, but has had plenty of problems and trouble which it has always solved successfully.

The Central Alberta Dairy Pool is now the largest Creamery in Western Canada. It is not operated for profit, it is operated entirely for service to its members and any bona fide producer can become a member. The Pool does not buy cream, it sells butter and returns all the proceeds to the producer less actual cost of operating the business.

The object of the Pool is redistribution of wealth, it distributes the profits from the many to the many—not to a few. Co-operation offers a new economic situation.

There are still people who live in the past and measure everything with the yardstick of the competitive system. I do not believe it is necessary to snuff out their lives, which to quite an extent was done to Russia. But I am convinced believers in the past will be forced to change their minds. Agriculturists must co-operate or perish—there is no middle way—Co-operation cannot fully succeed amongst farmers unless it is operated entirely for service to its members and any bona fide producer can become a member. The Pool does not buy cream, it sells butter and returns all the proceeds to the producer less actual cost of operating the business.

**PHILOSOPHER**  
By ALFRED BROS  
Truth needs no ally  
Success cannot be measured by money  
On against nature and it will get you  
Think straight and you'll go straight  
Common honesty is uncommon in this  
Want the man who talks of his love  
A silent fast often gets credit for wisdom  
Better to keep your shirt than your suit required

## Quick Relief Now From Neuralgia

**Road ASPIREN Starts Taking Hold in Four Minutes**

Now comes awesomely quick relief from headaches, rheumatism, neuritis, neuralgia—the fastest safe relief, if it aches, yet discovered.

These results are due to a scientific discovery, in which an Aspirin

On delivery by mouth an Aspirin Tablet begins to dissolve, or disintegrate, in the moistening space of two seconds after touching moist muc. And hence to start "taking hold" of pain a few minutes after taking.

When you buy, though, be sure you get the right one.

## This Week's Lost Things

Mrs. Abner and Marion have returned from Vancouver Island where they have been visiting Harold and Robert at Campbell River. Mrs. T. A. Cunningham had the misfortune to injure her hand with a scissor needle on Monday and had to have it treated by the doctor. We understand that Mr. H. Carroll of near Alix is to be on his high school principal's home for the next year. Mr. and Mrs. L. W. McDowell and children are moving up to Edmonton to reside in the building at their place. Mrs. McEachern to Mr. Frank Baugh. Don't forget the dance in the hall here Friday night. S. J. Henderson shipped a case of 400 bottles to Montreal Saturday for export.

The Alix Home Fuel Co. have just built a 27 bed dormitory in the basement of their home here for Mr. Cunningham, their agent.

The teachers are leaving Saturday after completing the year work for their homes. Miss Dickinson lives on Trochu and Miss Crawford in Edmonton.

Mr. and Mrs. E. G. Abner and daughter and Mrs. George Burd motored over to spend Tuesday with Mr. and Mrs. Fred Hanson east of Alix.

Miss Dorothy Meadows is taking a few weeks' holidays commencing the 1st of July.

Mr. B. M. Armstrong now has a new Chrysler Car.

Douglas McMillan is now busy hauling in logs to sawmills here for work. He did not get loaded last winter.

H. G. Abner and daughter Florence are leaving Saturday morning for Vancouver Island to visit Harold and Robert on their ranch there.

While crops are not suffering, still we would welcome another nice rain.

Mr. and Mrs. P. Shewd-fer of Provost were visitors of Mr. and Mrs. J. W. Ennis a couple of days this week. The new U. F. A. hall is coming along fast and when the finishing touches are administered by Contractor Joe Brooker and his son, it will be an added attraction to our Main street.

this country they spent several

1903 they moved to Alberta and

### LOCAL NEWS

Mrs. Geo. Ross received  
the sad news this week that  
her brother-in-law, Mr. A.  
Montano, had died suddenly  
of the heart at his home in Ar-  
rizona, Rockland, on Sunday,  
June 17th.

Albert Demers of Edmon-  
ton is spending a few days  
among his many old friends  
in Alix.

Mr. and Mrs. W. Lough-  
ridge, who have spent the  
past few months visiting at  
Nanton, returned home this  
week. They were accompa-  
nied by their daughter  
and her two children, Mrs.  
Radburn of Nanton.

Mr. and Mrs. H. H. Mann  
returned home from Leth-  
bridge on Monday accompa-  
nied by their daughters,  
Misses Kathleen and Grace,  
who are on their holidays.

Mr. E. B. Pair of Moora,  
Alberta, is at the Alix  
Hotel during July and  
August on the following  
dates:

July 17th and 21st  
August 7th and 21st

Our old friend Miss Torry  
of Beaulieu was shaking  
hands with his Alix friends  
early in the week.

Mr. and Mrs. Albert Turner  
and Mr. and Mrs. Geo.  
Dunlop of Calgary were visit-  
ing among their many old  
Alix friends over the holiday.  
Mr. Kent was in Red Deer  
on Saturday and Sunday,  
going down to conduct the  
services in the Anglican church.

The Alix girls will ball  
team was their game at the  
Civics sports on Wednesday  
afternoon, marking up a total  
of 23 runs to their oppo-  
nent's 16.

### Mirror Takes The Money

"At Alix 'Takes The Money'"

Dumfries Bay of Alix drew a  
good crowd despite the towering  
weather, and everything went  
off smoothly to the credit of  
Secretary Bob Whitfield.

Of course the attraction of the  
day was the baseball tournament  
and every team was up to snuff.

At 11 a. m. Red Willow and  
Gudley Lake squared horns in a  
major game for a win to Red  
Willow 5 to 1.

The 3 p. m. game between  
Lacombe and Mirror was a hard  
fight from start to finish. A light  
rain made the diamond a trifle  
sloppy, but the boys stuck to it  
and Mirror took the big one of a  
6 to 5 tally.

The real match of the day was  
the play-off between Mirror and  
Red Willow which went to 15  
innings. At the 8-5 in the 7th  
inning, both teams fought hard  
to break it but neither was able  
to break up the first half of the  
8th when a little funning and  
some hard ball altered Mirror  
to run in three more, and thus  
the game ended Mirror 8 and Red  
Willow 5. Mirror won the tourna-  
ment and first money.

During the afternoon there was  
hurdle racing for the grown-ups  
and now for the children which  
proved interesting.

As per usual, the ball at night  
the grounds for the dance and a  
jolly time was had.

All through, it was a real good  
day's entertainment.

### The Douglas System Explained

The Douglas hall was crowded  
to the doors on Wednesday after-  
noon for the visitation of Mr.  
Wm. Albert B. B. of Calgary  
who was again appeared before  
an Alix audience to discuss the  
"Douglas System of Social Credit."

His main point brought  
out was taken from a letter from  
Mr. J. Douglas in which he said  
the system could be put into  
force immediately.

Mr. Albert B. is a forceful  
speaker, and he is prepared to answer  
any question asked. His lecture  
was listened to with keen atten-  
tion and he was very much ap-  
preciated by the audience.

It was the present chaos  
which was the solution to the  
Douglas system.

### Alix 2 - Trochu 1

The Trochu team, winners in  
the southern school league, and  
the Alix team, winners at this  
one, played a money ball game in  
Alix on Wednesday afternoon  
and when the crowd closed away  
our boys stood at the top of a 2  
to 1 count. Gordon Wilson and  
Fred Ross were the Alix battery  
and put up a real show with good  
support. Score by the Trochu  
Trochu 0 0 0 0 0 0 0 1-1  
Alix 1 0 0 0 0 0 0 0-2

The first run for Alix was  
made by Ray Wilson and the winning  
count by Jack Henry.  
Art Lammert was umpire.

A big picture program has  
been staged for Alix on the  
25th of this month, present-  
ing "Little Women" and the  
"Carriers' Bear Fight." Fall  
entertainment time.

### Girls Win Thrice At Odds

The annual W. I. Girls' Club Convention was held in the Old Agricultural School from Tuesday to Friday of last week. Ida Cole brought representative from the Alix Club.

Our girls were winners three prizes at the convention as follows: 1st for essay (\$3) Veronice Davies; 1st for her needlework and 1st for the prettiest costume at the annual parade (Hawaiian) Ida Cole.

### EARLY SPODS

Mr. R. Sargent is again in the front row with his potatoes. On Saturday of last week he brought 75 editor's acres and on weighing four of the tubers we found they tipped the beam at 1 1/2 lbs. Can you beat it?

### Rail Bids Heavy Damage

On Saturday afternoon of last week a disastrous storm struck through the Carroll district south-west of town and also among the river district farms to the south, leaving havoc in its path. Windows in the houses were broken and crop damage runs from 50 to 100 per cent. High stones are reported as large as hen eggs and the tender grain and garden truck were battered into the ground.

Another storm rolling in from the west on Tuesday afternoon took toll on another bunch of farms to the south and we hear that on the Alix farm near Ardley several horses were killed by lightning.

Among those who have suffered loss are A. B. Bennett, C. Steward, Wm. Gilbert, I. and R. Docherty, G. Main, S. S. Roberts, S. Walker, J. Hamilton, J. Muir, H. Kraft, Stone Bros., A. McDonald, C. Karp and others of whom we have not heard.

### Alix Day Secretary To Promote

The new cabinet so named by Premier Reid is as follows:

Hugh W. Allen, minister of public works.

J. J. MacLennan, minister of industries, lands and mines.

Hon. F. H. G. Smith, minister of agriculture.

Hon. G. M. Mackay, minister of health, telephone, municipal corporations.

Hon. J. F. Lyngren, attorney general.

Hon. Fern Beker, minister of education.

J. S. Love, provincial treasurer.

Hon. Louis Parley, minister without portfolio.

Mr. Paul Brown, one of Mr. and Mrs. G. E. Wood of Alix, was called to the Capital City last week and we learn that he has been appointed private secretary to the Premier.

### Village Council Minutes

The postponed meeting of the Village Council was held last Monday evening, July 9th.

Minutes of the June meeting were read and approved and the financial report showed collections both for village and school considerably better than last year.

Mr. Ditto had an application in for consolidation of his taxes but as the Act calls for five acres (or more) plots, the Council could not comply with his wishes.

Another communication was read re the application of S. Cruikshank for the Old Age Pension and on motion it was endorsed.

Councillor Woolgar reported that work would start soon on the grading and graveling of the following streets: From the lumber yard corner along Prairie st. to where it connects with Alberta Avenue, thence along said Avenue to the Legion Hall corner, thence along Jamieson street to connect up with the highway; also Niblock street from the highway to Alberta Avenue.

### Field Day At Odds

The annual field day at the Old School of Agriculture will be July 20th. Farmers with their wives and families from the central part of Alberta will be welcomed at that time. An attractive program is being arranged with several outside speakers including the Minister of Agriculture. Visitors who bring picnic baskets will be supplied with tea, coffee and milk.

All departments of the school and the demonstration farm will be open for inspection and we are confident that all who come can be interested. Some of the newer fodder crops such as Crested Wheat, grass and Creeping Red Fescue can be seen to advantage at this time. These promise to be very useful crops for Central Alberta.

The herds of Ayrahire, Shorthorns and Guernseys; Yorkshire hogs, Shropshire sheep and Friesian horses will also be on view.

### ALIX ONCE AGAIN IN THE MONEY

Holders of ticket \$701, the Alix branch of the Canadian Order of Foresters was winner of \$50.00 in the June Canadian Field draw. Alix has been fortunate winning on several occasions in this month and June made the fourth consecutive.

### Orima Speaking

A Canadian of Ottawa writes a letter to the editor of Liberty magazine in a current issue. James Lambert of 340 Collins Road, R.C.M.D. Park, Ottawa, calls attention to the comparison between European borders and the fact between Canada and the United States. He says:

"There are no fortifications—only a wire fence here and there. No war exists among the people of these two countries, and that is the chief trouble in Europe now. Each country here is neighbor and that is for us to learn and another war is inevitable. I hope European nations be here long again on a treaty similar to that existing between the U. S. A. and Canada is regard to the fortification of their frontiers."

### Alix Fair Middle Of August

### Death Calls Mrs. Jesse Holmes

A shadow of gloom was cast over the entire community on Thursday afternoon when last week when a telegram conveyed the sad news of the death at her old home Black Harbor, New Brunswick, of Mrs. Jesse Holmes.

Just a month ago Mr. and Mrs. Holmes left to go back to their home in the East, after having spent some eight years in the Ripley district.

During the few years spent in our community Mrs. Holmes endeared herself to a host of friends who deeply mourn her passing. Being of a cheery disposition, always seeing the silver lining behind the dark clouds and taking an active part in every endeavor for the good of the community in which she lived.

She leaves to mourn beside her surviving husband, two sons and two daughters Mrs. S. Roper and Mrs. Archie Carr of Ripley district, Lawrence of Detroit, Mich. and Harold of Beaver Harbor, New Brunswick.

The sympathy of the entire community is extended to the bereaved family.

### Passing of Mrs. S. W. Setley

The funeral of the late Mrs. S. W. Setley of Alix, was held at 2 p.m. on Wednesday last, July 25th, from her late residence to Mirror United Church, interment taking place in Mirror cemetery, Mir.

Deceased, whose maiden name was Edna P. Bishop, was born in North Dakota and as a young woman she came to Alberta and this district where she made many friends who sorrow at her passing.

Mrs. Setley had been under the doctor's care for months and two weeks ago left with her husband to see friends in the U.S. and on July 20th she passed away at Ovada, Idaho, aged 44 years.

She is survived by her husband and six children to whom sympathy is extended. Her surviving son, W. E. Mirrer, was in charge of the funeral.

### Show for Girl's Life

On Thursday evening of last week Mr. and Mrs. Richard Waddy entertained at a show in honor of Miss Harriet Brown, a popular bride-to-be.

An artistically decorated tent wagon laden with many gifts, was drawn into the room by Master Percy Waddy and after their presentation a delightful lunch was served by the hostess. The remainder of the evening was spent in dancing.

### Sleep Night Now and Act

On the back page of this issue will be found a blank petition form which is vital interest to each and every resident of our locality, and we request you to sign it and secure as many signatures as you can within the next few days and forward to us.

Refuse Lake, with its 125 miles of shore line, is fast becoming merely a slough, its shores are a mass of dangerous weeds, its summer resorts upon which thousands of dollars have been spent, are fast becoming useless and the natural beauty is going. Let us make an attempt to remedy all this and bring back the waters of this once beautiful lake to their natural level. It can be done if YOU are sufficiently interested. (Will Stettler and Bashaw papers please co-operate.)

### ADVOCATE ISSUES

#### JOBILES NUMBER

Loomis, July 24.—Hon. Isaac Purdy, U. S. F. A. member for Alix and minister without portfolio in the provincial cabinet, will retire from public life at the next election. Speaking before the U. S. F. A. constituency convention at Loomis Monday, Mr. Purdy announced that he did not intend to stand again for the nomination.

Making another striking insertion in telephone communication the Alberta Government Telephone put through a telephone call last week from Jasper to the Canadian Pacific liner Empress of Britain, crossing the Atlantic from Quebec to Liverpool. This was the first time such a call had been put in.

Alberta Government will be represented by Hon. Gen. Hoodby, minister of health and telephones, at the unemployment conference at Ottawa at the end of this month. Accompanying him will be J. C. Thompson, the provincial auditor.

After 50 years in dairying, 32 of which were spent in this province, Dr. C. P. Marber, dairy commissioner, retired last week to be succeeded by Ray Sweeney, native of New Brunswick, and for some years chief federal grader of Winnipeg.

 Whereas Buffalo Lake is a Government Lake, and Whereas the overflow of the past year has lowered the level of water more than six feet to the detriment of the district from an agricultural and health standpoint; and

Whereas there is a sufficient drop between the Battle River and the present level of Buffalo Lake, We therefore petition the Government to put in a ditch, which will be around four miles in length, taking the high water from the said Battle River into Chain Lake and thence down the natural course by Parley Creek, to be filled with water into Buffalo Lake.

### Crocker - Semph

A wedding of interest to a  
wide circle of friends took  
place at the home of Mr. and  
Mrs. T. Semph of Alix, on  
Friday, July 27th, when their  
eldest daughter, Jean Machy  
was united in marriage to  
John Boyd, youngest son of  
Mr. and Mrs. J. B. Crocker  
of Lacombe.

The bride, who was unat-  
tended, was given in marriage  
by her father. She wore a  
gown of white crepe (fashioned  
on long, fitted lines, and  
carried a bouquet of pale pink  
roses. The ceremony was  
performed by Rev. J. Bain  
bridge of Donalds under an  
arch of evergreens.

Immediately following the  
ceremony a buffet lunch was  
served to the assembled guests.  
For travelling the bride  
chose blue with white acces-  
sories.

On their return from the  
honeymoon, which is being  
spent at Banff and Lake  
Loonie, the happy couple will  
reside on the groom's farm  
near Lacombe.

After twelve years as one  
of our general merchants,  
Mr. E. W. Pascoch has dis-

Mr. Pascoch has been con-  
sidered one of our honest  
business men and his depart-  
ure will be a loss but we  
trust that wherever he may  
locate good fortune will follow  
him. His successor is Mr.  
James A. Lane who comes  
from Islay, Alberta, and we  
understand he takes posses-  
sion around the middle of  
this month.

### Alix Agricultural Society

Owing to lack of funds and  
no Government grant it will  
not be possible to hold a Fair

clear off the old debt at the  
week end he able to finance  
our own fair, a Sports Day

**Government Plus Sentiment**

Editorial Free Press

May I have the privilege of using your paper for the purpose of discussing the sentiment (7) of our present Provincial Government, its ideas, principles and feelings. This may not coincide with a very reactionary personal view which seems to be now, cited in many of grand old's headlines, who seem to be based on the antiquated graves which his old parents followed. Humility and patriotism, combined with wisdom seem to have abandoned party in the position wherein it takes the stand of why every citizen who have the privilege of voting, are asked to consider whether or not we should give our children to be denied their birth right with regard to land, without their consent. Why worry? have we not a Government who name itself a farmers government, a government who support a Liberalism Government from the extreme right of a happy? and the complacent class of producers (8) of course we of grand old's philosophy, could see the sense of utilizing the expense which is paid to build a political agitator, and carry in preference to the needs of our own provincial education, to become an agent for the physically and mentally sane. Did not one of our respectable members of the house seem to have been a goodly number of these unfortunate and no accommodation for them. I wanted that any government who place themselves or a special secondary class over and above the needs of the unfortunate sane including the vast amount of workers and unemployed who are in want of the actual necessities of life are necessarily still to govern and manage for society to general.

We, the producers, have glutted the market with a surplus of all necessities. We have met our supposed intellectual class to govern and manage for the welfare of the people with the result that these alleged intellectuals have been unable to distribute or manage the distribution of these goods. We could see our way clear to stress our leaders' poor management if we had not provided sufficient funds for the country's needs. We have produced on a haphazard and not provided with such a surplus away and above what we can use. We say that the people's physical needs which we produce is abundant which we have professed of ourselves, govern with health, combined with doctors of certain sections of the press, advising us to maintain food as well as political and political parties, merely phony to tomorrow, or tomorrow's needs. With these and the deceptions? Can you start our production machines without first using our surplus commodities? We certainly suggest our economic plight with our country, and also seriously offer our small retail industries. Our government, our government, tell us they have no money. We cannot not money although there is more money today than there ever was before. We have no and no physical wealth and again we have more than we can use. We must find the solution. I find the "ladder in the woods" (which brings us to the government).

So we place these bits of my intellectualism which walk backwards and look backwards, in the position where they sacrifice humanly in general. A class of distributors who cannot distribute become their own large a surplus, are certainly eligible for a special wage in human materialism and one who is justified in thinking of Government house other Provincial or Federal or any House. Although many of these things people will have sufficient interest to produce their food, clothing, etc., when they are directed into the hands of the producers, which day is not far distant.

Our Provincial Government tell us they cannot control legislation because the Federal Government can vote such action, then why the expense of Provincial Government? Others say they are feeble and provincial. Wash away so holding the view that each, estimate may be given, may be built (7).

The solution to this problem lies within our hands and not in the bank. There has recently been formulated a group of local credit value which we may also subscribe to. We say they alone will determine whether our previous can improve for the purpose of producing food, clothing and shelter with this professional services. If it cannot be done, then let us try that of least will tell you no proving whether the expense of keeping a functioning Government was justified.

Some may say the U. F. A. will do these things, or they are not the original heart of the U. F. A. Again we must consider the first part of this letter which makes per U. F. A. an individualism of grand old's reactionary philosophy. They can no more break the chains of finance which surround them personally, collectively and mentally, they are impinged with the germ of finance and so each will live and die. We can only change this condition by placing an absolutely new person who will fill the legislative, judicial and platform held down by the people.

Governments are into existence to the service of the people and immediately become the servants of finance and the enemies and destroyers of the people. How can we expect that anything other than the champion of the people, Mr. Arthur, himself a very old and long in the same business and by started something which, made the minds of the people in a new light, the Free, Co-operative, Socialist and Socialist. So we

### An Early August Wedding

A wedding of interest to  
their many friends took place  
at the home of Mr. and Mrs.  
C. E. Stoes on August 4th  
when their only daughter,  
Flora Harriet, was united in  
marriage to Niels Christensen  
Hvid, son of Mr. and Mrs.  
P. C. Hvid of Herring, Or-  
sted, Denmark.

The ceremony was performed  
by Rev. J. D. Wolcott of  
Mirror in the presence of  
immediate neighbors and friends,  
the attendants being  
Miss E. Kooten and Mr.  
Robert Stoes. The bride,  
who was given away by her  
father, entered the room for  
the strains of the wedding  
march from Lohengrin played  
by Mrs. A. Larin. She wore  
a gown of white georgette  
and carried a bouquet of pale  
pink roses, while the brides-  
maid wore a gown of yellow  
organdy. During the singing  
of the register Miss Catherine  
McDonald sang "The Voice  
that breathes life into Eden."

A buffet luncheon was served,  
after which the happy  
couple left by motor for Syl-  
van Lake and on returning  
have taken up residence on  
Lake Street, Alix.

### A Big Sports Day At Alix Wednesday, August 15th

Under the auspices of the  
Alix Agricultural Society a  
real sports day has been ar-  
ranged for Wednesday of  
next week, August 15th.  
There will be a senior base-  
ball tournament with four  
teams competing, Alix, Clive,  
Mirror and Red Willow, first  
game at 11:30 a. m.

A ladies' baseball game be-  
tween Erskine and Alix will  
be a feature of the day, and  
also a full line of athletics for  
the young folk.

List of athletic sports:  
Girls 5 years and under  
Girls 8 years and under  
Girls 12 years and under  
Girls 16 years and under  
Boys 5 years and under  
Boys 8 years and under  
Boys 12 years and under  
Boys 16 years and under  
Boys' Back Race  
Girls' Back Race  
Slow Bicycle Race  
and other events.

To bring the day to a close  
one of those enjoyable dances  
will be staged with music by  
the Gloriosa 6-piece orchestra.  
Everything takes place  
on the Agricultural grounds.  
Prizes will be given away  
to lucky ticket holders (both  
to grounds and away) and  
to the largest team on the  
grounds.

Admission 25c and 15c

car free. Come and have a  
real enjoyable day with us.  
The grounds will be used  
to help pay off an old debt at  
the bank and will also help  
the society to be a contributor  
to finance the future farm.  
During the last five years over  
\$500.00 has been paid to the  
bank on this debt, also the  
title of the grounds has  
been paid for which makes  
the grounds and buildings  
the property of the society.

### This Week's Tea Tidings

Mr. T. A. Cunningham and  
family returned from Banff  
where they spent their holidays  
the past two weeks. They have  
a farm there and they say the  
crops are very good down to that  
part of the province.

Mr. E. L. Belderson was a  
week end visitor at Edmonton.  
Quite a number of Tea people  
spent Sunday at the lake.

The Tea ladies are putting on  
an ice cream social and enter-  
tainment in the United Church  
on Saturday evening, Aug. 11th.  
There will be a baseball game in  
connection. All are invited to  
come and have a good time and a  
good lunch of ice cream and cake.  
Mrs. E. B. Dibble of Ban-  
nocks, Que., has been spending  
the past month here visiting her  
mother, Mrs. A. W. Lawrence and  
family, who left for home on  
Saturday.

Mr. B. Harvey had the misfor-  
tune to fall from a load of hay  
and fracture a rib which laid him  
up for some time, but he is get-  
ting along nicely now.  
Master Douglas Leslie, Dr. D.  
B. Leslie's son of Edmonton, is  
down spending his holidays with  
his grandparents, Mr. and Mrs.  
Seal.

Mr. Mack McMillan of Ban-  
nocks is making a short visit here  
with relatives and friends. His  
eyes are good in his part of  
the province.

Mothers H. A. Koch and H. E.  
Nark were Edmonton visitors  
on Tuesday.

### Improvements In Our Village

Morris Brown, who has  
the contract for grading and  
graveling Prairie and Jamies-  
on streets and Alberta ave.,  
started work on Tuesday.

The school building recently  
purchased by Mr. Brown  
and moved to Lake street, is  
fast losing its identity and  
when the carpenter work is  
completed, the outside given  
a stucco coat and a sun porch  
added it will make a real nice  
school.

Mr. E. Peers has been  
giving some of our streets the  
once over with the scythe  
which was much needed.

### House Farming In Alix

Alix has a house farm  
and there is an opportunity  
for a real investment. Every  
available residence is taken  
and in four instances there  
are two families to a house,  
while another citizen has his  
family at the hotel. Five or  
six new houses could be use-  
fully erected.

Two carloads of Alix Odd  
Fellows paid Lacombe Lodge  
a visit on Monday night.

Last week a newly soiled  
shawl was picked up on our  
street and left at this office.  
Is it yours? Call and get it.

Mr. Shoenmaker of Mirror  
is a business visitor in town  
Wednesday and Thursday.

Anthony Larsen and a fri-  
end from Edmonton have  
been spending the week in  
Alix at Sylvia Lake.

Mrs. Louise Straub was  
successful in making all but  
one subject the grade XI  
exams. "At a girl."

### Wedding

A pretty wedding was solemnized at Layton Cottage, Mendon Beach, Gull Lake, on Friday, August 10th, when Eva, youngest daughter of Mr. A. M. Keaton and the late Mrs. Keaton of Alix district, and Helmut Koch, son of Mr. and Mrs. Koch of Three Hills, were united in the holy bonds of matrimony by Rev. R. B. Layton of Lacrosse.

The bride looked charming in a white crepe suit and carried a bouquet of sweet peas. Following the ceremony the bridal party drove back to Alix and with a number of friends partook of the wedding dinner at the home of the bride's sister, Mrs. C. C. McDermid.

The happy couple have taken up residence in Three Hills where the groom recently purchased a general mercantile business.

### Test Of Two Guns On R. O. P.

OWNED BY JOHN RUSSELL

A pair of mature Holstein cows, bred and owned by John Russell, Alix, Alberta, have just completed their lactation periods in the 365 day division of the R. O. P. Alberta Milk Company finished her test with a total production of 16,325 lbs. of milk containing 745 lbs. of butter, while her stable mate, Alta Lottie Loh, had a yield of 13,122 lbs. milk containing 601.25 lbs. butter showing an average test of 3.66% fat.

### August Meeting Village Council

The regular monthly meeting of the village council was held last Monday night with all members present.

Minutes of the July meeting were read and adopted.

A letter was read from the treasurer University Hospital at Edmonton re R. P. Wendt. The secretary was instructed to write stating that council would be in Edmonton at an early date to give this matter their attention.

A letter from the Old Age Pension Board was read in council that Mr. Stewart Cruikshank had been granted a \$15 per month pension.

The application of Mr. A. G. Dittie to have his tax consolidated was turned down after considerable discussion. Complaints having been made to gambling on our streets the secretary was instructed to phone Constable M. as to take steps to have this practice discontinued.

A few small accounts were paid by cheque and the meeting adjourned.

### Merivins Family Picnic

A pleasant picnic was held in the park grounds at Constable's bridge on Sunday last when all branches of the Merivins family, numbering 64, gathered for an afternoon of games and enjoyment. There was lots of fun and a most enjoyable time.

### Wednesday's Sports Day

Once again the Alix Agricultural Society has come to the front with a real sports day, when on Wednesday they staged a program which gave pleasure to all.

The paramount event was a baseball tournament with four good teams in the battle of the ball.

Che and Mirror drew the initial game which swung back and forth, to end: Mirror 6 2 1 0 3 0 1-12 Che 4 1 0 0 1 0 1-7

Alix with a pick up team had their nerve to go up against the crack Red Willow nine, and although it was a losing proposition from the start, they put up a good fight. Score by innings: Alix 1 0 0 0 0 0-1 Red Willow 5 1 0 0 1 3-10

The real game of the day was the play-off between the winners of the first two games and it was a real tussle as the tally shows: Mirror 0 0 0 0 3 0 0 8-13 Red W. 0 0 0 0 0 0 0 0-0

Bob Singer of Delburne was umpire for the day.

The soft ball game proved too one-sided but was enjoyed by the crowd. The score was Brains 3, Alix 12.

If you met a kid with an ice cream cone, plus one of those wet I earned-it money, you knew at once he was a winner in the children's sports.

Of course the dance at night was a highlight and there was a fitting climax to an enjoyable day.

### THANK YOU ALL

Especially the old Basketball Club cash donation, those who furnished supplies and transportation, Mr. Gums for tent, The Free Press, who aided materially in making our holiday at Gull Lake a wonderful success.

### The Alix Girls' Club

Nurse Magle left on Thursday for Edmonton to bring back a patient from the hospital to her home near Mayton.

### Mirror Defends Brewery Trophy Successfully In Double-Header

Bowden with a strong line up of players, were the first invaders to try and lift the Brewery Trophy, on Sunday, from Mirror who won it from Lethbridge some weeks ago.

The first game, although rather one-sided, produced some good baseball. The score was 12-0 in favor of the Mirror club.

Bowden used two hurlers in their seemingly futile effort to win, while Buster Math for Mirror with splendid support won a creditable shut-out game.

The second game however produced many thrills and seemed to be Bowden's game until the last inning when the score stood 3-0 in Bowden's favor. But Mirror then pulled Wiggins off the mound replacing him by Joe Tulek and the Mirror batter went on a batting spree and struck half of the nighths to score five runs and win the game 6-3.

## Alberta Grain Growers Read This Message

It is of vital importance that a strong co-operative elevator system should flourish in Alberta. It is desirable that such an elevator system should be under the control of Alberta grain growers—men who are actually following the occupation of farming.

The Alberta Pool Elevator system is the only organization in Alberta that meets these requirements. All country elevators of the Pool system are operated under public license and as such are in a position to handle the grain of any grower.

Alberta Pool Elevators are on a sound financial basis; are efficiently managed and can give unequaled service to the grain growers of this province. Alberta Pool agents are carefully selected and have strict instructions to give fair treatment, including proper weights and correct grade, to all patrons.

Alberta Pool Elevators operate on the co-operative principle of "Each for all and all for each"—a principle which will tend to bring a measure of economic and social justice, peace and prosperity throughout the world.

### Village Council Meeting

The September meeting of  
Alix village council was held  
last Monday evening with all  
members present and Rose  
Mackie in the chair.

A letter from the Depart-  
ment was read and passed.  
The accounts for grading,  
graveling and culverts, amount-  
ing to \$1,810.90, were pre-  
sented and passed.

A letter from the Depart-  
ment complimenting the sec-  
retary's work and drawing  
attention to the changes in the  
village act, was read.

Complaints having been  
made to the board in regard  
to cattle in town, the secre-  
tary was instructed to write  
owners that they must keep  
animals where they will not  
be a public nuisance.

The council was unanimous  
in endorsing the scheme for  
water diversion to Buffalo  
Lake and authorized the secre-  
tary to draft a letter to that  
effect.

Daniel Marryat requested  
the use of the upstairs in the  
town hall for the Boy Scouts.  
Permission was granted pro-  
viding he be responsible for  
cost of the room, light and  
fuel used.

With reference to the ap-  
plication for work on a por-  
tion of the road adjacent to  
the Free Methodist camp-  
grounds, the council was  
agreed to do the necessary  
grading providing the appli-  
cants will furnish and spread  
the gravel.

Meeting adjourned.

### 4 p. c. Dividend Declared

Announcement is made by  
United Grain Growers Ltd.  
of the payment of a dividend  
of four per cent. or one dollar  
per share on the paid up cap-  
ital of United Grain Growers  
Ltd., for the fiscal year end-  
ing July 31st. In announcing  
the dividend Mr. R. S. Law,  
president of the Company,

from the earnings of the  
company after making pro-  
vision for good interest and  
full depreciation, and a satis-  
factory addition to surplus  
account. Attention was called  
to the fact that the share-  
holders have received, during  
the life of the company, by  
way of dividends, an amount  
greatly in excess of the paid  
up capital of U. G. G. Ltd.  
Cheques for the dividend just  
declared are to be mailed to  
shareholders on Sept. 15th.

family returned from their

**Following An Ideal**

THE builders of Albert Pool Elevators, the farm men and women who put their money, their time and their energy into the project, had definite ideas in their minds.

They wanted a co-operative union, first and foremost, operating on the basis of a public utility, with the profit motive secondary to that of equity and service, and built upon the foundations of co-operation as established imperatively by the pioneers of the movement.

These ideals and principles have been followed as closely as possible by Albert Pool Elevators. It is the ambition of this organization to make this co-operative enterprise respected and trusted by all grain growers, its operations as open books to its patrons and its standing built on widespread confidence. In its broad sense, confidence is the foundation of all human relationships which possess the quality of endurance. The growth and life of any institution depends on the confidence it inspires and commands and can hold.

There is no more unenviable way of expressing confidence in the worthiness of the ideals and objectives of this movement than by deliveries of bushels—more loads and car loads of grain to

### Marion Brathwaite

A quiet wedding was celebrated at Red Deer on Wednesday of this week, 19th September, when Mary, daughter of Mr. and Mrs. R. J. Brathwaite of Greenwood, was united in marriage to Mr. James Martin of Alix, son of Mr. and Mrs. J. Martin of Red Deer. Rev. R. E. Jack performed the ceremony.

Following a short honeymoon the happy young couple will return to Alix and take up house in the Toepfer residence on Kim street.

### Additional Stop-over Privileges

Change in conditions under which the railway will sell thirty-day round-trip tickets will, in future, allow stop-overs enroute, it was stated by Mr. I. Sweet, Canadian Pacific Agent at Alix, today. Previously, Mr. Sweet explained, a passenger buying a ticket with a thirty-day limit, for example, to Winnipeg, was required to use tickets for continuous passage to and from Winnipeg only. After October 1st a similar ticket, without further cost or arrangement, will permit the passenger to stop at any point, going or returning, between the starting point and destination, within limit.

### CARD OF THANKS

We wish to express our appreciation of the many kindnesses shown on the death of our mother, wife and daughter, the late Mrs. E. Ganssick.

The U. F. A. wish to extend their heartiest thanks to all who have by their work or donations made possible the building of the new hall and hope that those who gave so generously will receive any benefits they hope may result to the community by its erection, and beg to assure them that their interest is most fully appreciated.

### Good-bye Party At Working

A surprise party of friends from Tux, Mirror, Arday and Hicking districts gathered at Hicking school on Friday, September 14th, to bid farewell to Miss Jean Greaves who is leaving Hicking district to take up nursing in the University hospital at Edmonton.

A personal shower of useful gifts was given in connection with the party. Little Don Jardine, dressed in a nurse costume of blue and white wheeled in a miniature hospital cot laden with numerous gifts which she presented to Jean.

The evening was pleasantly spent in games, contests, music and a sing-song. A dainty luncheon was served and the guests dispersed to their homes wishing Jean the best of good fortune in her new career.

### Will Farewell Next Sunday

Service next Sunday in St. Pancras church will be at 11 a. m. This will be Rev. Griffiths farewell message as he leaves next week to take over his new parish at Drum-beller. The Anglican people of this charge are sorry to lose the rector and his family and we join with them in wishing him every success in his new field of labor.

### U.F.W.A. "At Home" Saturday

Don't forget that YOU are invited to join the ladies of the U.F.W.A. at tea in the new U.F.A. hall tomorrow (Saturday) afternoon. These organizations have a hall they are justly proud of and one of their objects is to afford the public an opportunity to inspect it. Take advantage of their cordial invitation.

### Cive Wins His First Fight

Word has reached us from Bremston, Washington, that Cive Biesons, who went to the coast from Alix a couple of months ago to continue his fighting training, had won his first professional fight which was staged in that town on September 14th. The bout only went into the second round when it was called with a decision for Cive.

Keeping up the good work the Alix middleweight took his second win at White Creek, Washington, when he knocked out Billy Wyvel of Tacoma in the third round.

### Do You Remember?

You think that the past few days have been unseasonable and we agree with you, but listen to this. One of our old timers tells us that on September 24th, 1900, a blizzard swept over this district leaving snow eight to ten feet deep and a farmer south of Brinkie lost his life in the storm. The snow went off and cattle grazed all winter.

### Community Auction Sale

A Community Sale will be held in Alix on Saturday October 12th, and if you have anything to dispose of hand your lot to The Alix Free Press on or before October the 5th so that the posters may be printed. Harry Lynn will be the auctioneer.

Mr. and Mrs. G. McKinnon have moved to Tum where Graham has taken a position in the garage.

### Initial Payment 50 Cents

The Alberta Wheat Pool announces that commencing October 1st wheat placed in the 1934-35 pool will receive an initial payment based on No. 1 Northern, Vancouver, of 50c a bushel. The pooling of wheat, of course, is entirely optional with the grower. Those desirous of placing wheat in this pool should see the Pool Elevator agent.

The Provincial Government received payment of \$403,425 from the Alberta Wheat Pool this being the annual interest of principal and interest due this month on account of the 1929 Pool overpayment. The Pool is living up to its obligations with the Government in a creditable manner.

### Building Improvements

Work on the Odd Fellows hall is progressing rapidly. The school building recently purchased by the lodge, has been moved by B. E. Todd and his gang to its location on Alberta Avenue and Contractor Joe Brooker is busy on the foundation, the ten foot extension and the necessary alterations.

The addition to the Legion hall is finished and will make a convenient cloak and rest room for the ladies.

The interior of the Red & White store has been renovated. A stairway going up from Alberta Avenue will give outside access to the upper floor.

Messrs. George Ball and John McNair of Edmonton, Dominion Livestock Inspectors, were at "Rodeno Farm" a couple of days this week.

Tuesday afternoon last a bunch of dogs jumped Mr. A. G. Ditto's flock of sheep, killing twelve. Unfortunately the owner did not have a chance to use the gun on the stragglers.

## The Objective!

ALBERTA POOL ELEVATORS are out to prove that a co-operative grain handling concern can be as instrumental of usefulness to all grain growers and a successful business concern as we!

Every grain grower in the vicinity of an Alberta Pool Elevator is invited to aid in this effort to perpetuate in Alberta, by Alberta farmers, for the good of all, a strong, grower-controlled, co-operative elevator organization.

This can be done with advantage by delivering grain in wagon lots or car lots to

TEAM SELLS FOR \$165.00

At the auction sale on Saturday of last week a team of horses brought the top price of \$165.00, while the high for milk cows was only 30.00.

SHOULD CO-OPERATE WITH NEWSPAPERS

"I am thoroughly convinced that if the merchants would only get behind their local newspaper in taking the people of the district of their merchandise that it would certainly counteract to a considerable degree the business that is now going to the mail-order houses. I do not mean an advertisement left to run for weeks at a time, but that the method of the larger institutions would be carefully followed in preparing an advertisement each week. The effects may not be seen just at first, but they certainly will eventually."

Geo. R. Matthews, Secretary British Columbia Retail Merchants Association of Canada.

### Cine Scares Another Owl

From White Center, Wash. comes the announcement of another win for Cine. Scares when he knocked out Dick Frazier in the fourth round. Good going, old boy, three battles and all knock-outs.

### October Meeting Village Council

The regular monthly meeting of the village council was held last Monday evening with all members present and Rev. Martin presiding. Minutes of the September meeting were read and approved.

With reference to the request of Mr. Birch to have his property converted into acreage, the secretary read a letter from the Department setting out the various costs and steps to be taken. It was decided to put the matter before the assessor.

Mr. H. Early appeared before the Council with a request that the title to the title to the property on Lake River be turned over to him but the board informed him that as he had paid the taxes, they had nothing to do with it and advised him to have the other heirs sign a quick claim. Mr. Early said it was his intention to regularize the house and make it rent producing.

The bid of Mr. Mackie for the barley crop on the town acreage at market prices was accepted.

The board decided to have the road running south from the C. N. E. depot graded and a culvert put in.

After passing a few small accounts the meeting was adjourned.

### Minor Young People Wed

A quiet wedding was consummated in Edmonton last Monday afternoon, October 1st, when two popular young people of Mirror were united in wedlock. The contracting parties were Hilda, daughter of Mr. and Mrs. A. Miller, and Mr. Clarence Ray, son of Mr. and Mrs. A. Ray, all of Mirror. The happy couple have returned to the home town where they will reside.

Home 85 school fair was held in the province this year according to a report just completed.

Reeve J. E. Mackie was in Edmonton last week attending the Municipal convention as representative from the village council.

### Shower For Bride-to-be

Saturday night of last week a shower was given by the ladies of Alix, sponsored by Messrs. A. E. Hollings and C. Walker, for Miss Hilda Miller of Mirror, bride-to-be. The event of the evening was a mock wedding with Mrs. A. E. Hollings as groom, Mrs. A. A. Davies the bride (attended by her mother Mrs. C. Walker), the officiating clergyman being Miss Dewar, which attracted loads of fun. There were seven relations, songs and competitions which made for a pleasant time and the affair closed with a delectable luncheon. The bride was presented with a bed throw, a pair of blankets and other gifts, the presents being brought into the room on a wagon drawn by little Mary Davison who made the presentation, and the recipient made a most charming response.

### Water Division Project Handed To Minister

Through the kindness of our Hon. member, Mrs. Parby, our application for the diversion of the foot water from Battle River to Buffalo Lake, signed by hundreds of our residents, has been presented to the Department of Public Works and we are informed that the matter will be looked into.

With reference to the objection voiced in the Alliance Times, we might point out that it is not the intention to interfere with the regular flow of the river, but merely take the superfluous water that does nobody good, but merely runs through to the larger bodies at certain time of the year.

We trust the Department will use the necessity of this work and decide to comply with the people's wish by putting in the dam the fall.

The hardest time to get baby to sleep is when she is 18.

### Hurry Up!

### Decline in Cheese Exports

Canada Is Losing Market Of United Kingdom

What has happened to Canada's exports of cheese to the market of the United Kingdom is clearly indicated in a statement of the Bureau of Statistics of Ottawa that during the first six months of the present year our shipments of cheese to that market actually fell to 25th place with only \$6,842 net being forwarded across the Atlantic. In contrast with this, New Zealand remained in first place in the British market with 2,216,700, Australia being second with

### THEN AND NOW—

Fifteen years ago Canada was engaged in fighting one of the most successful of its war losses. National enthusiasm was at its highest pitch. Business was booming and money was plentiful. Bonuses commensurate with the war effort were paid. The income of 54% was very attractive, but before that was, that people subscribed more from their war-borne desire to assist national reconstruction rather than because of the attractive rate of interest. Holders of those 1919 Victory Bonds, which will mature November 1st, are now being asked to convert them into bonds of the 1934 Refunding Loan. That the majority of holders of 1919 Victory Bonds will avail themselves of this privilege there can be no doubt. They know that a safe and profitable investment they have had and will surely wish to continue it. The record of Dominion of Canada Bonds during the past few years when investors have suffered loss of capital and distress of mind, demonstrates conclusively that there is no safer investment than Dominion of Canada Bonds. Security of principal is paramount in any investment. Consequently when the unassailable security of Dominion of Canada Bonds is coupled with so desirable an income yield as is afforded by the new bonds, the response from those having bonds to convert as well as applications from new investors should be both prompt and enthusiastic.

### THE CHANGING SEASONS

What day the last leaf fell I really could not say,  
Nor when the sun began  
To take a shorter way,  
I only know that leaves  
Lie scattered thru the grass.  
That sunny afternoons  
Now all too swiftly pass.  
Soon frost will paint the trees,  
Gray green give bonking mists  
That silver ice will lock  
The river to its mouth.

### It Was Close Enough

On the east of town to the east on Saturday last, Mr. T. Cruikshank had a narrow escape from a serious accident. Hitting the overhead bridge, a flat tire threw his car into the railing which smashed and the machine hung half way over, a guy post of the telephone line preventing a fifteen foot fall. Lots of help with chains drew the car back on the bridge with very little damage except to Tom's temper.

### Chartered Banks Will Assist New Investors in Refunding Loan

For the particular convenience of new investors who wish to subscribe in modest amounts for the bonds of the 1934 Refunding Loan, the chartered banks have agreed with the Dominion Government to loan up to 75% of the par value of bonds purchased by new investors. For example, a \$100 bond may be purchased with a deposit of \$25; a \$500 bond with a deposit of \$125, and a \$1000 bond with a deposit of \$250. In each case the balance of payments may be spread over periods up to six months and the banks will carry the bonds at 4% interest.

### Guarantee to Being Met

Announcement has just been made that the Alberta Wheat Pool for third successive year has met its maturing obligations in full together with interest due to the Provincial Government in connection with the 1929 Wheat Pool overpayment.

At the time the government guarantee was agreed upon there was considerable misgiving as to the ability of the pool to make repayment in view of conditions in the wheat market. The record of repayment to date is reassuring. The pool has been doing a fair share of the grain business of the province.

It will be a desirable outcome if the pool can pay off the government guarantee and thereby re-establish the equities of thousands of farmers in the big line of sales.

The Index of the Rebekah Lodge has arranged to serve 49 persons. This is the new I. O. O. F. hall on the day of the Community Sale October 20th.

### Taking Them Straight

Reports tell us that Clive Simpson is taking them in a row. Last week his fight was on the 4th and he was up against Isaac Lynch of Portland, negro middleweight. Both contestants took their opponents for a lunch-out in the previous light and consequently the bout was a hard-fight. Clive got his man in the 4th round.

### Pence and Card Party On Tap

Under the auspices of the Alix Legion, a Big Dance and Card Party has been arranged for the first Friday of next month, November 2. The Gloriosa Orchestra has been engaged for the occasion and good prizes will be given for cards. Keep this date in mind.

### All Young People Welcome

On Saturday night at 8.30 a social evening will be held in the new U. F. A. hall for the young people, the purpose of the gathering being the organization of a junior U. F. A. group. All young people, town and country cordially invited.

The Gloriosa are playing for a dance at Husky this Friday night.

### Wheat Inspections

An interesting analysis of wheat inspections so far this year reveals the highest of the early bunch on the grades of the grain in the northern districts, but reveals also the very gratifying information that northern Alberta has not only matched wheat month wheat at this date than was the case last year, but that the grades are just as good if not a shade better. Colgate reports a total of 3500 cars inspected between August 15th and September 30th, with \$9 per cent of the wheat grading No. 2 or better, as compared with a total inspection of only 2674 cars in the same period last year, with the grading percentage just about the same. At Edmonton, however, there is only a drop of nearly 1000 cars in the number inspected since August 15th, as compared with last year, but the percentage of those grading No. 2 or better has topped this year to 72.3 per cent from last year's percentage of 61.

Mr. and Mrs. W. Windster of Seattle spent Thanksgiving in town.

The good thrashing weather still holds and a few days more will see the wheat stacks back in storage for another year.

Send us that news item.

### The Practical And The Ideal

Alberta Pool Elevators is a creation of the agricultural co-operative movement and as such is closely knit to the families on the land who believe in and act upon the principles of co-operation in order to better their condition.

Commercial success is highly important but it is to be regarded only as a means to an end - the improvement of the living conditions of rural people.

The major function of this extensive country and terminal elevator system owned by Alberta Farmers is to give support to their natural aspirations for a more secure rural tenure.

Both the Practical and Ideal sides of the farm movement are united in Alberta Pool Elevators and ON THIS BASIS a GENERAL APPEAL FOR SUPPORT IS EXTENDED TO ALL GRAIN GROWERS.

## Department Will Make Investigation

Edmonton, October 2nd, 1934  
 Mr. B. C. Andrew, Alix, Alberta  
 Dear Mr. Andrew: Mrs. Parley forwarded me your letter re the Buffalo Lake-Battle River water diversion project on the 27th of last month. I must apologize for not getting around to answering previously, but wish to say that I have asked Mr. Charlesworth, just to show as you say, to have one of our engineers in the Water Resources Branch make a survey of this proposition and make a report so that the Government can decide on the matter at as early a date as possible.

You can understand that with the amount of work involved in the project of making dams for watering purposes in the dry areas, etc., there is a very great volume of work being done at the present time by the only two engineers we have. As a matter of fact we have found it necessary to engage additional men to assist in this work. I can assure you, however, that there will be no neglect of the investigation.

Yours sincerely,

GEO. HOADLEY,  
 Minister of Railways and Telephones

### Weddings

1888 GALE

The nuptials of Miss Laura Gile, daughter of Mr. and Mrs. Joe Gile of Stettler, and Mr. James Dibb of Alice, son of Mr. and Mrs. James Dibb of East Dulwich, Eng., were duly celebrated at Stettler on Wednesday afternoon, October 24th. The ceremony was performed by the Rev. McDonald of the Nazarene church. The happy couple returned to Alice on Thursday and have taken up house on the Bullfinch farm west of town.

GUSS-HAMILTON

At the paragon in Stettler on Wednesday, October 24th, at 4 p. m., a pretty wedding was solemnized when Beatrice Marie, daughter of Mr. and Mrs. J. Hamilton, and Mr. Orvil John Guss, youngest son of Mr. and Mrs. John Guss, all of Alice, were united in marriage by Rev. J. G. Goddard.

The bride was gowned in blue silk crepe with scarf and belt to match and carried a bouquet of roses, while the bridesmaid, Miss Edith Vane, was a dress of brown silk crepe. The groom was supported by the bride's brother, Mr. Tom Hamilton. The happy young couple returned home on Thursday and the wedding supper was spread at the residence of the bride's parents, the guests being immediate relatives.

Tonight (Friday) a dance is being held in Carroll school in honor of the newly-weds.

Cattle Cause Highway Accident

The danger attending the running-at-large of stock on our highways was once again demonstrated on Saturday night last. Mr. & Mrs. M. M. Mearl was motoring home from town, and swinging over to let a car pass, he saw before him a bunch of cattle which meant either a collision or the ditch. Choosing to take a chance on the latter, he swung from the road, the car turning over twice with considerable damage, but fortunately S. M. got off with a bad shaking up.

Christmas Time Today

This afternoon (Friday) at the farm of Mr. U. G. Marryat, north of town, a demonstration of the Massey-Harris Hammer Mill is being made by the Spelman Hardware. The mill is a general purpose machine for cutting feed, hay, straw, oats, barley, etc., and we advise you to see it in operation. All interested are urged to be there.

Death of Mrs. J. A. Thompson

The funeral of the late Mrs. J. A. Thompson, who passed away at the General Hospital in Calgary on Saturday of last week, was held on Monday, interment taking place in the Stettler cemetery.

Domestic had a large circle of friends in and around Alice who grieve to learn of her passing. She is survived by one daughter, Mrs. H. Sate man of Stettler, and three sons, G. Alice of Edmonton, Stewart of Calgary and Orville of Seattle, Wash., all of whom were present at the bedside when death came.

Happy Valley Changes Hands

Mr. L. Bierinckx, who has been the popular proprietor of the Happy Valley Hotel for the past eight months, has sold out to Mr. R. A. Bullock who recently disposed of his hotel at Delburne. Since taking over the hotel, Louis has made it attractive and a paying proposition. He is well liked and we are pleased to learn that he intends to remain in Alice for a time at least. The new proprietor contemplates extensive changes in the spring that will make the Happy Valley second to none on the line.

### Flies Are So Stupid!

Flies become a nuisance this time of year. Until now it seems they were content to go bopping about everywhere but in recent days they have taken to coming into the printing press. What, then, expect to find we have the most neglected idea. And yet there it sits on the Alberta Gazette, the dictionary, look over the papers and sit on the top of one's head. Flies are mean that way. We suppose flies are stupid. Right beside us are the most there are general stores which are open for long hours. If they knew anything at all they would not be wasting their time around an editorial office nor around the groceries next door or departing on an excursion to the White Lunch up the street. Even a brindle cow knows more than to pasture on a concrete highway surface, and a dog knows enough not to start chasing a cat when dinner dishes are being cleared. But the flies seem to be such stupid things.

### Winning Broad Sows

Although it may sound rather preposterous, it is nevertheless a fact that the success of the swine breeder is largely determined by the breed of his pigs, by the care of feeding and attention of his brood sows from before breeding until farrowing. The swine raiser feeds to the sows at the Dominion Experimental Station, Lacombe, a compound of four parts of ground oats and one part ground barley, balanced with skim milk or buttermilk. If these are not available, linseed is added at the rate of three in five per cent of the meal ration. Alfalfa, sweet clover or greenfeed, fed from racks, provides roughage which is very beneficial to brood sows.

### Wins His Fifth Straight

Clive Shoenen, Beaulieu middleweight, knocked out Bruno Gensala, Vancouver B.C. Lallan, in the third round of a six-round battle. It was Clive's fifth straight kayo victory at White Centre, Wash.

### GOODBYE DICK

On Wednesday night a pleasant time was spent by the high school students when they gave Richard Clark a farewell. The evening was spent in games and at supper. Before departing they presented Dick with a nice gun and pocket watch.

Remember, the Spotsu sales take place tomorrow (Saturday) in Mirror.

**Haynes News**

We are pleased to learn that our old friend, Mr. John Davidson, who has been dangerously ill at the Red Deer hospital for several weeks, is back home and looking fine.

The funeral of the late Mr. Casper Miller, who passed away at his farm home here on Sunday last, was held on Tuesday, interest being taken in the flower arrangements.

Deceased, who was in his 60th year, was an old timer and highly respected citizen of our district. He is survived by his life partner.

**TELEVISION**

Mrs. J. J. McElble and two children left Wednesday morning for an extended visit with her sons at Bertha, Alberta.

Mr. and Mrs. Marshall were Lacombe visitors on Wednesday.

Don't forget the Ladies' Aid Chickadee supper tonight, the 15th.

Cyril Osobokov is looking up his winter stock building in the present to store it in his last north of the prairie into his own car.

Mr. and Mrs. A. W. Aubrey left Wednesday morning to spend the winter in Calgary.

**A BLACKSMITH'S WILL**

A blacksmith with a romantic vision drafted his will in the following manner:

I leave my equity in the business and my car to my son. He will have to go to work to keep up the payments.

My good-will in the business I leave to the jobbers who sold me the goods. They took some satisfaction and are entitled to something.

My shop equipment and tools I bequeath to the junk man—he has had his eye on them for several years.

I want at least six loads of lumber to be put on billiardroom. I have carried there so long I feel that I desire them to carry me a little to the end of my journey.

As regards horses—I got a few long-legs when I was alive but my horse business is not so hot now as it was. Buy the stock short at my right hand, I may need it!

## "Amnesia By Service"

The Legion hall was well filled on Sunday afternoon last for the "Remembrance Day" service. Rev. Woodliff gave an appropriate address and the scripture reading and prayer. The order of service as submitted by the Canadian Legion, was followed, singing the various hymns, using the specified prayers, the poppy wreath depositing and the two minute silence. Messrs. Terry Jamieson and F. Setters rendered beautiful solos and the choir's selection.

Vets from the surrounding towns joined the local and with the scouts, cub and girl guides attended in a body. The "Last Post" and "Drum" sounded by Mr. J. Valley of Battle. Mr. E. Borill presided at the piano. It was a beautiful and impressive service.

The second of the series of U. F. A. Bridge Parties will be held next Tuesday night. The railways are giving special bargains from the cities next week and. Read the announcements in this issue.

The one had been thought to question his ownership to

**The 'League of Nations'**

Remembrance Day is over. We have bought and sold poppies, sang "In Flanders Fields," maintained 2 minutes silence, listened to speeches. Is this enough? Have we proved our vows to those who fought that war might come? Are we keeping our promise to the Glorious Dead and to those whose death has made this day so important? We practise of peace and disarmament. What are you and you and I doing to further International Security?

"Knowledge is power." Until we know more about the efforts being made in the world to obtain this security we are powerless. The League of Nations, the only hopeful idea that came out of the Great War, is our sole bulwark against war, our only path to this so much desired security. Before you speak unthinkingly of what the League has failed to do, learn what it has done, what can it will do if YOU wish it to be the weight of your opinion as behind it.

Notice of Committee Meeting

Will those individuals among the various organizations have been appointed on the League of Nations committee, please meet at the home of Mr. A. Davies on Saturday, Nov. 24 at 8:30 p. m. to discuss what can be done to further the work of the League in this district. Miss Mary Adams-Davies, Co-ordinator of League of Nations Committee.

### Weddings

#### WOOLGAR-ROGERS

Calgary, Nov. 17th.—For passage of Knox United Church here was the scene this afternoon of a quiet wedding when Miss Beiss Helen Woolgar, younger daughter of Mr. and Mrs. Richard Woolgar of Alia, became the bride of Mayday McLeod Russell Rogers, son of Mr. and Mrs. Howard Rogers of Alia. Following the ceremony, which was performed by Rev. Dr. Kilgus, pastor of Knox church, a wedding supper was enjoyed by immediate relatives at the home of the groom's sister, after which the couple left for a short wedding trip.

The bride was attractively dressed in dark brown crepe with accessories to match and wore a hat of rust colored felt and carried a bouquet of pink and white carnations. The couple were unattended.

#### BAHNER-WHITFIELD

A pretty wedding was celebrated in St. Patrick's church at 8 p. m. on Wednesday, November 21st, when Alice, daughter of Mr. and Mrs. J. Barker, and Mr. Robert Whitfield, son of Mr. and Mrs. R. Whitfield of Alia, were joined in wedlock by Rev. C. E. Rose.

The bride, who looked charming in a white silk crepe dress, with a veil to match carrying a bouquet of roses and carnations, was given in marriage by her father. Miss Maizie Gray as bridesmaid looked very charming in a mauve green silk dress, carrying a bouquet of carnations and roses. Mr. H. C. Reid of Calgary acted as best man. Mrs. J. M. Smith played the wedding march as the bride entered the church on the arm of her father, who played during the signing of the Register.

After the ceremony, which was attended by relatives and friends a very delicate supper was served by the bride's parents at their home near Mirror, after which the happy couple left for Calgary and points west for a short honeymoon. On returning the young couple will make their home in Alia.

A happy event this week was the shower for Miss Alice Bahner, given by the ladies of St. Patrick's church on Monday night. The evening opened with court wheel and a large crowd playing. The ladies were opened for lunch at 8 o'clock, following which Miss Delaney Brown presented the bride-to-be with a very fine dress. Miss Bahner made a suitable reply, thanking all, and the event closed with singing "For Thy Are Holy Good Father."

### Sid Goes To Erskine

At their regular meeting on Monday night, the members of the Legion presented Comrade Sid Whitehead with a new saw and butcher knife. Sid is opening up a butcher shop at Erskine and will move his family to their new house this week. The best of luck this time.

### Open Fund For Memorial

We, the members of the Alia Branch of the Canadian Legion, are hoping that in the spring of the coming year to have a Mouquet and Park adjoining the hall "In Memory of Our Comrades that we Left Overseas and with this purpose in view we are going to make an appeal to all the relatives and friends of the boys, who feel that they would like to make a small donation to that fund. We, who were fortunate enough to return, know the longing of those boys for their loved ones at home, and it is with these memories ever with us that we wish to have a suitable Memorial. How often we read in the papers "In Loving Memory of Our Beloved—" and we as returned men should have the same privilege for even a year to pay our respects to our fallen Comrades. Two friends have donated ten dollars each and a trust account has been opened at the bank for the "Memorial Fund." Any information will be gladly given by any member of this branch.

### Fight To A Draw

The White Centre press says: Olive Blesons staged a neat six-round draw with Jack Day of Heston in one of the main events at the fight on November 15th. The bout was full of action from start to finish and the large crowd was on edge throughout the battle.

A meeting of all those interested in Curling for the coming season will be held in the rink at 8 p. m. on Monday, November 24th. Election of officers, picking spots arranging rink, etc. Tickets will be received for caroling. Let's go. Here—At Bismarck, Wash. on Nov. 18th, to Mr. and Mrs. J. Ellsberry (nee Lois Gray) a son.

Big dance and card party in Alia on December 14. Full particulars next week.

Serve next Sunday in St. Patrick's church is at 11 a. m.

**Water Heating at Best Price**

Proper water heating is just as important to the broad use as careful heating. Her demands are few and simple; it is more important that the bed be clean and dry than that it be warm. The essentials are water, heat, wind, rain and snow, with efficient straw for a comfortable bed.

At the Dominion Experimental Station, Lacombe, alfalfa is placed side by side about two feet apart, facing south, oriented to the eaves and bed with straw. A burp sack or piece of binder canvas is hung from the top of the dormer or top of the building in every house in charge of every two weeks. Such houses provide shelter for three or four cows.

If none of these cabins are already available, now is a good time to build one with lumber and labour are both cheap. These houses are in service and easily built and serve in both summer and winter. Plans for the construction of these cabins will be supplied free on request by the Dominion Experimental Station, Lacombe.

In order to induce the new to take orders, they are left at the corner of the yard for lost from the cabin.

### McCallum-Glasgow Hospital

A quiet wedding was solemnized in the United church parsonage at Mirror on 26th of October, when two young people of Alix took on the serious duties of married life. The contracting parties were Evelyn Jane, daughter of Mr. and Mrs. W. W. Glasgows of Troon, and Mr. Douglas J. McCallum, son of Mr. and Mrs. P. A. McCallum of Fairview. Rev. D. J. Woollett performed the ceremony.

The bride was attended by her sister Francis Glasgows, and the groom was supported by Mr. John H. Ditt.

Following the ceremony the couple returned to the bride's home where a wedding supper was served. The following day they left for the north on a two weeks' visit to the groom's parents and on returning will take up residence south-west of town.

### Lecture Well Attended

The U. P. A. hall was well filled on Monday night last for the visitation of Mr. A. Speakman M. P. The speaker's subject was "Natural Products Marketing Act," and this being his pet subject, the listeners were given a clear and exhaustive explanation of the workings of the Act. A number of questions were forthcoming and without hesitation satisfied the questioner. Mr. T. B. Benge was the chairman. The ladies served a light lunch at the close of the meeting.

### A Mother Passes Away

Mrs. W. Shapley received a telegram on Sunday last conveying the sad news of the death of her mother at Austin, Minn. The late Mrs. A. Hart had been an invalid for a long time and her passing was not unexpected. She had reached the ripe old age of 87 years.

### Funeral Day

A pretty wedding took place at the home of the bride's parents near Jarvis on Tuesday October 20th, when the daughter of Mr. and Mrs. E. Bray, formerly of Assin, became the bride of Mr. Daniel Hamilton Findlater, son of Mr. and Mrs. A. C. Findlater of Alix.

On their return the happy young couple will reside south-west of town.

Ballroom went over very quietly in Alix. We missed the usual treat on Main St. A few palms were tipped and the occasional dance found its way to the top of a table place but that was all.

Two strongly contested games of basketball were played by South Buffalo Lake and Ripley on October 17th and 26th, the scores being 23 to 17 in favor of Ripley and 16 to 18 in favor of South Buffalo Lake.

Tells From Friend Web and Wife

Kent, Wash., Oct. 23 '34

Dear Folks—

It has been raining here steady since Monday night, just as it used to do up in Alberta in June when we had the wet years. It does not bother my reputation and I am feeling love pain all the time.

I guess you saw by the paper the storm we had Sunday—some wind—12 to 13 miles per hour and did an awful lot of damage at that time and other parts of the valley. It blew down a few buildings and the roofs of some of the buildings. Water has been rising here it has occurred in the mountains. In the Okotoks pass the water was 1 ft. deep. They are clearing the pass with rotary plows. The weather is mild here yet and I do not think it will turn cold. A man just came in to warn us that the river is rising and will flood the valley tonight so we will hold this letter and tell you how it feels to play Noah—and we will be in it. The valley overflows almost every winter. Last year the water was over two feet deep, but as Chish and I saw over the garage I guess we can keep our heads above water.

Next morning, Well we are still on land, the water only got into the garden, across a fence's strawberry patch, over the highway. Guess the flood danger is over. Cattle in a k. and gets plenty of water on her back but a side-saddle and lots of apples.

Guess there must have been a lot of ducks come down as well as water so we have had a lot of shooting since daylight over the duck preserve.

Tell everyone hello from me and Bob and Tom Tompler.

## Farmers Discuss Telephones

A reprint initiative from the Department and Mr. Maan of Lacombe met the rural telephone users of this district on Saturday afternoon last to discuss with them the forming of companies to take over the lines from this central. The whole matter was outlined and the farmer was apparently "between the devil and the deep sea", but he knew your phone. After a lengthy debate, solicitors were appointed for each line to secure signers in an effort to procure the requisite ten or more on each circuit.

Boiled down it will mean the following amounts to be considered:

- 1—Purchase price of poles 30c each; phone \$7.50; and wire is per lb., payment to be made in three annual instalments.
- 2—Charter \$5.00
- 3—Where the wire runs over a Government line, 10c per pole per annum.
- 4—Connection with central 60c per phone per month.

Then there will be costs of maintenance for which a sinking fund should be provided. A 50% out from the present rate is forecast.

## Kmas Cheer For Undertakers

The Alix Scouts and Girls Club are co-operating in running an Kmas Toy Repair Shop, the girls are looking after the doll end of it. The boys are making a census of the town for any old toys that can be repaired. If any one in the district have any discarded toys please phone or leave them at Specimen's Hardware.

The Christmas toy shop is a national good turn of the Boy Scouts of Canada, the Scouts collect discarded toys from the neighborhood and during the weeks before Christmas repair and paint them. On Christmas Eve these toys are delivered by the Scouts to district children who do not get any Christmas cheer.

## Magic Lantern Lecture

On Wednesday evening December 23rd, at 7:30 p. m. a Magic Lantern Lecture will be given by Mr. Kent in the United Church in aid of the Biele Society Subject "Mary Joins the Christmas Story." Children up to 15 years & adults 10c.

Our old friend Mr. V. Treadwell was visiting among his old Alix friends a couple of days this week.

The Royal Wedding was greeted with enthusiasm in Alix on Thursday.

## November Wedding

A pretty wedding was celebrated at 21 a. m. in the Free Methodist church, on Tuesday, November 17th, when two Alix young people were united in marriage by Rev. C. E. Cosson, assisted by Rev. Frank W. Cosson of Edmonton, brothers of the groom. The contracting parties were Grace Ives, daughter of Mrs. O. P. Toepfer, and Mr. Jasper Harold Cosson. The bride was attended by her sister, Miss Cecelia Toepfer, and they each carried a bouquet of white lilies. The groom was supported by his brother, Mr. Lloyd Cosson of Machod.

Following the ceremony, the wedding dinner was served at the home of the bride's mother west of town, following which the happy couple left for a short honeymoon at Machod and other southern points.

The happy couple will reside in Alix.

## Steady Progress

During the last year or more no publication has shown more remarkable strides in the matter of increased circulation than has the Family Herald and Weekly Star.

This is not strange for it is evident that in times of stress people are prone to cut down on the number and variety of magazines and papers coming into their home and they find in the Family Herald and Weekly Star a paper which, at \$1 per year, gives them every variety of reading, for old and young, all combined in this one publication. Every issue overflows with practical farming ideas, up-to-the-minute articles, short stories together with a weekly newspaper section which rounds out a feast of reading without comparison. Truly it has been well said that the Family Herald and Weekly Star is the best for the least.

Mrs. A. F. Linck and son are Edmonton visitors this week.

Norman Todd, Jack Clef and Clayton Walker left Tuesday for a week's fishing at Fish Lake.

The newly-weds, Mr. and Mrs. R. Whitford, have returned from their honeymoon and taken up residence on location street.

Alix school children had a holiday on Thursday.

Again we say, don't miss the card party this Friday night at the I. O. O. F. hall.

**By Scout Men**

For the past two weeks the Scouts of the 1st Alix Troop have been busy decorating and building in their new headquarters which the village council have so kindly put at their disposal.

In keeping with the Scout motto "Be Prepared" some of the boys are taking the opportunity of learning some First Aid. Mr. J. Bellair, training classes every Monday night at 8 p.m. in his home.

A display of the 1st Mirror Troop, which was held in the Odd Fellows hall at Mirror on Saturday last, was attended by parents and others who were interested in forming a Scout Group in that village. The troop, which has twelve members, was supported by a patrol from Alix. The evening included an inspection by Rev. C. Brown, the Scoutmaster of the Mirror Troop, several games which caused much amusement among the audience. In the middle of the program one Scout was indisposed, each patrol having to write a description of the kidnapped Scout. This caused much amusement as the Scout returned and they found their descriptions a little out. A new one was used and the imitation can fire with a scout incentive brought the display to a close.

After a short organization meeting, where a committee

### December Council Meeting

T. J. December meeting of the village council on Monday night last was not a busy one, very little business being in the docket.

All councillors were present and Rose Mackie presided.

Minutes of the November meeting were read and approved.

The application of Mr. M. M. Brown for the Old Age Pension was approved by the board.

A price of \$25 was set on the acre plot which Mr. Cole wished to purchase in the eastern section of town.

J. Talente reported re dog tag collections, that he had \$21 on hand, but there were still four casinos on which the levy had not been paid. He was instructed to collect on these or have them seized.

Mr. P. Hunter, who had been sworn in a month ago as constable will be retained until after the holiday season. After passing a few small accounts meeting adjourned.

### Ye Olden Reindeer Game

A well attended meeting of the Alix Curling and Skating Club was held on Thursday night of last week when the following officers were elected for the coming year:

President, T. M. Wilton  
Vice-president, A. S. Bennett  
Secretary, F. Crowe

Treasurer, Wray Farr  
The fees were set the same as last year, \$5 for the season which includes skating privileges.

The ice is completed, the rinks have been put in and everything is now ready for operations. We understand there will be twelve rinks.

The skating so will be in shape for the lovers of that sport within a few days.

### COMMUNICATION

Mirror, Nov. 30, '34

Editor Alix Free Press  
Sir:—Those who think to serve the C.C.F. by opposing Social Credit are sadly mistaken for social credit is associated all the rest is but a pipe dream.

It is argued that S. C. can not be put into effect in Alix for constitution reasons but even so, the fact that a large majority decide in favor of monetary reform could be used as a tremendous lever by money reformers at Ottawa, and in all parts of the Empire we should realize the moral support of millions, the "secretment of association."

More than anything else the fate of S. C. in Alix will depend on the men elected, faith can move mountains, "where there is a will, there is a way," history is a witness to the falsity of the impossible.

On the other hand suppose our hopes are realized, even if not to the full, not only should we have immediate relief for our most pressing problems but the first effective blow would be struck at the monopoly of credit, the cause of our present situation.

A footing would be secured in the enemy's front line trench, which could be used as a base for further attacks until complete victory is won. His strategy, the "limited objective" is the only one open to a form inferior in numbers, with any hope of success.

The educational value would be incalculable, for the problem to be dealt with is not so much an economic as psychological one, — money power, money worship and money ignorance.

The control of money in the interest of consumption, Social Credit, is the key, and the only key, to the problem of an Age of Plenty. With that key in our hands we can walk out of our prison to a freedom we can hardly realize. Without it the doors are closed for ever.

### Our Jay Saw Pigeons

Does Alix pay more for its own creamery butter than the Vancouver householder? If so, how come?

With a possible four candidates in the constituency at the next Provincial election, who will you vote for?

A recent speaker in Alix told us that "Social Credit" was unnecessary. If we demand it, how can the Federal Government stop it?

Mr. Farmer, were you satisfied with grading and price on your turkeys this week?

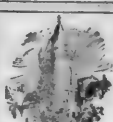

It is the splendid undercurrent conditions to remain an optimist?

### New Officers For U. F. W. A.

At the annual meeting of the U. F. W. A. held last Saturday the following officers were chosen for 1935: President, Mrs. Humphrey Parbury.

Vice president, Mrs. Thompson. Secretary, Miss Margaret Semple.

There isn't much to it, even in a little town but what you hear makes up for it.

"...So that Our Visitors  
will be Sorry to Leave"

"If we are going to invite people to this country,

we must be honest with them. . . . Country costs

nothing and is one of our greatest tourist assets

. . . Let us not treat strangers within our gates

that it will be too easy for them to come, pleasant for

them to stay, and difficult for those to leave."

L. HAN. R. B. BODNETT, *Star Minister of Canada, in the Canadian*

*Journal of Travel and Holiday Homes, December 1, 1936*

Canada's tourist activities represent more than a great industry from  
which everybody benefits. They provide an opportunity to create what the  
Prime Minister has described as "that feeling of neighbourliness" which is  
such a vital factor in building up cordial relations within the family of nations.

For both these reasons, may I urge upon the people of Canada the im-  
portance of showing consideration, courtesy and honesty to guests of our  
country? Let us all do those little acts of kindness which count for so much  
when one travels in a strange land.

We have a beautiful country. We must look it so. We want our visitors  
to travel highways free from disfigurement, with the correct of cities that  
are orderly and clean, and find at the end of every-day's travel an inviting  
spot to rest. Canadians should turn their attention now to the important  
work of preparing for next year's tourist season.

As a nation, we are advertising about the attractions of Canada as a  
holiday land. We must see to it that our guests return home with only the  
happiest recollections—and the determination to come back again and again.

For should we forget, in planning our own vacations, that there are  
hundreds to discover and friendship to be made in our neighbouring  
provinces. We live in one of the world's most glorious playgrounds—let us  
learn to know better the rich variety of its travel attractions.

### Thousands of Turkeys

#### Shipped From Alix

Thousands of Christmas dinners left Alix this week for Vancouver and points in Eastern Canada. Grider McCortner, representing the Alberta Poultry Pool, with two assistant graders and fourteen locals, were busy for the best part of a week packing five carloads of fowl, 110,000 lbs., which were gathered by the Creamery trucks in a radius of approximately one hundred miles from Alix. The shipment was around 90 per cent turkeys and the top grades predominated. In addition to the two other buyers shipped about a ton. The shipment was the largest on record at this point.

### Rebekah 1934 Officers

At their regular meeting on Monday night, the Alix Rebekah Lodge elected the following officers for the coming term:

L. P. G. Sister E. Berill  
L. G. Sister M. Sanderson  
V. G. Sister D. Brown  
R. G. Sister E. Shapley  
P. G. Sister H. Hvid  
Treas. Sister L. Whitfield

### Rural Electric Light

An innovation in lighting may be seen at Spessman's Hardware. We refer to the battery-run electric table lamp which brings to the rural citizen all the comforts of urban residence. The equipment comprises battery, regulation electric lamp with shade and outdoor projector which keeps the battery "up to snuff." We suggest that you call and investigate.

What a wonderful Xmas gift for mother.

### The Event Of The Season

And one always looked forward to, is drawing near. We refer to the Big Annual Dance under the auspices of the Alix Agricultural Society which takes place this year on Monday, December 31st. New Year's eve. Watch for posters giving full particulars.

THANKS LADY, THANK YOU

Dear Mr. Andrews: I'd not be sending the ad. in the paper again as I have at the order. I can fill. It surely pays to advertise and I thank you very, very much. Sincerely,

Only night now shipping days until Christmas.

Mrs. Warren is in Edmonton on a two day visit.

### R. A. Larson Resigns

We are informed that at a meeting of the Central Alberta Dairy Pool on Wednesday this week, Mr. N. A. Larson who has been manager ever since its inauguration, handed in his resignation which was accepted. He is replaced by Mr. F. Setters.

### Group Endorses Social Credit

The regular meeting of the Alix Economic Study Group was held on Monday evening last with a good attendance and a discussion of pertinent questions made an interesting session. This group has, through the past months, brought before its members all kinds of literature and data dealing with the monetary system and the climax came at this meeting when the following motion was unanimously passed: "This group go on record as endorsing the platform of Social Credit for Alberta." The next session is on Monday night, the 17th, when the delegates to the Lacombe convention will report. You are invited to join the group. Arrangements are being made to bring in speakers for both the town and adjacent country.

### Lacombe Conventions Sale

The Lacombe Conventions is to have the choice from three good men at the coming election, so the decision of the elector will narrow down to a choice of party or system which in their opinion will institute a policy to pull us out of this chaotic condition.

We have already reported the election of Mr. F. Swenson of Clive as the choice of the Liberals for this constituency at the next Provincial election.

At the Conservative convention held in Lacombe on Thursday of last week, Mr. P. Pratt of this town was the unanimous choice of their standard bearer.

The U. F. A's men in conclave at the "Convention City" Lacombe on Tuesday and with four prospects in the docket, selected Mr. Jack May of Clive as the Government supporter.

The Social Credit convention at Lacombe on Wednesday was the largest event of this kind on record, hundreds being turned away. It was decided to call a debating convention in January.

### Fire Backs From Home

Around 11 a. m. Thursday morning fire destroyed the farm house of Mr. D. Mc Mahon south of town.

Production of petroleum in Alberta wells for the week of October was 107,271 barrels bringing the total production for the year to October 31, up to 1,691,497 barrels compared with 815,338 barrels for the same period of last year.

The total coal production of Alberta mines to the end of October was 3,639,852 tons, compared with 3,553,945 tons for the same period of 1931.

### DEATH OF THE OLD YEAR

All roads deep lie the winter snow,  
As the winter winds are wailing slow;  
Toll ye the church bell and and slow,  
And tread softly and speak low,  
For the Old Year has a-dying.

Old Year you must not die;  
You came to us so readily,  
You lived with us so steadily,  
Old Year, you shall not die.

He lieth still; he doth not move;  
He will not set the dawn of day;  
He hath no other life above,  
He gave us a friend, and a true, true,  
love,  
And the New Year will take 'em away.

Old Year, you must not go;  
So long as you have been with us,  
Such joy as you have seen with us,  
Old Year, you shall not go.

He frolic'd his bumpers to the brim;  
A jollier year we shall not see,  
But tho' his eyes are wailing dim,  
And tho' his foes speak ill of him,  
He was a friend to me.

Old Year, you shall not die;  
We do so laugh and cry with you,  
I've half a mind to die with you,  
O' Year, if you must die.

He was full of jobs and jest,  
But all his merry jokes are o'er,  
To see him die, across the waste  
His nose and feet both ride post-haste.  
But he'll be dead before.

Everyone for his own.  
The night is starry and cold, my friend,  
And the New Year birth and bold, my friend,  
Comes up to take his own.

Now hard be breathe! over the snow  
I heard just now the crowing cock,  
The shadows flicker to and fro,  
The cricket chirps: the light burns low,  
'Tis nearly twelve o'clock.

Shake hands before you do.  
Old Year, we'll dearly rue for you:  
What is it can be for you?  
Speak out before you die.

His face is growing sharp and thin  
Alack! our friend is gone,  
Close up his eyes; he up his chin;  
Step from the corpse, and let him in  
That standeth there alone.

And waiteth at the door.  
There's a new foot on the floor my friend,  
And a new face at the door, my friend,  
A new face at the door.

#### Social Credit Meetings

Within the next few days  
meetings will be held on  
various points in this district for  
the purpose of forming study  
groups on "Social Credit."

Able men will be present to  
answer questions which may  
come up. Dates:

In the Ripley school house  
on Saturday night, Dec. 29.  
In the Community hall at  
Haynes on Thursday evening,  
January 3rd.

Social Credit is taking hold  
of the people, who are anxious  
to know the way and where-  
fore. That they may have  
an opportunity to learn and  
be able to cast an intelligent  
vote at the next provincial  
election, these groups are  
being formed and we trust  
you will attend the meetings.  
The Alix group have taken  
on themselves to organize in  
every school district in their  
territory where such a body  
is desired. Where these groups  
are formed the matter of  
outside speakers and place of  
public meeting is invited.

#### CARD OF THANKS

Once again I must thank  
the folk of Alix and Mr.  
Sharp for their kindness in  
lending me 11:50, the pro-  
ceeds from the afternoon pic-  
ture shown last Friday.

Mr. D. McNamee

Get, drink and be merry,  
for to-morrow you die.  
That's a noble blunder-  
dyed by her job in jail.

Don't worry if your job is  
small,  
And your rewards are few;  
Remember that the night  
O' Year, if you must die.

Who came a nut like you.

#### Selling Hereabouts

A good many Hereford breed-  
ers will regret to hear that P.  
Gay Fyn has decided to leave  
an attractive offer in another  
hold and is going out of the  
business hereabouts.

When P. Gay Fyn, Ronald and  
Gay, have had an interesting  
career since coming to Canada,  
they started in together back in  
1912 as the Fyn Brothers, Mirror  
with a few head of Herefords  
and built up a good herd. They  
sent their Herefords out on shares  
and both went westward. Ronald

was seriously wounded and still  
carries around with him a flac-  
ket scarred in the shape of a  
bit of shrapnel lodged in the  
flesh of his heart. Gay Fyn  
went with the flying corps and  
says that he has more than his  
share of luck to survive several  
months of active flying and in-  
sults dropped 15,000 feet in the  
air. Embarked with an explosive bullet  
in each leg, his observer falling  
out of the machine 100 miles up.  
When Ronald and they returned  
they stayed a short time in B.  
C. and then returned to Mirror  
to resume their Hereford breed-  
ing operations. In 1928 Ronald  
had no offer of employment in  
England which he did not feel  
the writing and which resulted  
in the dissolving of the happy  
partnership. Since then P. Gay  
Fyn has carried on by himself  
and given the Hereford breeders  
the fact that he has a few million  
turn around here.

The Fyns have always had  
good Hereford bulls and have  
built up a quality herd. In all  
their years of business Mr. Gay  
Fyn claims, "I can only recall  
two cases of any dissatisfaction  
expressed by buyers of Hereford  
Herefords. In each case an ad-  
justment was immediately made  
without quibble or call to the  
attention of the buyers. We have  
also sold very many animals  
through advertising. The Hal-  
lowed Farmer, and especially in  
selling his old and accurate de-  
scriptions of animals quoted to  
prospective buyers. It is  
to have visitors come and look

near our stock. We have an award  
the C.P. it is this is the C.H.  
it at Mirror. I would like to  
see the book sold to you party and  
warranted on as a breeding herd  
out if necessary to dispose of  
them would discontinue. De-  
cember issue of the New West  
Farmer

### A Pioneer Passes On

Another of our sturdy old  
pioneers, has gone to the great  
beyond in the person of the  
late William Richard Brown,  
who passed away at 7.30 a.  
m. on the morning of Thurs-  
day, December 27th, at the  
Stettin hospital, aged 78  
years, 2 months, and 14 days.  
Deceased was born at Pictou,  
Prince Edward County, Oct.  
on October 13th, 1856, and  
on December 24th, 1879, he  
married Sarah Priscilla Th-  
ompson, who survives him.

In the summer of 1908 they  
came west to Alberta, taking  
up a homestead three miles  
west of where the town of  
Alix now stands, where he  
lived ever since.

In addition to his sorrow-  
ing wife, he leaves to mourn,  
two brothers M. M. Brown  
of Alix and George S. Brown  
of Theodore, Sask.; and five  
children living, Norman L.  
Brown of Duncan B. C., Mrs.  
H. G. Sargent of Port Dar-  
ela, Australia, Mrs. E. A.  
McKinnon of Alix, Mrs. Olay  
Seland of Brian Lake and  
Maureen E. Brown of Alix.  
He was always a high re-  
spected citizen of his com-  
munity, and his death is  
felt as a great loss to the  
community.

The funeral was held at  
2.30 p. m. on Saturday from  
the United Church to Alix  
cemetery, the services being  
conducted by Rev. Woodliff.  
The pallbearers were all old  
friends of the family: Messrs.  
C. C. McDermid, J. Wright,  
W. L. Patten, W. T. Callman,  
A. McDermid and B. C.  
Andrews.

### CARD OF THANKS

To the friends who have  
been so kind to us in our  
recent bereavement, we wish  
to express our most sincere  
thanks.

Mrs. Sarah Priscilla Brown  
and family.

### Social Credit Group Activities

The next meeting of the  
Alix group will be held on  
Monday evening, January 7,  
at 7.30 sharp in the Legion  
Hall annex. You are invited.

A meeting was held at the  
Carroll school on Thursday,  
December 27th, for the fur-  
therance of "Social Credit."  
The Nevie group was repre-  
sented by Mr. and Mrs. A.  
Slapak, Mr. and Mrs. G.  
Morrison, Mr. and Mrs. A.  
Carroll and Mr. N. Norris.

Mr. Slapak gave a lecture  
on the principles of Social  
Credit, making his points  
clear, and being much ap-  
preciated by Mr. Morrison  
who acted as chairman and  
was very much enjoyed by  
those present.

The Alix Study Group was  
represented by Messrs. W. E.  
Jennings, G. Linasch and M.  
Mann. At the close of the  
lecture by Mr. Slapak, Mr.  
Jennings pointed out there-  
sons why every district was  
badly in need of their own  
group, making an appeal to  
the people for their whole-  
hearted support. He appointed  
Messrs. T. M. Hamilton  
and W. Seelye to carry on  
the necessary work until a  
group is formed. There not  
being a sufficient number pre-  
sent, the forming of a group  
was left for a later date.  
After serving refreshments  
the meeting adjourned.

A strong group was formed  
at Ripley last Saturday  
night when Messrs. W. E.  
Jennings and M. Mann of  
the Alix group went out to  
start the ball rolling. This  
new group has as initial  
membership of 24 with Mr.  
A. F. Barritt as president,  
Mr. F. Mann vice-president  
and Mr. L. Paulson secretary.

There were lots of questions  
asked and answered by Mr.  
Jennings and the Ripley group  
is a very full of pep. We  
learn that the membership is  
now nearing the 40 mark.

Tues. Dec. 31, '34

Dear Mr. Andrews: Having  
just seen a recent copy of  
your paper and noted you  
have displayed the courage  
the title of your paper would  
indicate, namely "The Free  
Press." I hasten to congrat-  
ulate you on your coming out  
straight for Social Credit in  
Alberta. Therefore I am  
pleased to add my name to  
your list of subscribers. I  
trust that many more Social  
Creditors may do, the same  
and make 1935 the most suc-  
cessful year your paper has  
known. I am convinced this is one  
movement that we can put  
into practice that great motto  
"All is for each and each for  
all" and I live up to this motto  
to 1935 will see the Social

Credit act go on the statute  
books of this province and I  
suggested said act could be  
justly termed "The Statute  
of Liberty," liberty from the  
international credit monopoly  
for the people of Alberta.  
Yours very truly,  
J. M.

Thanks friend, we are only  
supporting a system which  
we believe will relieve the dis-  
tressed, feed, clothe and shelter  
the destitute and educate the  
orphan. In other words  
enslaving christianity.

### Village Council Meeting

At the regular monthly  
meeting of the village council  
on Monday night last all the  
councillors were present and  
Reeve Mackie presided.

Minutes of the December  
meeting were read and ad-  
opted.

A letter from the assess-  
ment commission stated that  
our equalized assessment had

### SOCIAL CREDIT

A definition of Social Credit  
is that it is that form of credit  
accruing to the individual or  
corporation because of its  
association with others.

The other kinds of credit  
are Financial Credit, that is  
credit issued by the Banker,  
and Real Credit which is the  
credit accruing from the ability  
to produce goods or services  
when and where required.

Social Credit is the means  
of replacing the advantages  
resulting from the Real Credit  
in the hands of the people  
to the association of our  
real credit. Today we have  
our real credit monopolized  
to a certain extent when we go  
to the bank and ask for a  
loan. Upon the presentation  
of enough security (that is  
real credit) we are granted a  
loan, that is, we are receiving  
our real credit. The question  
arises, why not ask for more?  
The difficulty in the present  
system lies in the fact that  
we are not able to associate  
our real credit to its fullest  
extent and that we have to  
pay a high rate of interest to  
be allowed to monopolize it  
at all.

Social Credit is a means of  
allowing us to monopolize our  
real credit to the fullest pos-  
sible extent and does not ask  
us to pay an exorbitant rate  
for this monopolization.

Social Credit is the one  
means of safely and easily  
placing purchasing power in  
the hands of the consumer.  
(Next week: "Balance of  
Trade Under Social Credit.")

On Thursday night of last  
week a large group was for-  
med at Harmony with Mr. Chas.  
Buchanan as president, Mr. E.  
Randall as vice-president, and  
Mr. A. Clarke the secretary-  
treasurer. The meeting was  
held in the community hall  
with a large attendance and  
Mr. Buchanan as chairman at  
whom invitation twenty five  
signed up. Mr. E. Jennings  
from the Alix group was the  
spokesman and during the  
question period he answered  
satisfactorily every query put  
forward. It was decided to  
hold meetings over second  
week. Lunch was served on  
the meeting adjourned.

### Chances—Jenny

A pretty wedding was cele-  
brated at the home of Mr.  
and Mrs. Robert W. Dawson  
near Bashaw, on Monday  
January 7th, when the  
bride Marjorie became the  
bride of Mr. H. M. Channon  
of Alix. Youngest son of Mrs.  
John Channon and the late  
Mr. John Channon of Wain-  
ington, Somerset, England.  
The beautiful ceremony was  
performed by Rev. Rogers of  
the Church of England and  
the bride very charmingly  
gowned in a blue crepe dress  
trimmed with silver, was at-  
tended by her sister Katherine  
who was dressed in flowered  
chiffon, while the groom was  
supported by his brother,  
Mr. Chas Channon of Cal-  
gary.

Following the ceremony,  
the company sat down to the  
sumptuous wedding dinner  
served at the home of the  
bride's parents. The happy  
young couple have taken up  
residence in Alix where the  
groom is proprietor of the  
Alix Meat Market.

### Gasoline From Lignite

The University of Minnesota Institute for Carrying Out Superintendents

Two University of Minnesota scientists, successful already in determining certain aspects of the degradation of resins, from the same tree, speculated on the possibility of making gasoline from lignite.

The two, Dr. Edward H. Rives and Ralph H. Seward, bought new materials and now use old oil drums with the co-operation of the Minnesota State Highway Department.

The scientists have been successful in making gasoline from brown coal. Lignite, they pointed out, is similar in composition to German lignite.

Success of experiments in making gasoline from lignite would create an outlet for vast deposits of the low grade coal which underlies portions of North and South Dakota and eastern Minnesota. Geologists have estimated their total at 1,000,000,000,000 tons.

### Obituary

The funeral of the late Mr.  
James Clark Stone, who  
passed away at the home of his  
daughter, Miss W. A. How-  
son, north of Hymon, on  
Sunday last, January 13th,  
aged 58 years, was held on  
Tuesday, interment taking  
place in Stone cemetery.

By request the Fortnites  
dance will be repeated on  
Friday, February 1st. Owing  
to extremely cold weather last  
week the crowd was small  
and the Order had a deficit  
of \$15.25, but a donation of  
\$5 by the orchestra cut the  
loss to \$10.25. Receipts \$20.25  
expenses \$30.50.

Born—Evelyn of Alix on  
January 11th, to Mr. and  
Mrs. James Schnepp, a son.

Don't forget the Saturday  
night dance in Alix.

### Boy Scout News

The Christmas Toy Shop ran  
very the last Alix Troop of Scouts  
distributed 180 toys to 17 families  
in the Alix, Tom, Hymon and  
Haysden districts. The local  
Girls Club donated the dolls that  
were sent out to the girls in these  
families.

The recent meeting on the hall-  
days was spent in listening out  
to Manbridge fare and spend-  
ing two hours of indoor fun and  
enjoying the banquet supplied a  
meal on which the Scouts  
enjoyed very much.

The Scouts have started work  
on the three-part play "Of Our  
Blood", which they are going to  
present next the end of February  
to raise funds for the troops trip  
to Edmonton to see the Chief  
Sergeant when he visits April 25th.  
The boys have been busy de-  
corating their hall to make it  
look more like a Scout's room.  
The troop has a total of fifteen  
active members.

Well—On Sunday, Jan-  
th, the Wolf Cub den, a com-  
pelling party on the 1st bill of

they thoroughly enjoyed them-  
selves and passed a most enjoy-  
able evening. Before the Cub  
went home they had a cup of hot  
chocolate and a piece of cake at  
the club's home.

Owing to our victory weather  
the Cub meetings are being held  
after school. It is interesting to  
note that the pack drive boys  
from four different schools with  
a total membership of 15. The

### "The Balance Of Trade"

When Social Credit is being  
discussed one invariably hears  
the question "How are you  
going to do this, that or the  
other thing?"

The answer in a great  
many cases is "The same as  
now."

In dealing with the ques-  
tion "The Balance Of Trade"  
the same principles as now  
will apply under Social Credit.  
We must buy as many goods  
as we sell and must sell as  
many goods as we buy. If  
we sell more than we buy we  
become a creditor nation. If  
we buy more than we sell we  
become a debtor nation. The  
only way we can pay for  
goods from the outside is to  
give goods in return. If we  
buy an article in a foreign  
country for \$5.00 some one in  
that country must buy some-  
thing from us for \$5 if we are  
not to become debtors. If our  
exports exceed our imports  
we say we have a "favor-  
able balance of trade." If  
our imports exceed our exports  
we say we have an "unfavor-  
able balance of trade."

If a condition arises where  
one nation becomes chroni-  
cally a debtor nation, the  
creditor nation may ask for  
gold to cover the amount of  
the debt. This in turn effects  
the exchange rate on the sur-  
rency of the debtor nation  
thus leading to further com-  
plications. The ideal condi-  
tion is the maintenance of an  
even balance of trade between  
countries. Under Social Credit  
it is just as essential that  
no even balance of trade be  
maintained.

### Brief History Of The Central Cream Pool

The Pool started operations on March 26, 1925 without the members supplying one single cent of cash. It was started through an operating contract with the Head over Creamery Co. Ltd. of Alix, by which the members of the Pool participated in the cream of the output of The Modern Creamery Co. in exact proportion to the cream supplied. In addition the members of the Pool were supplied \$100,000 as working capital free of interest charges, without this the Pool would never have been started.

It was early to the credit of the then directors and the manager that the Central Pool never got entangled with the Provincial Dairy Pool in which was the Central Pool would have gone out along with the Provincial Dairy Pool after two years. By remaining independent, the Central Pool in 1925 was successful in winning Dairy Pool sales to be established both in Calgary and Edmonton after the same fundamental principles manufacturing and distribution of butter for service for the members and not for profit.

In the early days or years the shortage and distribution was many; and met the great difficulty was to establish a consistent market for butter 12 months in the year. In the summer time when the winter was over the problem was a simple one, but during the winter when New Zealand butter flooded the Vancouver market, or even Alberta market, butter frequently had to be kept in public cold storage at considerable expense until the winter was over.

It was not until the year 1925 that the Central Pool was able to make a sale in better markets of New Zealand butter and also Alberta butter bought by jobbers when prices were low in the summer time. This condition ultimately forced the Central Cream Pool to make their own selling agency in Vancouver. It is only natural that they met with a great deal of resistance by the then opposition to their jobs of butter in Vancouver, also it was a great deal of money to establish the agency. However, the obstacles were overcome, many of the butter jobbers in Vancouver passed out of business because they found the wholesale margin in distribution insufficient to meet the cost of doing business. Today the number of jobbers in butter in Vancouver has been reduced to one.

The Central Pool has played an important part in effecting the reduction of jobbers or wholesalers in butter. It has been in effect the Central Pool ever after paying the cost of establishing the selling agency in Vancouver, paid market price for cream and in addition distributed to the members and accumulated assets for its members a sum of over one quarter million dollars during the past six years of operation.

The Central Pool maintained very satisfactory reduction of the margin between cream gross and butter price wherever cream was produced from the fat of members.

The Central Alberta Dairy Pool became known from about its first year in Canada as an outstanding example of successful co-operation. The main reason for this was that the Central Pool was founded on a pure economic principle, business for service, not for profit, and eliminated interest on the capital employed, member earnings being distributed to members according to butterfat supplied. It was the basic principle of the C.C.F. applied and carried into practice under selecting jobbers to help the members to get the best price for their butter.

which by the way have not progressed very far yet in practice. Considerable progress was made during 1924. The volume of butter made under one cent at Alix consumed approximately 100,000 pounds in a total output of over 2,000,000 pounds. In addition the Central Cream Pool was operated with the Provincial Dairy Pool in handling its outside of eggs and sugar. The total turnover in money in spite of the low price of farm products will amount to approximately one half million dollars, which is a very good record for a small pool.

### COMMUNICATOR

In receiving her subscrip-  
tion for another year, our old  
friend, Mrs. C. M. Lawney  
of Seattle, said to us:

"We are having a little  
Alberta winter, just a flurry  
of snow and the thermometer  
lower than it has been since  
1923. I am interestedly watch-  
ing the progress of your  
local Credit plan. We in  
the States, now going in for  
progressive legislation as never  
before. Don't know how  
far we will get but it is bound  
to help some when people  
begin thinking. Well, here's  
to the success of the plan and  
your paper during the com-  
ing year. Remember, mail to  
me to all the best."

Editor - You ought not  
easily this evening.  
Patient - I ought to. I  
practical usually all night.

While - I guess my dad  
must have been a pretty big  
boy.

Tommy - What makes you  
think that?  
While - Because he knows  
ranch what questions to ask  
me when he wants to know  
what I have been doing.

### Bank Credit

All money matters of our  
country are controlled by the  
banks. This not only inclu-  
des the issue of currency and  
acceptance of deposits, but  
also the issuance of credit or  
loans. If you ask a banker  
where he gets the money he  
lends as a loan he will tell  
you that it is the money of  
the depositors. This state-  
ment is not wholly true, in  
fact we find at all times the  
amount of credit in existence  
is many times greater than  
the actual amount of currency  
in existence.

As a general rule you can  
take it that for each dollar in  
currency in existence there  
are ten dollars in credit.

This ratio of ten to one is  
maintained by the bank lend-  
ing money large enough to  
maintain this ratio.

When prices are going  
up owing to greater demand,  
the currency of the bank is kept  
moving in as large quantities  
as possible in the hands of  
the consumers and likewise  
loans are made in accordance  
with the above ratio.

In a time of receding prices  
or depression the bank re-  
moves the currency from cir-  
culation and certain loans  
so that the ratio may be  
brought to one or even lower  
with the result that the credit  
available is greatly decreased  
and prices still go down. This  
is the case at the present  
time. In Canada our credit  
has been reduced by some  
\$925,000,000 with the result  
that there is not sufficient  
purchasing power in the  
hands of the consumer to  
purchase the goods now offered  
for sale.

Next week "The Cultural  
Heritage."

The regular meeting of the  
Alix Branch of the Group  
one held in the Legion hall  
on Monday evening, January  
21st. Preparations for the  
coming straw vote being the  
main item of business fol-  
lowed by a general discussion  
of the workings of Social Credit.  
Ballots have been sent for  
and a polling booth will be  
established at the "Free  
Press" office in the near fu-  
ture where you may record  
your vote or no, while Rippey,  
Carnell and Hickling voters  
will have their canvassers.  
Special ballot boxes will be  
provided for those wishing to  
vote while in town.

Motion of the poll will be  
announced next week.

Word reaches us from Ed-  
monton that Mr. R. R. White  
is very much worn, outside  
now being paralyzed.

## 'The Cultural Heritage'

Before the dawn of history man had used his inventive genius to enable him to make his labor easier.

These tools embodying principles of mechanics still used in the mechanics of the modern world.

We have the lever, the inclined plane, the pulley and the wheel and axle, the wedge and the screw.

These principles have been in use so long that their invention has been lost in antiquity. Still throughout the years these principles have not changed, but are used in the making of all machines and no contribution is made to the inventive genius of early man. Similar other inventions of bygone ages have helped in the removing of manual labor of the past and present improvement of crops and stock have given us a better and more valuable product for which we make no contribution. All these improvements we accept today without question and without price, they are our inheritance from the ages gone by, or we may say our Cultural Heritage.

## How You Voted?

The ballots for the straw vote on Social Credit arrived last week and the polling booth is at The Free Press office. This is to be a 100% vote as per the voters' list, namely compiled, no drop in the first time you are down town and mark your ballot YES or NO. Mark your ballot with the rest. The only qualification is that you have a vote at the next Provincial election. The straw vote is absolutely secret.

While ballots will be circulated in the school districts, for the convenience of those coming in Skatton, Hicking, Carroll, Ripley and Stonehouse have been prepared at this office where you may cast your ballot if you so wish.

## Announcements for Monday Next

### White Lunch Changes Hands

Following six years as proprietors of The Alix White Lunch, Mrs. K. Walker on Monday last disposed of the business to Kim Long who is now in possession. Alix has been proud of this establishment and we understand it will be the aim of the new proprietor to maintain the high standard set by Mrs. Walker.

### M. B. Annual Meeting

The annual meeting of the M. B. at Lacombe, Alta. was held on Saturday afternoon last.

The meeting was called to order at 10:30 a.m. by Minister Officer E. B. Martin who at once declared nominations in order for chairman. Rev. A. Dittus was nominated by W. H. Sonerville and I. V. Carter and no other names coming so they took the vote.

The minutes of the annual meeting of Feb. 17th, 1934, were read and approved on motion of W. H. Sonerville seconded by W. E. York.

The financial statement was then read and discussed and on motion of E. B. Martin and W. H. Sonerville it was adopted. Report on the annual convention of Municipal Districts was given by Counsellor Washburn, one of the delegates. Counsellor Washburn was thanked by Mr. D. C. Walker for the report.

At 3 p.m. the returning officer announced that nominations for the next election for Division 1, 2 and 3 were in order and would be open for one week. The result was the re-election of all three candidates by acclamation, namely: J. L. O. A. Conklin; Div. 1, W. Washburn; Div. 2, J. B. Son.

Moved by Percy Puffer, seconded by E. B. Martin that the meeting go on closed as being in favor of the vote taking in work on the books being given permission to work out any portion of their taxes up to 50% of the amount owing on payment of an equal amount in cash, or to work to the same basis under an agreement whereby the cash payment be deferred until sometime 15th of the next year and should the taxpayer fail to make the cash payment on or before the due date no credit to allowed him for the labor performed. -Lost.

The meeting adjourned at 4:05

IN MEMORIAM  
I, ever loving memory of my dear wife and mother, Mrs. J. E. Sonerville, who passed away Feb. 19th, 1935. Deep is our hearts in a picture and we are sad to see the memory's frame we shall keep it forever the one of the last hour. Sanctified by her loving husband and daughter and son and friends.

### Presbytery Meeting in Alix

On Thursday, Feb. 20th, the Three Hills Presbytery will meet in Alix, anxious to be held in the United Church. The afternoon will be a business session and in the evening Dr. Powell, Superintendent of Missions, will give an address. Everybody welcome.

### Lots of Hockey

In two exhibition games on the house ice our readers made two more wins during the past week. On Friday night our boys went on a free-scoring rampage with the Lacombe Commercials and took them into camp by an 8 to 0 win. They won again on Tuesday night from Delburne 3 to 2. The games were clean and both visiting teams showed the overmen good looks.

Tomorrow night they go to Ponoka and that team plays the return game here Monday night, Feb. 25th. This game means much to the Alix team as it may determine whether or not they will be permitted to enter the Big 5 league next winter. Don't miss this battle.

THANK YOU ALL  
Having disposed of the Alix White Lunch, I wish to express my sincere appreciation of all those courtesies extended to me during my business experience.

Mrs. E. Walker

### Tues Tidings

Mr. and Mrs. Evelyn Haines of the west arrived at a baby boy born February 18th in the Lacombe hospital. Helen went to Lacombe on Tuesday morning wearing a white like a new moon, to see his new son.

Mrs. E. A. Kuch and Mrs. Edward Correll of Medicine Hat arrived on Monday.

There will be a big Social Credit dance in the hall here Friday night, a joint dance of the Town, the Mount and Spring Valley Social Credit Groups. A large number of tickets have already been sold and a jolly time is anticipated by all who attend.

The Town Social Credit Club have purchased the book on Social Credit written by Mr. Tette of Vancouver, B. C. and will take up and study a chapter of it at each meeting.

Walter Maclean spent the week ending in Lacombe. D. B. McMillan was called to Calgary about Monday evening to address a Social Credit meeting. A large number attended and a good meeting was held.

There was a large attendance at the Young People's meeting last Wednesday evening, and a very interesting program was furnished. The debate, Margaret Ross vs. Bonholders was decided in favor of the Married men.

Tells for Social Credit Club is the best way to show sympathy and more equally distribute our wealth and thus make Canada a more progressive nation. Mrs. J. Dues of Alix is visiting with her sister, Mrs. H. A. Smith on Tuesday.

### COMMUNICATIONS

Alix, Alberta,

February 20, 1935

Friend Will Fries

A message returning to Alix after many years absence is bound to be impractical with the prevailing spirit shown in trying to get at the root of our own troubles.

But there are other 2 part parts besides the financial that needs our better. For instance we pay 25c for a A. B. letter (1) 5c for the mail transportation, (2) for registration and an extra (3) for the full signature of the party who signs for the letter, and the signature of the mail clerk delivering it and the date stamp showing exact time of delivery.

Now, to give a concrete example of how wasteful the postal service is. On Friday morning last, I sent an A. B. letter to an address in Edmonton who got it about four deliveries a day. The letters arrive with the sign,

received paid for should be back next day. Several days have passed and it is not back yet, which fact becomes positive proof, and this is by an means an excellent example, that the postal service between this office and Edmonton is not reliable.

With the office of less likely furnish me reasons why the mail has failed to reach address.

The number was 484, sent on February 18, 1935.

Thanking you for the paper, Amy H. Kenna (Mrs. Dr. Kenna)

The Alix Young People's Society are holding a skating party at the rink on Tuesday night next 8 to 10:30. Everybody welcome. Ladies and boys bring buses, boys bring skates.

The gross receipts at Monday night's card party came to \$35.55

### Obituary

A. E. MARBOTTIE

A well known and highly  
respected resident of Alix  
and district passed away at  
the family home south of  
town on Friday morning last,  
February 22nd, in the person  
of Robert Edward Marbottie  
who was in his 59th year. He  
had not enjoyed good health  
for a long time but was only  
confined to bed for a few days  
prior to his passing away.

Deceased was a native of  
Ontario, being born at Bar-  
ford. He made several trips  
to the west, and eventually  
located in Alix around twenty  
five years ago, where he open-  
ed a blacksmith and machin-  
ery business. At the out-  
break of the war he enlisted  
and spent four years overseas  
and on his return in 1919 he  
took up farming on the land  
which has since been his home.  
For several years he was a  
trustee on the Alix Consoli-  
dated School board.

Surviving are his sorrow-  
ing wife and two daughters,  
Dorothy and Irene, two sisters,  
Mrs. Drake and Miss Annie  
Marbottie of Shelby, Mont.,  
and brother John of Bottrell,  
Alberta.

The funeral took place on  
Monday from the United  
Church to Alix cemetery,  
Larson, C. Arneson, Priest, D.  
Nelson, Reid, Whiteholme.  
Alix—D. Wilton, Linch  
Jack Peers, L. Northcott,  
Price, D. Northcott, Jim  
Peers, Wels, Ben Wilton.  
Reverend—Art Foster.

### The Warble Fly Menace

Every farmer in this district  
loses dollars and dollars each  
year in his herd and stock  
through the depredations of  
the Warble Fly, sometimes  
called the Hail Fly.

On Tuesday and Wednes-  
day of next week, March 5th  
and 6th, between the hours  
of 1 and 3 p.m., Peter Jamieson  
at Roddies Farm, 34 miles  
west of Alix is putting on a  
demonstration on how to  
apply Cooper's Warble Fly  
Powder and will explain the  
actions of the cure.

Farmers in this district are  
invited to attend the demon-  
stration. The war against  
Warble is so sure of positive  
results, and the cure so am-  
ple to apply, that no farmer  
with a thought for his cattle  
and his income can afford to  
pass it up.

ALIX 4-PONOKA 6

Alix seniors went to Ponoka  
on Saturday of last week  
and although the tally went  
against them, they reported a  
satisfactory battle with a  
score of 6 to 4.

ALIX 5-PONOKA 2

Shipping in a counter to the  
victory, two, Alix went  
the return game with Ponoka  
on Monday night last in one  
of the cleanest and fastest  
exhibitions on our ice this  
season. Our boys were in  
good form and met the visitors  
at every turn, but all  
through the game was fairly  
even.

The first and was well on  
the way when Art Linch  
shot the first counter. In the  
second period both teams  
tallied, Jack Peers doing the  
grind for Alix. From the  
face-off in the final twenty  
minutes it was a real show,  
the visitors putting forward  
everything they had in an  
effort to offset the one  
goal lead, but when they  
counted one, C. Wain scored  
two on a break from Linch  
and Jim Peers, and Red Wil-  
son took a safe one on an  
assist from Jim Peers.

To score—Hokley, Stuart,  
S. Nelson, Arnes, D. Arneson,  
Larson, C. Arneson, Priest, D.  
Nelson, Reid, Whiteholme.  
Alix—D. Wilton, Linch  
Jack Peers, L. Northcott,  
Price, D. Northcott, Jim  
Peers, Wels, Ben Wilton.  
Reverend—Art Foster.

### DON'T BE BAMBOOZLED!

Major Douglas is coming to  
Alberta immediately, on  
the invitation of the Govern-  
ment, but we just wish to  
point out that the credit is  
due Mr. Aberhart whether  
the U. F. A. wishes it or  
not. Had Mr. Aberhart not  
continued the fight for Social  
Credit "Douglas Social Credit"  
the subject would have  
died following the Edmonton  
interview. This is the first  
win for Mr. Aberhart and  
we congratulate him.

But we do not understand  
the expenditure of so much  
by a group that emphatically  
stated "it cannot be worked  
in Alberta." Is this a politi-  
cal move or an admission of  
error? We are inclined to  
believe it is camouflage.  
"Can't be done" will not  
give us "Social Credit."

The Three Hills Presby-  
tery which opened session in  
Alix yesterday is continuing  
its deliberations to-day.

The Stettler hockey team  
will meet our puck chasers on

Alix ice to-morrow (Saturday)  
night.

Mr. J. H. B. Anderson of  
Red Deer will be the speaker  
at the Social Credit meeting  
on Monday night, March 4.

Miss Irene Thurgood has  
gone to take a position at  
Calgary.

Mrs. Crabbe from Hackett  
was a visitor over the week  
end at the home of her friend  
Mrs. E. Borill.

#### Social Credit Meetings

Alix citizens are to have a  
free talk on the visitation of  
Mr. J. H. Unwin, who will  
address a public meeting here  
on Thursday night, March 24,  
in the interests of "Social  
Credit." In the telling of  
the "straw ballot" as man-  
aged by the Social Credit  
League, the speaker of the sub-  
ject. Who here's your chance  
as the speaker is one of the  
best informed in the province.  
Meeting at 8 p.m. sharp in the  
Old Fellows Hall.

Boy, when you take a shot  
of real Scotch flavored with  
Social Credit, as handed out  
by Jack Anderson from Red  
River at the Alix group meet-  
ing on Monday night last, it  
makes you feel good, even the  
ladies present had that sat-  
isfied appearance.

The speaker delved into  
such problems as "the just  
price," "the bank dividend,"  
in fact he gave such a clear,  
simple analysis of Social  
Credit as advocated by Mr.  
Anderson, and secured in  
such an understandable way  
all sorts of questions (and  
there were lots of them) that  
the unanimous opinion of the  
meeting was fully put by a  
person who said "I have re-  
ceived more information from  
this one meeting than all the  
others I have attended."

He pointed home his in-  
troductions remark "what  
next?" and argued with his  
listeners to be ready to roll  
up their sleeves in support of  
a 100% candidate.

He gave an outline of the  
votes to be taken in the elec-  
tion of candidates come time  
in April.

#### Passes Another Mile-Stone

The home of Mr. and Mrs.  
A. J. Ray of Mirror was the  
scene of a merry gathering  
and the bust of many voices  
on Tuesday, February 24th,  
when their children, grand-  
children, old friends and neighbors  
gathered to help  
Grandma Ray celebrate her  
71st birthday. There were  
in all some forty children during  
the afternoon and refresh-  
ments were served from the  
bountifully spread table.

Social chat, extempore song  
sessions and prize giving were  
low taken made for a happy  
evening. A pleasing separa-  
ture was the singing over the  
radio of "I Love You Truly"  
for a Grandmotheress Ray  
of Duffield. The party broke  
up at 6 p.m.

We are pleased to report  
that our dear old friend is  
in joying good health and if  
you want to know where to  
find her on Sunday go to the  
Sunday School where she is  
rounding out some 60 years  
as a teacher.

of Capt. Selwyn in London  
1928. Scene 2—Capt.  
Rogelman's home in Berlin  
1928.

Act 3—The Scout Jacobson  
at Arrow Park, England,  
1929.  
"And He shall make of one  
blood all nations of the earth  
and they shall be no more."

Buy a 35c ticket and come  
and see for yourself how  
through the spirit of comradeship  
manifested between the  
Scouts of different nations in  
the Scout Jacobson. John  
Selwyn, son of Capt. Selwyn  
born during the war, and  
Joseph Rogelman, son of  
Carl Rogelman, a German,  
who was also born during  
the war, are drawn together  
in friendship in spite of the  
fact that Captain Selwyn  
wounded and stripped Carl  
Rogelman during the war.

At the regular meeting of  
the Alix W. I. on Tuesday,  
March 24th, at the home of  
Mrs. T. Wilson, Mr. Edgar  
gave a most interesting paper  
on Canadian Industries stress-  
ing the point of buying at  
home, mainly Alberta man-  
ufactured products such as  
sugar and flour, thus  
helping the unemployment  
problem.

The W. I. is preparing a  
guilt to be sent to the "Hand-  
craft" exhibit at the Con-  
vention in Edmonton in May.

### Don't Miss The Boy Scouts Play on Friday, March 15th

Miss Feagerty of the Royal  
Bank staff leaves this week  
on her holidays which will be  
spent in Chloresham and other  
southern towns.

At the equator the average  
temperature of the sun at the  
depth of a mile is but few  
degrees above the freezing  
point.

### IMPORTANT - TO WHEAT CROWERS

Under wheat grading regulations coming into  
effect August 1, 1935, the matter of purity of variety is  
one of primary importance.

Regardless of whether your wheat be Marquis,  
Garret, Reward "221" or any other variety, it is  
desirable from a marketing standpoint that it be  
uniform in type.  
Massive admixture one way or the other will be  
liable to grade penalties under the amendment to the  
Canada Grain Act.

**Financing Social Credit**

There is one way and one way only to put Social Credit into effect and that is by a continual educational program, and this must be kept up until the last minute. We have not got one second in driving home the truths of a system that will bring to us prosperity and a contented people.

Therefore, I take money, and the only resources available are the pockets of its supporters. There is no easy way of making this collection and that is by patronizing the various social functions arranged therefor.

Each group's aim is to send the best of such societies as can be collected, but we must also build up a reserve for favouring candidates who are to be put into the field shortly.

If you will only do your little, the objective will be reached without effort. Or if you prefer, hand the secretary any amount at any time. We know money is scarce, but if we do not put Social Credit into effect (four other chances) it will be scarce. We simply must have a change or else become crumb grabbers from the rich man's table.

**Taxes! Taxes! Taxes!**

Tax the farmer, tax his dad, Tax what'er he ever had, If he's broke it's just too bad. Go ahead and tax the man, Tax his dog and blind hand, Tax his cow, tax her milk, Tax his bed, tax his quilt, Tax his pig, tax his pen, Tax his flock, tax his hen, Tax his corn, tax his wheat, Tax the wagon, tax the squeak, Tax his wife, tax his boy, Tax whatever gives him joy, Tax the baby, tax the crib, Tax his all—who gives a fig? Get his goat—tax his pig. Tax the horse out at grass, Tax his fiddle, tax his bow, Tax what he wants to now. Remember the forgotten man in your so-called taxing plan. He has income so they say. Most of which brought to pay Tax the man that's on the dole. Get him in a deeper hole. Tax the manufacturer, too, He is more than getting thro. Tax the men who works for him.

For his pay check is too thin Tax his buildings, tax his chattle, Tax his Ford & all its rattles, Tax his stock, tax his cash, Tax him double if he's rash, Tax his light, tax his power, Tax his payroll by the hour, He's no thing more than a poor Add another five per cent; Tax what'er he has to sell, If he holds—tax his yuh.

**She Was Beloved By All**

On Tuesday evening one of the earliest settlers in Ripley district passed peacefully away in the person of Mrs. T. W. Barritt, at the ripe old age of 76 years.

She was born in Scotland and in 1869 the family came out to Kenora where she grew to womanhood and married her life partner who predeceased her 6 years ago. In 1902 Mr. and Mrs. Barritt came to Alberta and located in the Ripley district. She took an interest in all district affairs and will be remembered by all for many kindly acts especially in those early days when a little kindness and help meant so much.

A member of the Christian church she constantly endeavored to practice true Christianity.

She is survived by two sons A. F. of Ripley district and C. E. of Edmonton.

The funeral took place at 2:30 p. m. on Thursday from the Alix United Church to Alix cemetery, the services being conducted by Rev. J. D. Weclait.

### Two Pertinent Addresses

To-morrow (Saturday) at 2.30 p.m. Mr. DeLoag of the Lacombe Dominion Experimental Farm will address a public meeting in the U. P. Scouts on "Fodder Crops" and the Saturday following, March 30th, Mr. Wilson, also from the Lacombe Farm will speak on "Beeco Hog Production" at the same hour and place. These addresses will be illustrated by lantern slides. All interested are urged to attend.

### The Boy Scouts Play

"Of One Blood" the play put on by the Alix Boy Scouts on Friday night of last week, drew a good crowd and so appreciative one. Each part was well taken and the production could well be repeated. The story is of the great war and the aftermath following the associations of two soldiers, a German and an Englishman, and their two sons, in which the father taught each other at the front and the lady became a nurse in peace time. The various acts were well set off by scenic paintings and woodcut lighting effects in charge of Arthur Larson.

At the close, the troupe was presented with their flag and the Scout Master, Dennis Murray, with a beautiful Scout ring.

### Folic Went Out Big

Tuesday night's frolic on the auspices of the ladies branch of the Alix Social Credit Group drew a packed hall and appearances were better than ever. A wonderful time. From 9 p.m. to 3 a.m. the hall resounded with fun (games, dancing, etc.) and a supper at midnight.

A cake made and sold by Mrs. J. Brooker swelled the evening's proceeds by \$12.50, going to Mr. B. E. Todd who held the lucky ticket. The ladies, especially Mrs. H. Butcher, are to be congratulated on the supreme success which attended their efforts.

We regret to learn that Mr. J. C. Hurst is a critical condition at the hospital in Lacombe.

The Sunday School lesson for next Sunday will be found in 1st Peter 2:18. Golden text: "Blesseth the Lord God in your hearts."—1 Peter 2:18.

On Sunday morning, March 10th, the Ripley community was shocked to learn of the sudden death from heart failure of Mr. Frank Armitage at the home of Mr. and Mrs. Louise Oren, with whom he has made his home for the past thirty years.

A native of Leeds, England, Mr. Armitage who was sixty-four years of age, came to Gushet, Ont., when a young man, from there he came to Alberta and Ripley.

Besides his sorrowing relatives in the Old Land, he is mourned by a host of friends and children now grown to manhood and womanhood to whom he was just "Larry" - a name he received from baby lips. A lover of children he in turn was loved by them and his memory will long be cherished.

The funeral held from Mirror United Church to Mirror cemetery, was largely attended and the beautiful floral tributes paid silent testimony of the respect held for him.

Mr. Archie McInnis sang in the usual sympathetic manner "Face To Face". Rev. J. D. Woolhart of the United church officiated. The pallbearers were all old friends: Messrs. Owen Cook, John Berne, Archie Carr, Stanley Rogers, Donald Carr, Wallace Demore. Flowering a Son were the funeral directors.

White light is compounded of the seven primary colors: violet, indigo, blue, green, orange, yellow and red.

tain. After retiring from the

### Think Well Before You Act

We have been asked time and again why we have  
reluctantly kept clear of any comment on the crematory  
situation at Alix. To those so asking we would explain  
firstly, that we considered this a private matter between  
the patron and his board; secondly, we hesitated to say  
anything which might be misconstrued; and finally we have  
hoped that in the best interests of the institution everything  
will be straightened out shortly.

But, if we say, we would like to make a suggestion to  
the patrons, and we trust it will be taken kindly:

This is a co-operative crematory, owned by those who  
permanently, and under the former manager has been brought  
to the position of second place in Canada for better  
output. Of this you should be proud, and no doubt you  
are, and we assure you will wish to maintain the standing.

What we advise is that you as a contributor do not let  
what you may hear on the street or from the platform  
influence you in any way just now, but continue to send  
your product to an institution which much has to answer  
its worth in the past. You may have taken sides on this  
question, but do not let the leaders with the h of YOUR  
BUSINESS. Whether or not the directorate is right, they  
have the only up to the Annual Meeting which is only a few  
weeks away, and then you can endorse or vote down their  
conduct. You are the boss after all, Mr. P. Editor.

Remember, there are outside interests that would like  
to "throw money" into the machinery and make  
you think you did it yourself. Don't listen to such terms  
as "boycott" for if you do you will be the hypocrite. Re-  
member also that "united you stand, divided you fall."

Editor, Green Shipper, think out before you do any-  
thing that will jeopardize an interest which has three years  
to build. We know you have more brains than some people  
would give you credit for.—Ye Editor.

Monday next is the 8th of April.

Tonight (the 29th) in the Grand Theatre at Mirror the Ripley Dramatic Club are putting on their thirteenth comedy "The Great Bank" proceeds for Social Credit.

Mr. and Mrs. Len Pears and babe of Olive were visitors over Sunday with their parents here.

Mrs. A. F. Lasech returned this week from a week's sojourn with relatives at Calahad.

A pleasing event in our town on March 21st was the celebration at the home of Mr. and Mrs. W. Loughbridge of the venerable lady's 80th birthday. It took the form of a dinner at 12 o'clock to which the families of Mr. and George Bell, Mr. and Mrs. A. Loughbridge and Mr. and Mrs. R. Riches and the honored couple sat down. It was a happy assemblage and we join in the good wishes for many like occasions extended to Mrs. Loughbridge.

SPECIAL VISIT—Mr. H. J. Swift, Sight Specialist, is in Alix today (Friday) and he would like to meet all his old friends and get acquainted with any of our citizens whom he has not yet met.

The Sunday School lesson for next Sunday will be found in Isaiah 55:6-13. Golden text: "Grow in grace and in the knowledge of our Lord and Saviour Jesus Christ."—Peter 3:18

### April Council Meeting

The regular monthly meeting of the village council last Monday evening was not a very busy one.

All councillors were present and Reeve Macle provided. The school requisition for 1933 was before the board, namely \$1900, two hundred below last year.

The secretary was instructed to renew membership in the Alberta Municipality Association at \$5.00.

It was reported that the average worth of taxes had been raised to Mr. Bennett at \$20, he to date certain facing and summer follow the crop land.

A letter from the Department re despatch hospital patients, calls for signature of council and affidavit of patient before the case will be taken.

The board decided to pre-claim Monday, May 6th, a public holiday, and therefore the regular meeting will be held Tuesday night, May 7th. Mr. C. Woolgar was listed as police at \$10.00 per month.

Councillor Henry introduced a motion calling for the fixing of a fee for councillors attending meetings. There \$1 per meeting and Council \$2.  
A few small amendments were passed by consent.  
Meeting adjourned.

### Let Us

Mr. and Mrs. W. A. Moore were visitors at Gledy last week and at the home of Mr. and Mrs. L. C. Bennett.

Miss Faylie Lynsberry & Helen Henderson spent the week with Miss Evelyn Moore during the absence of the latter's parents.

The play "The Wild Oats Boy" was taken to Gledy Friday. A large crowd attended, after which followed a dance.

Mrs. Lynsberry and daughter Peggy motored to Red Deer last Thursday.

Mr. Ian Kerr and Fred McConnell motored to Old last Saturday, returning on Sunday night.

Miss Faye Morris returned home Monday from the St. Peter hospital after undergoing an operation for appendicitis. Mr. Karl Schepel spent last week at Calgary.

Kanter is into this year, coming on April 21st, Good Friday on April 19th. A late Easter means a late spring, the old saw says.

Just: "Fashion may come and go, but there's always a demand for cosmetics." "Yes, yes, women can't go out without."

### Man Meets Adventure

A recent shipment of bags from "Rodeo Farm" by Mr. Peter Janieson, at 140 days old, averaged in weight 210 lbs. and all graded solid became which must be close to a record for winter pigs of that age. J.R. Macle headed this shipment.

And speaking of hogs, another Alix district botty, Mr. R. D. Carr, out of the last 21 hogs he shipped received 19 select, 1 bacon and 1 butcher.

Some time we will publish a comparative statement as to the standing of our district in the Provincial percentages.

### COMMUNICATIONS

Dear Sir: The meeting held on March 30th at Alix with as appreciable attendance of 400 persons, members and non-members, there was a resolution unanimously passed and placing a vote of confidence in Mr. N. A. Larone.

This was done in spite of the fact that the charges being the subject of the meeting were not brought forward as they were intended, thanks to the smooth operation of the opposition's machine. Nevertheless such a unanimous approval in favor of Mr. N. A. Larone and condemnation of the board was of necessity proof to the people that the present directors are functioning on concepts of the short-sightedness of the constitution.

The committee of pamphlets placed in each seat did not help the directors, neither did the abrupt closing of the meeting which precluded either speakers from bringing charges which may have caused a more heated riding to the meeting. The meeting brought forward a feeling of co-operation as never before and when one looks to the achievement of this co-operative movement accomplished between the past managers and the membership we have need to be proud of the fact, it is possibly the only real co-operative movement in the Dominion which has given its earnings 100% to the producers.

In their way under the membership issue Mr. M. A. Larone has re-instated. Further when he does return the members can look forward to more equitable prices for their cream. At the prices now paid makes too large a spread between the better price and cream price. Mr. Producer how many thousands of dollars have you lost to date on account of the Board of Directors policy of protecting private, Northern and Southern pool interests either from incompetence, ignorance or otherwise. —J. W. Gibson.

Mrs. Barton—Have you any faith in life insurance? Mrs. Gibson—Yes, indeed; I've realized \$10,000 from two husbands, and they weren't good coin either.

## News Is General

Since the war there has been  
a rapid change in the per-  
centage consumption of bread  
in Canada. This, says the  
National report of the in-  
dustry for 1933, is no doubt  
due to two factors, viz., the  
assumed demand resulting  
from a decrease in purchasing  
power and the changes in the  
dietary habits of the people.

The majority of farms in  
Western Canada approach  
very closely to a family busi-  
ness. For instance, during  
the year 1933, the five main  
areas in Alberta and Sask-  
atchewan, 82.7 per cent of  
all farm labour used on  
573 farms was supplied by  
the farmer and his family.

The Economic Council, De-  
partment of Agriculture.

The gross revenues of the  
Canadian National Railways System for  
the year ending April 7th, 1935  
were \$3,149,628 as compared  
with \$2,397,375 for the cor-  
responding period of 1934, a  
decrease of \$140,343.

## SEED TIME AND HARVEST

Despite the miserably cold  
winter handed us so far in  
April, we believe in the old  
proverb that "there will be  
a seed time and harvest." Our  
farmers are a little late get-  
ting the seed in the ground, but  
experience has taught us that  
there is yet plenty of time for  
our predictions are for more  
moisture than in past years.  
However, the past few days  
give promise of a decided  
change and a possibility of  
work starting shortly.

## COMMUNICATION

Editor Alix Free Press.

Sir: Of the various critics of  
Social Credit how many have  
troubled to inform themselves  
as to its basic principles? How  
many have given any real study  
to the existing system? Obvi-  
ously, their objections spring,  
from knowledge of their  
prejudices and ignorance.

Backbiters should ponder the  
fact that Social Credit is a system  
of and advocated by ever grow-  
ing numbers of people everywhere  
whose intellectual powers and  
practical knowledge of life are  
undoubtedly questioned.

The economic analysis and  
remedies of DeLong, if correctly  
studied, must be understood. What  
points to, other than Social Credit,  
is there for the distribution of  
abundance without raising the  
production? The existing remedy  
is to control production so as to  
bring about a relative equality,  
namely, by the use of taxes,  
and further preventing the enjoy-  
ment of that plenty for all which  
is now easily possible.

What constitutes justice? Is  
there for technological progress  
more than this class? or  
will class be class by giving up  
jobs and leaving the worker  
? What other remedy than S. C. is  
there for the ever growing mass  
of debt, even our mortgage  
latter greatest debt?

Social Credit is not on trial,  
it is the present system that is  
before the bar of public opinion,  
a temporary system already sug-  
gested by men, and groups of  
men, whose considered opinions  
cannot be ignored.

Social Credit stands for the  
restoration of the monopoly of  
credit to the state, in its use to  
the interests of the general pub-  
lic which created the basis of the  
credit. Not to believe that a  
result, more, purchasing power,  
is secured as is in the bank-  
ing system, or that this monopoly  
of credit can be removed to  
the crown or state in pure ignorance.

To admit that bank credit can  
and, at the same time, limit their  
data easily, leaving the credit con-  
trolled as a public medium of  
exchange, is not merely imprac-  
tical, it is a complete negation of a  
calculated falsehood. Just 20  
years ago began the struggle that  
ended the "divine right of kings"  
we approach the conflict that  
will end the "divine right of the  
monopoly of credit and money."  
— NORMAN JACQUE

### Congratulations, Ripley Players

The members of the Ripley  
Drama Club are to be con-  
gratulated on the success of  
their play "The Eighteen  
Carat Bob." A house in  
standing room greeted them  
in Ripley, while the generous  
applause with which the play  
was punctuated showed the  
youthful actors that their  
ambition to excel in the pre-  
sentation of the various parts  
had been recognized. Harold  
Oliver in the role of the dar-  
velly housekeeper, and Ward  
Barritt in the dual representa-  
tion of the Duke and his  
wits sister brought down the  
house. Every one of the  
twelve members of the cast  
took their parts excellently  
while presenting an attractive  
array of modern youth as  
could be desired by the most  
fastidious.

The play was repeated at  
Marior. Mrs. R. W. Barritt  
was the director, assisted by  
Mr. Pearson.

Since it is well known that  
nothing else is so powerful as  
complete subsistence to money.  
We worship money, hence our  
tendency to undervalue it, and the  
tendency to Socialism, which  
prevents us from seeing, in its  
present aspect, as an agent of  
enrichment and reward.

In Social Credit we have a com-  
plete analysis of and remedy for  
our economic trouble, accepted  
by men whose capacity and  
intellectual honesty cannot be  
questioned, and eagerly welcomed  
as the Christian solution by re-  
solute Christians of all denomina-  
tions. On the other hand it is  
opposed by Socialists, politicians  
and governments of all kinds. We  
can deduce from this that the  
opposition to Social Credit rests  
not on technical or moral grounds  
but on reasons of expediency, not  
that it could not, or ever should  
not, but that it does not, nor be-  
lieve in, the money system.

The play was repeated at  
Marior. Mrs. R. W. Barritt  
was the director, assisted by  
Mr. Pearson.

Earlier still another people were  
in sight of the Promised Land  
of Plenty, but their leaders by  
appealing to superstitions false,  
preserved them in earthly miser-  
y and abundance to a golden  
age. History teaches us that  
the results of money worship, de-  
gradation of ideals and of the arts,  
corruption, decadence by debt  
and final disaster.

When we put Science before  
human values, when we with-  
hold economic security and con-  
demn millions to artificial scarcity  
and destitution, or to labor for  
less than subsistence wages in the  
laborers of "second money" we  
become idolaters, utterly incap-  
able of distinguishing truth from  
falsity, compelled to deny the  
evidence of our senses, and to  
uphold the most palpable  
absurdities.

Each country refuses to dis-  
tribute the products of its ex-  
cessive to its own people and each  
country is aiming and preparing  
for a war to force its real wealth  
on every other country is en-  
sue for debt and a so-called  
favorable balance of trade. Trade  
must be raised for it is obvious,  
or should be, that if a country  
cannot "afford" to consume its  
own products, neither can it afford  
to consume the products of other  
countries in exchange for its own.

the case home in order by setting  
down the gold of finance and its

single second by the gold itself. To

ganization will be held  
7:30 in the basement of the  
school. All interested are  
urged to attend.

### Village Council Minutes

A regular meeting of the  
village council was held on  
Tuesday night last with all  
members present.  
Sitting as a Court of Revision,  
even appeals were heard,  
but no formal assessments were  
in accord with other prop-  
erty no changes were made.  
The minutes of the April  
meeting were read and ap-  
proved.

A letter was read from the  
Assessment Commission ad-  
vising that the Calgary Pow-  
er assessment had been raised  
from \$4800 to \$6000.

It was decided to order  
more trees to take care of the  
private requests for same.

The bylaws, the setting of  
salaries for committee men  
after their second reading and  
passed. As this is a summary  
to the people for their approval  
or rejection, the vote is to  
be taken on June 24. E. C.  
Andrews was appointed the  
returning officer.

An application for direct  
refuel was received from Mr.  
S. Whitefield of Erieview. The  
secretary was instructed to  
write the Department for in-  
formation re the Act.

Several applications for the  
use of vacant lots as gardens  
were granted.

### Tom Impoverished

Loose's General Store is to  
be re-fenced and repainted  
throughout which will make  
a wonderful improvement.  
The Mackin block on High-  
street is being brightened  
with a fresh coat of paint.

We understood that Mr. A.  
Foster has arranged to give  
his residence a coat of paint  
and that the Ladies Aid  
of the United church are  
calling for tenders to paint  
the exterior of the church.

The prisoners have about  
completed decorating the in-  
terior of the Odd Fellows hall.  
There are other premises in  
town that could stand a visit  
from the painter, how about  
getting the job, Mr. Owner.

### A Unique Event

The Rehabilitation and dance  
on Saturday last was most  
enjoyable although not very  
well patronized. There were  
also tables for the afternoon  
tea serving, representing the  
various units of the Empire  
as follows:  
England—By Mrs. Borliss  
was in the form of a beauti-  
ful garden, displaying a green  
on which blossomed the rose,  
the apple tree, etc., under  
the May Pole.  
Scotland—By Mrs. Bisset  
displayed the tartans while  
Katherine Larkin in Highland  
costume assisted in serving.  
Ireland—By Mrs. J. John-  
ston and Mrs. Todd was a  
typical Irish setting with the  
green flag, Shamrock, mini-  
ature podium and bridges.  
Australia and New Zea-  
land—By Madame N. Hild  
and G. Whitfield displayed  
the chief products of those  
countries on beautifully de-  
corated tables.

Canada—By Mrs. Andrews  
and Miss Mary Sanderson  
favored strongly the beauti-  
ful maple leaf, the Dominion  
coat of arms, moosehairs, snow  
shoes, etc.  
It would be hard for us to  
judge of their merits of all  
various table decorations, suf-  
fice to say they were very  
very beautiful and exhibited  
taste and real ability. On  
each table was an array of the

The dinner and midnight  
supper were very much en-  
joyed as was also the piano  
music by Floyd Corbair.

The Best Little Group of Scouts  
on our hill, Hesperia, May 10  
to take part in the lighting of  
a bonfire which was one of a  
kind by the Scouts from Atlantic  
to Pacific, demonstrating thereby  
their loyalty and good wishes to  
the King and Queen on the oc-  
casion of their Silver Jubilee.

The ceremony opened with  
the Oath giving their grand old  
"God Save The King" was then  
sung by all present, the scout  
master leading for three cheers for  
the King and Queen, followed by  
the lowering of the flag. A few  
words by the scoutmaster ex-  
plained why the bonfire had been  
lighted, he asked each Scout and  
Cub to throw a stick into the  
bonfire, thereby sending greetings  
to the King and Queen. At 8:30  
the sky-rockets were sent up  
going at a time as the Royal  
cannon, each Cub and Scout  
sent off a rocket. Then the four  
boys who had built the bonfire  
were detailed in and it lighted  
the four corners of the company.  
The Group were very pleased to  
see so many friends out to join  
with them in the ceremony.

Canada's Greatest Problem

The Canadian people are struggling with a gigantic problem. We are the only nation in the world where the government is not permitted to produce and sell any commodity. The result is a problem facing all other nations who are unable to do so. The problem is to produce and sell in a free market, and to do so in a way that is not only profitable but also beneficial to the public.

Alix ball players have come out of their winter quarters and the way prospects are rallying, around the standard we have a pretty team. The initial get-together was last night and some real good material took the diamond. There is no sport, summer or winter, like a good old baseball, so let's get behind the boys as we have always done in the past.

Elephant Brand Fertilizers are good for all garden crops. Renew soil, prevent plants.

### Save Money For Ice Melters

The Central Alberta Dairy Pool have taken another step toward producing by the purchase of a machine to save the large quantity of buttermilk at the Alix plant. Therefore the buttermilk has been sold by contract to some of our farmers, but on the installation of this new equipment it will be converted into a powder and marketed in 50 lb. tins. This product is not new and is largely used as a stock food for chickens, calves and hogs, and it is certain to meet a substantial return to the patrons of this institution. This by-product that has been selling for a mere pittance should realize considerable. The machine is on the way and should be here in a few days.

A self feeder for the boilers is also being installed with a view to fuel conservation.

Vice-Pres.—L. H. Warren  
Sec.—Tina.—L. H. Warren

An executive committee of the President and Vice President together with Miss J. Howe, J. Talbot and F. Henry were appointed to take care of the general administration of the Club.

While the construction of new courts will incur considerable expense for the first year, the Club has endeavored to keep the fees as low as possible, and the figures were set at: Girls \$1.00 Ladies \$2.00 Juniors 10 to 16 years \$1.00

With the fees at the above low figure there will not be funds on hand to buy any new tennis courts. All members are therefore expected to co-operate and give a hand with the work necessary to put the playing courts in playing shape.

Those desiring to play tennis are urged to get in touch with one of the executive committee.

J. Milton spent the week in Calgary.  
R. Cameron is a Calgary visitor this week.

### Alx Property Owners Vote Salary To Councilmen

While the ballot on the salary-for-councillors petition, taken on Tuesday last, was not a large one, it was representative of the appreciation of our citizens for the services of the board, and in no uncertain terms expressed a willingness to grant them a small remuneration for the time spent in village government. The council, in addition to regular meetings each month, are called upon to oversee road building, the laying of walks, investigation of relief appeals, and a hundred other duties for which they receive little commendation and heaps of criticism. We are proud of our council, its grandeur stands in every direction, its smiles of amiable ways, and its general appearance of tidiness, which is in the major part attributable to the loyalty of our council, and as we said before it is best just to know that we appreciate what they do.

Only five votes were polled against.

### Will Organize For Football

On Saturday (tomorrow) at 9:30 a.m. in the dining room of the Alx Hotel a meeting will be held to complete arrangements for an amateur football team. Business, in short, will be made and main full arrangements for the season's activities. Young men are especially urged to attend.

### S. M. Wilcott The Speaker

A public meeting for the session of "Social Credit" will be held in Alx at 8:30 p.m. on Friday, June 18th, when Mr. C. M. Wilcott will be the speaker. He is thoroughly conversant with the subject and you are well advised to hear him.

Mr. Wilcott will address a meeting in the Grand Theatre at Alx on Thursday evening, 18th June.

The painters are busy on the exterior of the United Church.

To provide opportunity for teachers of the province to obtain instruction in modern art and shop subjects, that they may take a position to meet such demands from their class rooms as may arise for this class of work, a summer teachers' course of six weeks is being provided by the provincial technical school at Calgary, it is announced by Mrs. Helen B. Macdonald of Edmonton.

This course commences July 2nd and closes August 15th and this class is not unusual.

### DON'T FORGET THE COMMUNITY SALE IN ALIX TOMORROW (SATURDAY, JUNE 27th)

### Church Union Anniversary

Sunday next, June 27th, at the United Church will be celebrated, the anniversary of the consecration of Union of the Methodist, Presbyterian and Congregational Churches ten years ago. The service in Alx is at 11 a.m. and a cordial invitation is extended to you, no matter what your affiliation, to join in this service.

THE SCOUTS AND CUBS WILL ATTEND THIS SERVICE IN A BODY.

Minutes of the May meeting read and approved.

The Alx Public Grain Co. and the Alberta Fuel Elevator gave notice that they had lodged an appeal against their assessment with the Alx Board of Assessment.

The secretary was instructed to write them arranging for the hearing next month.

The secretary was instructed to order a half barrel of roofing cement for the town hall.

Mrs. E. Whitfield of Kirks was demonstrating that counsel stand good for treatment in the Alx hospital but a phone call from the station of that institution to see necessary brought the information that the case was not as urgent as she had thought and the council refused to assume the obligation.

The report of the returning officer on the vote for annexing payment of councillors was read and being favorable the bylaw was given its third reading and became law.

The application of Mr. Lane for a restaurant license was approved by the board.

A letter from L. A. Bennett of Drumheller quoting prices on sidewalk construction was obtained.

At their next meeting the sidewalk work program will be given, but in the meantime the new roadhouse on S.E. 1st street will be started.

After passing a few minutes the meeting adjourned.

Complaints are coming in  
from some of our farmers  
that cut worms are doing  
considerable damage to the  
grain crops, especially in the  
barley, and among the grain  
trucks. The old idea  
that this pest will not work  
in wet weather is exploded  
this year.

while the Cub competition took in  
Tenderfoot and 1st Boy work.  
The B. A. Patrol of Red Deer  
was able to carry the shield after  
this year with only 11 point less  
than the Scouts from Mirror.  
The Hawks from Mirror took  
third place, making a very good  
showing for such a new troop,  
so much to complete their first  
success. The other two  
Red Deer patrols came fourth  
and fifth with the Eagles from  
Alix bringing up the last place.

The Alix Eagles came first in  
swimming and made a close run  
on knots and first aid but lost badly  
on signalling and fire fighting.  
Donald Newman of Mirror was  
successful in carrying off the  
major badge competition and the  
Eagles patrol of Mirror were able  
to send their message correct to  
the station.

The Cub competition was won  
by the Alix Cub of Red Deer and  
the Alix Cub also taking the second  
place with the Troops of Alix.  
Only 1 point behind and the Beaver  
troop very close with a margin of  
1 point. The leader remarked  
afterwards that Alix have been their  
worst but fell down in their  
own camp.

The Scouts and Cubs report a  
very enjoyable time and they re-  
quested us to let them visit Alix  
next year. In the evening  
the representatives from Alix,  
Red Deer and Mirror held a meet-  
ing to consider the formation of  
a district council for the territory  
between the two towns. The meet-  
ing was nominated with a Presi-  
dent, Vice-President and Secre-  
tary Treasurer. The council are  
now considering the appointment  
of a District Commissioner.

A meeting of the local group  
last week discussed and planned  
a tent to be held to raise funds  
for the boys' camp. It was also  
decided to hold the annual Flag  
Day on July 1st. If there is  
anyone who would like to buy a  
large flag from the boys' group  
please to contact with Mrs. H. Hallings  
who is in charge of the flag.

Mr. Harry Johnson left on  
Tuesday for 3rd of Hill, near  
Winnipeg, where he will be  
townsman. We were sorry  
to see Harry leave, but are  
glad he has secured employ-  
ment.

Mr. W. L. Pettit was in  
Edmonton the forepart of the  
week attending the conven-  
tion of Municipal secretaries.  
Born-Ross of Alix 18th  
June, to Mr. and Mrs. S. S.  
Roberts, a daughter.

Work has started on the  
new residence being erected  
by Mr. F. Keston who has farm  
south town. The con-  
tractor, Mr. Thomas Nesbitt  
and son, arrived from Edmo-  
nton the beginning of the  
week. We understood local  
labor is being used and the  
Alix Alberta Lumber Co. General  
C. Pemberton of Mirror are  
supplying the material.

**Stop, Look, Listen**  
The fact that production at our creamery is nearing peak, despite the unfavorable conditions through which we have just passed, would lead you to believe that its patrons are satisfied to call quiet and "stand still." It is in fact why are there still a handful (like district men at that) going up and down rating and rating, evidently trying their utmost to work a distinction that means no much to our town? They claim to be trying to see that justice is done the former manager, but to us it looks like a bluff.

As we said, it is understood, Mr. Laren has stated that he does not wish to remain in Alberta but rather to take advantage of his bettered retirement on his property near Vancouver. He gave to Alice and district a business of which we are all justly proud and we do not believe there is one citizen who does not stand up to him the more credit for so doing and we cannot believe that he wishes to see it go down. But do the shippers wish to have the salaries of their agents coming out of their town-to-large credit checks? Don't you! Yet you will find with us that the best of the creamery would possibly function without a manager on the spot to supervise it.

One was told, not a whisper, that the creamery was doomed, while one of its highest persons congratulated us on the stand we had taken through articles published and stated that he would continue to ship. We are confident, Mr. Owner, that we are constructed of the same material and will continue to ship YOUR business so long as it gives a square deal. We believe you have always had satisfaction from YOUR creamery and that the same material care will be taken by the new management. As we have said previously, you are the one to say whether or not YOUR business is to be continued.

We do not wish to be misunderstood, we are not taking sides, but just saying "stop, look and listen." Stop the knocking, look to your interests and listen to reason.

## Your Family's Health is Worth Protecting

Food spoiling days are here! Are you still gambling with your family's health? It's risky business — and so expensive as well, especially when a new 1933 Electric Refrigerator can be obtained for less than 20 cents per day — is so economical to operate — AND IS ABSOLUTE PROTECTION AGAINST FOOD CONTAMINATION. Your family is certainly worth the small cost of this smart, modern guardian of good health.

### A NEW EASY PLAN ONLY 1-25th DOWN

You need to make a down payment of only 1/25th of the cost of the refrigerator you desire, and it will be delivered in your home. The balance may be divided into 24 similar installments, payable on your electric light bill, with a carrying charge of only 10 cents per month. THERE ARE NO INTEREST CHARGES.

No other plan offers you such an easy way of securing the health protection of an Electric Refrigerator. You save your children of Cerebral Electric, Westinghouse, or Frigidaire models.

### Social Credit of Day

A writer from Toronto says in part:

"Social Credit is still going ahead in the district despite the attacks and misrepresentations that are being continually given by the political parties. A good thing for the voters to remember is the old rule, 'What you see is what you get.' The orthodox political parties cannot outwit and actually against a new movement, it is a safe bet that the new movement is the best thing for the people. Keep your heads and all most Social Credit. If you allow the old parties to take over your vote, thereby, if they do, you will see only defeat your own purpose but by your action you will give the old party the chance to stay. Why the people do not know what they want because some of them vote one way and some vote another way so what can we do about it? But if you all stick together and vote for Social Credit, the old parties cannot stay. They do not know what they want, and it will be up to the elected to give you what you want, vote for."

Prince Edward Island after the 1st of Easter brought all the way from Halifax, Alberta. Eleven thousand from rabbits were sent from there in such quantities in the latest province as food, those catching the rabbits getting two cents for each beast. The 1st. Dept. of the C. B. I. shows there is a national trade in rabbit carcasses for food.

### Farmer Air-Girl Wins

#### Free Trip To Australia

We were pleased to read in  
an Edmonton daily last week  
of the success attained  
by Miss Grace Patricia, a  
one time student in the Alix  
school. She has been award-  
ed first prize for the whole of  
Canada in an Australian  
literary competition, the prize  
for which is a trip to Australia  
at the expense of the Aus-  
tralian government. She  
plans to leave on her trip in  
September.

### Another Mutual Starts Business

Another rural telephone  
company has been formed to  
the north of the town, titled the  
"West Mirror Mutual Tele-  
phone Co. Limited." Action  
was taken at a meeting in  
Sicking school on Wednes-  
day evening which combined  
fines 5, 7 and 10 into this  
Farmers' Mutual Company. A  
p/n of the proposed com-  
bination was submitted and  
approved, also signing up.  
The following officers were  
elected: President, C. Woller-  
stan; Secretary, F. Parker;  
Directors, H. Bromley, J. Mc-  
Laren and W. McLaren.

### The Stick Wood Menace

We are requested to draw  
attention to the spread of  
that ugly pest the "Stick  
Wood" and its menace to our  
farms. We are told that this  
plant may be seen almost  
anywhere along our roads, in  
fact you have only to go  
across the tracks on the north  
road to find it flourishing.

Why not treat road ver-  
min the same as road work  
by allowing the farmer to  
work on his taxes to take  
care of a specified ailment?  
Something must be done in  
this matter. The more dan-  
gerous the harder the job.

Mr. J. H. Connor was a  
visitor in Calgary last week  
with Pilot Station. Lack of  
the Advance Air Service.  
A short course on "Home  
Administration" will be held  
in the U. F. A. hall on July  
25th. Further information  
later.

### With Our Scouts

The annual "Flag Day"  
for our Boy Scouts is to-mor-  
row (Saturday) when the  
boys will be offering flags for  
sale of different sizes so raise  
funds for their camp in July  
at Sylvan Lake. Boy Scouts.  
The Scouts and Cubs will  
attend service in the Anglican  
church at 3 p. m. on Sunday  
June 30th.

### Brewery Trophy Goes To Penkols

By winning two straight  
games, the Penkols ball team  
on Sunday last took away  
the Brewery Trophy from  
Mirror, the total count for  
the two battles being 10 to 2.  
The first game on Friday  
night of last week was a close  
one, both aggregations put-  
ting up real play with a score  
of 2-1, but Sunday after-  
noon was a real avalanche for  
Mirror when the visitors ran  
rings around them for a  
chase up 6-1.

### New Deputy of Education

Appointment is announced  
of G. Fred McNally to the  
position of Deputy Minister  
of Education for Alberta to  
fill the vacancy caused by the  
death a few weeks ago of  
Geo. Gorman. Mr. McNally  
has been Supervisor of Schools  
for a number of years and  
has been with the depart-  
ment for a period of 26 years.

### CROPS COMING FINE

Crops throughout our dis-  
trict are coming along under  
the most favorable conditions.  
The cool weather, following  
an abundance of rain, has re-  
sulted in a somewhat slower  
growth and sturdier plants,  
well rooted. Prospects are

### New Industry in Alix

The new buttermilk powdering machine is now in operation at our creamery, turning out a product that will bring back to the farmer a valuable stock food in the form of powder. The fluid is sprayed directly onto a heated drum and the transfer into powder is instantaneous. Buttermilk is recognized as one of the very best foods for dogs, calves and poultry and the opportunity to feed it is a boon to our stock raisers and if you are a member of the Central Alberta Dairy Pool you will participate in its sale. It is convenient to use, being put up in 50 lb. sacks and may be used in powder form or converted back to its original state by adding water. This is a new industry for Alberta and although the majority of our farmers have not and the chance, there are some who have used this food shipped in and are already customers for the home made product. Production at the plant is now between 1000 and 1200 lbs. daily. When in town drop in and witness the machine in operation.

### Bruce McMillan S. C. Chas.

With the announcement on Monday night by Mr. Wm. A. Herbert of the appointment of the Social Credit candidate to contest the riding to the Provincial election next month, the slate for Lacombe constituency is now complete with the four parties in the struggle as follows:

Social Credit — Mr. Bruce McMillan of Tes.  
Conservative — Mr. P. Pratt of Lacombe.  
Liberal — Mr. F. Simpson of Cive.

### Leslie Miller Killed in Crash

Word reaches us that on Sunday last at Hillsboro, Oregon, Leslie Miller of Hayman, Alberta, aged thirty years, was killed in a truck-tramobile collision. Les and his brother Henry of Bonks, Oregon, were driving the truck which was thrown from the road and wrapped around a buckeye tree. We understand they had gone south to see their mother who would return with them. We join in extending sympathy to his bereaved wife and children who went with him to the state.

### "Gerry" McGee At Stettin

A Liberal rally will be held in Stettin on Monday, the 19th August, at 8 o'clock in the evening, at which the chief speaker will be G. McGee, K.C., M.L.A., of Vancouver, B.C., one of the most outstanding authorities on Monetary Reform.

"Gerry" McGee, as he is known to his friends, is one of the most eloquent and fluent speakers in Canada, and one that never fails to thrill his audience. Besides being a member of the Legislative Council of the Province, he is also Mayor of the City of Vancouver, and has achieved considerable popularity by his fight to free his City from the clutches of the "Big Interests." A carol launch is extended to everyone to hear this champion of Monetary Reform and advanced Liberalism.

### The Passing Of A Pioneer

Sorrow entered many homes in the Lacombe community on Saturday, July 27, when it became known that Mr. John B. Crocker had passed away in the Lacombe hospital the result of an accident, at the age of 63 years.

Mr. Crocker came from the west from Ontario in 1901 and had resided all of the 24 years spent in Alberta in the Spruceville district of Lacombe where he took active interest in all local and public affairs. He was of a genial and kindly disposition and was always ready to lend a helping hand wherever it was needed. At his death he was vice president of the Windermere Valley Live Stock Pool, a member of the United Church Board and of the U.P.A., had been on the Grove Municipal Council and also belonged to the Masonic Lodge of Lacombe.

The funeral, which was one of the largest ever held in Lacombe, was held from the Lacombe United church on Monday and was conducted by Rev. Layton of Lacombe and Rev. McLennan. Burial followed by the beautiful and impressive Masonic service at the graveside.

He survived by his widow and a family of five, the youngest son Floyd, being married to a former Alix girl, Miss Jean Sample.

### August Village Council Meeting

The August meeting of the Alix village council was held on Monday night last. Minutes of the previous meeting and the monthly financial statement were read and adopted.

The secretary read a report of the sitting of the assessment commission on July 19 and its decision to raise levies' appeal. The judge ordered a reduction on both the Alix Pacific Elevator and on the Alberta Wheat Pool Elevator but the reductions were so small that very little difference was made in the rate.

Among the accounts was a store bill from Braxton in the amount of \$54.99 paid for the Sid Whitfield family. Secretary was instructed to write Braxton that the necessary relief application papers would have to be made out.

It was reported that the traffic regulations signs had been erected by Mr. D. J. Mavis and were very satisfactory.

A letter was read from the Department confirming the appointment of Mr. Pettit as auditor.

The secretary reported several applications for residential property.

To fill the vacancy on the board, caused by the recent death of Councillor A. Anderson, it was decided to call for nominations at the next regular meeting on September 2nd and should a poll be necessary an election will be held the following Monday, September 9th. The new councillor will be elected for term to February 1932.

S. C. Andrews was appointed reporting officer.

Mr. H. Edgar appeared before the council on behalf of the Legion asking a donation to the Centennial to be erected in their "Memorial Park." On motion a sum of \$25 was granted with a provision that a cement wall be put in parallel with the sidewalk on Alberta Avenue to keep back the earth as the grounds are much higher than the walk.

Secretary reported that several vacant lots would be up for tax sale.

Meeting adjourned.

Mr. F. G. Morgan was taken to Lacombe hospital on Tuesday last to undergo an operation for gonitis.

We are pleased to learn that Mrs. John Bonham is recovering rapidly from an operation at the Lacombe hospital on Tuesday last.

Mr. Farmer, if you wish to make a donation to the Legion "Centennial" bring in a load of rock within the next few days. The gift will be this much on credit.

### SOCIAL CREDIT

Latest! An important meeting of Alix Group will be held at 8.30 p.m. on Tuesday next, Aug. 13th, in the Odd Fellows hall. Full arrangements will be made for the occasion. You are urged to attend.

### Alexander Ambrose "A THIRTE"

Don't be misled as to the title item of Alix, Alberta, at least of day. And passing, he said he had been a day. It being that kindly heart for age. It was on the morning of July 13th Don't come on lightning wing. And Alix's courageous spirit then.

The story of the Heavenly King. He had found death upon those bodies. Where the strongest felt the pain. A frequent of which had occurred in his life. As to his body for years it had been. For Alix had been a Canadian soldier. One of the first to enter back again. Back from the war, but not unmutilated. He was wounded, he suffered pain.

He gave his life for his country. The facts of his death revealed. Just as many of his soldier comrades. Who were sleeping in Flanders field. He was in the prime of his manhood. He lived and he died as a soldier. A soldier for good in his community. Who was the model.

With a happy home, a loving wife, a seven child daughter, infant, with loads of friends, with kindred, a wife who and tongue and heart.

Our brains could not understand. And it is deeper we have asked why? Why we have the, the real soldier. Wherever it is that Alix should die. But our questions cannot be answered. One side of the soldier. Our hearts are torn.

When we meet again, to part no more. As Christians, we believe that God knows best. And to Alix now we pray. That grace be given those surviving ones.

His gratitude will be to say. There will be no living remembrance of Alix. Greeting lightness through the years. Which will bring to all his loved ones. A ray of comfort through their tears.

A faithful husband and father was Alix. A loyal friend and loyal son. One who was true with joy to his home.

He fought the good fight, the victory won. — S. S. Philadelphia, Pa.

### Cereal Crops Paid Off Lacombe, August 14th

The annual Cereal Crops Field Day will be held at the Dominion Experimental Station, Lacombe, on Wednesday, August 14. This is always one of the largest and most important Field Days of the season and this year there are several new varieties, and many marked differences of yield, earliness, strength of straw, and general suitability, which distinguish varieties on adapted or not adapted to Alberta conditions of soil and climate.

The one thousand plots of the Dominion Cereals Field Day will make a most interesting subject for comparison and discussion.

This year there is a total of 817 plots under test at the Experimental Station. Many of the grain growing operators of Canada will be at the Station to take part in the discussion and answer questions. Address will be given by Mr. Newman, Dominion Cereals, and other prominent and growing specialists. Foreign crops are rapidly increasing in importance and grain is still the main cash crop of Central Alberta. Come to the Cereal Crops Field Day on August 14 and learn many valuable lessons concerning the varieties, improved methods and the fine art of grain growing. The Experimental Station will provide coffee, eggs, cereals and sugar. Visitors will please bring their lunches. The program will commence at 1 p. m. or immediately after lunch.

## Local Briefs

The August meeting of Lacombe M. D. Council will be held tomorrow (Saturday) afternoon.

Miss Elizabeth Ross of Edmonton was a guest at the home of Mr. and Mrs. Bert Brown over the week end.

The degree team from Alton, Ont., will be at the Alton Hotel next night and put on some of the work.

Mr. E. Schlicht of Hanna spent Sunday at the home of his sister, Mrs. W. D. Clarke. H. J. Snell night specialist will make his regular visit to the Nelson Hotel on Friday Aug. 23rd. Phone to the hotel for appointment.

Miss Geneva Brown is holidaying at the home of her parents west of town.

Mrs. W. L. Pettit and Mrs. W. J. Brown and children have been spending the past few days at Gull Lake.

We understand that the upper story of the Siders block is to be converted into two suites of rooms which will relieve the Alix house famine a little.

Our old friends, Mr. and Mrs. E. W. Paencker of Consort, were shaking hands with their many Alix acquaintances one day last week.

The days are slipping away and the date of the Alix Big Sports Day is drawing near. Watch for full announcement of the program for Wednesday, August 21st.

Mrs. Marshall Smith returns home last week from a few days visit with Dr. Marshall's friends, bringing home her daughter Margaret who had spent a few weeks at the home of Rev. and Mrs. Griffith.

## PUBLIC SERVICE

Fourteen days, or exactly two weeks, will see the election of the Lacombe constituency warding their way to the polls to choose a representative for the next Provincial governing body. There will be four choices, namely: U. F. A., Social Credit, Conservative and Liberal, and one of these men will have the way in matters political pertaining to this riding in the next government.

Following our policy of an "Independent" paper, The Free Press wants it fully understood that while we justly personally have our private opinion, as have you, our columns are open to each and every party without prejudice or favoritism.

Mr. and Mrs. G. A. Thompson of Edmonton were visitors in the forepart of this week.

Tonight (Friday) at Carver school a dance is being held in support of Social Credit.

Vern and Clifford Rejar of Edmonton are holidaying with Alix district friends.

Mr. and Mrs. W. H. Price and family, having completed the re-modeling of the residence they recently purchased on Lake street, moved in this week.

Major E. Cornack, Frank Henry and George Bisset left on Friday of last week to join their attention, the 7th Field Battery at Red Deer, and go into training camp at Surcou for 8 days.

Sunday last around 5 p. m. black clouds rolled in from the south accompanied by heavy thunder and lightning and a roar which sounded like hail. But although a heavy rain with a slight sprinkling of hail, was the outcome, no serious damage has been reported in our district other than knocking over some of the heavier grain. There were not enough of the icy pellets to cause great alarm, although there are a few farmers who report 5 to 10 per cent loss. Our sister districts to the south around Husky and Trochu took the brunt of the storm with 40 to 100 per cent damage.

A young man working for a Hebrew merchant asked for a raise. The Hebrew got out his pencil and paper and began to figure: There are 365 days in a year, you work 8 hours a day, that makes 122 days that you work. There are 52 weeks each lasts 70 days. There are 13 legal holidays and 3 Jewish holidays, which lasts 54 days. You get one hour for lunch, which makes 40 days, that lasts 14 days. Don't give you two weeks holidays every year. So when he told you how?

Present intentions are that the grain harvest will be full owing in about two weeks around election time. Some of the River (not the kind put in in bottles especially for election day) is already in the stock.

## A Real Treat

A traveller in town this week had a treat on exhibit which he had procured at Millet. It was a new born pig, or rather almost two pigs but only one head, right legs but only one head, three ears. The animal was preserved in a large glass jar of alcohol. Quite a number viewed this oddity.

## Local Water Reservoir

Work started this week on excavating for a large reservoir for water supply at the Mirror round house. The C.N.R. recently purchased 16 acres of land just west of that town on the creek north of the bridge on the highway and it is the intention to install pumps to maintain a water supply in this reservoir.

Dad—You're heated with your studies, son.

Non—Well, how could I please them if I wasn't?

I'm hot! (at the telephone)—Oh, John, do come quick! I've started the pump to come away. The radio is all covered with frost and the electric line is dropping. I'm trying for John.

The cry "Shut To The Pump" would mean more if raised by those who wish to go.

## COMMUNICATION

After Alix Free Press

Sir: Evidently the Economic Society League has been making public feeling in Alberta. Incidentally the general public may know little, but it understands much, while the "dominant minority" may know everything but they understand nothing—they know the price of everything and the value of nothing. Furthermore the common man realizes that the "dominant minority" are highly paid for their services to himself (that is why they are called) and that himself is working for himself and not the common man. The public appreciates that Social Credit means, all over the world, always that their services for nothing, and are worse with the conviction that it is possible to end poverty in the midst of plenty.

Adversity is the greatest of all teachers, were ancient teachers the same, and not that "spiced delicacies" of finance, their convictions would change overnight.

Prof. Angus declares he is unable to understand Social Credit. Well there are none so dumb as those who refuse to learn. Social Creditors understand their definition, as Prof. Angus says—"Distribution of income is not primarily concerned with wealth at all, it is strictly a system of debt, individual and collective. It is concerned with the employee or the farmer, but with the money lender and his associates are not the matter. It is not a scheme but a movement, created by means for the protection of the poor, established by general subscription, and in the line of civilization which extends his displaced. They linger on the steps of office too long, this feisty drive someone caught by the old eyes of dawn, by the grey light of disillusion that heralds another day."

The Society League talks on to even for any party but the O.P., in other words to vote for it, as shown all other parties are subservient to it. The people of Alberta have been misled by the fact, and they realize that that government which challenges the rule of finance must be truly, and able, to achieve the rule of finance.

The Sir. H. Macdonald King declares that a nation must have the control of credit. It matters not who makes the laws. Money is control, with which any nation. Until the control and issue of money and credit is returned to the government and is recognized as the most sacred and most responsible, all talk of democracy is idle and futile."

The people of Alberta do not need to be told that they have learned it from Social Credit, and not from party politicians and commission men, who promise and break the very opposite.

What has the Liberal party or any other party ever done for the people? It is a lot of money? If it is a lot of money what has he found a Social Credit? Alberta has abundant and well laboring, if it has done not we shall not be forced by him on, so far, all the other provinces have not, and should not have all party promises.

The Society League is doing

avoid work for Social Credit. The more they show themselves the more votes he will get. He has his work of informing the people too well for economists, nationalist or otherwise, to undo. More than anyone in Canada he has made the people realize the poverty, the waste, of poverty in the midst of plenty and we have made up our minds to end it. We have the money and we can end the services of the economy experts, and in the meantime we have a leader capable of leading the people to overcome all opposition.

Meeting adjourned.

### They Sleep in Flowers Field

The War Memorial being erected by the Legion on their grounds adjacent to their hall on Alberta Avenue, is well on its way under the supervision of Mr. Robert Woolgar. The Cenotaph will be worthy of the boys who live with us only in memory. The first base is 10x12 feet with a tall secondary base and the main shaft will be faced with chipped coral built bell shaped, surmounted by a cross. The height is all being 15 feet. Eventually a brass pipe will ring the names of our boys in Flanders will be placed on the monument.

A Conservative convention for the Federal Constituency of Red Deer will be held in Red Deer on Wednesday the 26th of August at 8 p.m.

### NOTICE:

Will the person seen on Saturday night last picking up brown pocket book containing money, etc., and driver's license with name R. M. Channon Box 538, Beaver, kindly mail or return same to Alix Meat Market on proceedings will be taken.

### That's How, Now Another

The Provincial election is over and now on the horizon we see the flame of the Dominion Conflict. At present we have prospects of a large conglomeration of parties as in the Province, Conservative Liberal, C. C. F., the Stevens party, etc. Oh don't worry you will have a choice.

### Lizards Plentiful

Lizards have been a real crop this year and a sample of their numbers was left at our office on Monday last. Returning from a car ride on Sunday evening, Lawrence Pettit and Jack Pears had the bright idea of seeing how many they could gather around electric poles and in a few minutes they had the total of 126 of these slimy little creatures. Oh no, the boys are alright as we can prove. They wanted us to keep them for pets. Nothing doing!

### ALBERTA LAW STIP- PLES RE MARRIAGE

Stiller regulations will disfranchise prospective brides and grooms in Alberta when they apply for a marriage license as the result of new enactments.

A deterrent to a hasty marriage is placed in the way of those under the age of 21. The regulations require that a notice be sent to the parents of the applicant under 21, and a license will not be forthcoming until a reasonable time is allowed for an answer from the parents giving consent to the marriage.

Rivalling the far-famed scenery of Alaska, new cruise waters will be opened to regular tourist travel by the Canadian National Steamships on August 23, when the 7000 ton liner, B. S. Prince Robert, will commence a four-day cruise to Gardner Canal and Douglas Channel, great British Columbia inlets that have become known as "the fjords of the hanging valleys."

The weather at present could not be better for the ripening of our grain.

## Reduction in Grain Storage Rate

### Alberta Pool Elevators

ANNOUNCEMENT is made that a storage rate of 1.15 of a cent a bushel per day will apply on grain stored in all ALBERTA POOL ELEVATORS, effective from August 31st, 1935, for the ensuing income year. The present rate, which has prevailed for many years, is 1.10 of a cent a bushel a day.

THE Alberta Pool Elevators is making this voluntary reduction as a temporary measure in reducing cost to grain growers during the present recognized emergency in the marketing of grain.

THE proposed reduction will effect 430 Pool elevators in this province as well as four terminals operated by the Alberta Pool on the Pacific coast.

### Local Briefs

Sunday next is the first of September and two thirds of 1935 will have passed on.

Mr. J. L. Lee, Jr. left on Sunday for Alberta where he will remain throughout harvest.

Mr. and Mrs. F. J. Setters and 7 children have been on a ten day motor trip to Vancouver B. C.

Monday next, September 2nd, is "Labor Day" and a public holiday. All places of business in Alix will be closed.

Mr. and Mrs. E. M. H. Parley have today (Thursday) via C.N.R. on a four week's trip to the east, going as far as the quiet old city of Quebec.

H. J. Endell special, will make his regular visit to the Nemofo Hotel on Friday Sept. 30th. Photos to the hospital for appointments.

Holidays are all over for the year and on Tuesday the children will be sending their way back to school. Alix will have the same staff of efficient teachers: Mr. G. Smith as principal, and Misses M. Sanderson, H. Howe and E. Mc Laren.

Mr. Fred Crow and his sister, Mrs. Borrell, were visitors of friends at Saskatoon last week end.

Mrs. O. B. Thompson with her two children and a lady friend, all of Seattle, Wash., were visiting among her many old Alix friends the forepart of the week.

Miss Sheila Murray of Edmonton is a guest at the home of her sister, Mrs. W. Parley.

Mr. F. Ritchie, who has spent the past three months at Michichi, returned to Alix on Monday.

Mrs. F. Howell of Edmonton, who was a guest for a week at the home of her friend Mrs. C. Woolgar, returned home on Tuesday.

The regular monthly meeting of the village council will be held next Monday evening at 8 p. m. at the town hall. Mr. Glen Rowan will be the teacher for Stanton school replacing Miss Rice who has taken the Carndale school. Miss Mary Rasmussen goes to Lacombe.

Miss Louise Listerich of Lacombe visited with her parents here on Sunday.

Mrs. L. Prue and children are spending a week with her father, Mr. J. B. Cassell, near Mayton.

### TO THE MEMBERS OF LACOMBE CONSUMERS:

I wish to take this opportunity of thanking you for your loyal and helpful support on Aug. 1st, and realize our genuine victory is due to the untiring efforts of all our Lacombe Consumers from one end of the Cassell colony to the other.

Now that the conflict is over, we solicit the support and co-operation of our opponents in the great task of getting Alberta free over the range of poverty. My role also shall be to represent the people of Lacombe Consumers to the limit of my ability.

(Signed) Dr. Bruce Macdonald

### Improvements Around Town

Mr. Flodinier has started the erection of his new cow house on the lots he recently purchased on the corner of Niblick street and Wood street.

We understand Mr. W. D. Clarke has purchased lots in the lake point property facing Main street on the south and will have the contractors at work in a few days erecting a fully modern residence thereon.

An extra gang started on Friday last week replacing the light stand on the C.P.R. sent from Alix. There is a stretch of the miles which, when completed will make this line all 80 lb. construction.

We learn that Mr. George Wainfield will commence the erection of his house at once.

### Lower Grain Storage Rates

Something new in the history of the grain business in Western Canada developed this week when the Alberta Pool Elevators announced its intention of cutting the storage rates for grain carried in its elevators by approximately one third effective from 31st August 1935 to August 31st 1936.

Pool Elevators will charge 1.15c a bushel a day for grain in store instead of 1.30c a day - the rate which has prevailed for many years. The new rate will apply for grain stored in its over 435 country houses as well as in its four terminals at the Pacific coast.

Alberta Pool Elevators is a co-operative organization owned and operated by Alberta farmers. In that position it considers it a privilege to be instrumental in reducing costs in so many measures to the grain grower in a year when crops have suffered severely from drought, hail and frost.

## Council Issues Warning To Local Dairymen

R. W. PEACOCK ELECTED TO  
BOARD FOR BALANCE OF  
THREE YEAR TERM.

The regular monthly meeting of the village council was held on Monday evening with all members present and Kene Macle presiding.

Minutes of the last meeting were read and adopted.

It was decided to renew the subscription to the Western Municipal News for one year at \$1.00.

Madame W. H. Price and I. Sweet handed in their report as to the 1935 shield awards for best properties, the individual going to Mr. C. Tuppenberg and the street to Niblick.

The ladies were issued a hearty note of thanks for their services as judges.

A letter was read from the health department enclosing full information as to a symposium of little persons.

Mr. R. W. Peacock was nominated and elected to the vacancy on the board.

A letter was read from the Provincial inspector with reference to the testing of dairy cows for F. B. the charge for which is 75¢ per cow for 50 head and over, or \$1 per head for under 50. The council wishes to point out that the Act calls for testing when milk and cream is sold, and while they will not take action a complaint to the Department renders the vendor liable to prosecution with a fine. Council will supply the serum and tags free and ask all cow owners intending to have their animals treated to leave number with the village secretary on or before the 16th of September so that arrangements may be made for testing day.

The road grading in the south east part of the town was reported completed and graveling would start in a couple of days.

## To Form Junior Study Group

A well attended meeting of the Alix Economic Study Group was held on Tuesday evening last. In addition to the regular business delegates were appointed to the federal counties town conventions being held on Saturday at Lethbridge and Wetaskiwin.

A request having been made by the young people for a Junior Study Group, a committee of three, Messrs. E. Jowett, T. M. Wilton and H. Spelman, were appointed to proceed.

The ladies served coffee, sandwiches and cake at the close of the meeting.

## C. A. R. P. Winners at C. N. E.

From the columns of our daily newspaper we learn that The Central Alberta Dairy Pool, Alix took first place in the First Prize Group for 20 lbs. of Creamery Butter in 1 lb. pots at the Canadian National Exhibition in Toronto last week.

K. R. McLean, overnight specialist of Calgary, will be at the Nelson Hotel, Alix, on Thursday morning, Sept. 27th.

Mrs. A. A. Tyler of Lynn Creek, B. C. is a visitor at the home of her sister, Mrs. G. Lesack.

### STILL THE BEST

From time to time as announcements are made of innovations in the transportation world, the thought, probably, comes to the mind as to whether the days of the railway are numbered. Innovations and advances made during the past ten years would indicate that this is far from being the case. A great amount of research work is being carried on and it is only now that immense possibilities are becoming to be realized. So far there has been no agency developed that can handle a number of people with greater despatch or with a greater degree of safety than the railway. In Great Britain last year, out of every 90,000,000 passengers handled only one was killed and one in every 3,000,000 injured. The same applies to freight where the railway is the common carrier of all classes of goods, transport of bulk, weight or amount.

Mr. Henderson, a well known local man, has been a regular passenger on the railway for many years. He says: "I have never been injured on the railway."

How is a man going to answer his wife "yes" or "no" if she trusts up to him and says: "Say, do you think I'm as silly as I look?"

Henderson: "You gave that classroom attendant a big tip, did you?"

Johnson: "Well, he gave me a good coat."

Two auto loads of slabs visited the Stetler lodge on Monday night last.

Mr. Terry Jamieson was a Calgary visitor last week end. Born—N. W. of Neris on September 9th. To Mr. and Mrs. Francis Neis, a daughter.

At their meeting last Tuesday night, the Alix Legion decided to make arrangements for the unveiling of the beautiful War Memorial on "Armistice Day", Monday, November 11th. Full information will appear in our columns at a later date.

At their regular meeting on September 3rd, the Alix W. L. voted \$25 towards a piano fund for the school which was handed to the school board. This is a beginning and other organizations are also invited to lend a hand in this very necessary move. The object is not to teach music lessons, but to aid the children and to comply with the long felt need of music in the school. If you have a news item tell us about it.

## BEER is BEST

Look at it from any angle—BEER is bottled health. The choicest "mating quality" Barley, which is reserved for brewing good Beer is in itself a sovereign digestive. Then too, Beer contains a powerful source of energy—and because of the pleasant, bitter flavor imparted by the hop, Beer is a remarkable appetite stimulator.

## PRICE REDUCTION

### First Quality House Paint

Now **\$3.95** per gallon  
(White Slightly Higher)

The Quality Remains Exactly The Same. Only The Price Is Changed.

During these times, the price of first quality house paint manufactured and sold by the national companies is reduced to \$3.95 per gallon.

Thousands of people all over the country have been forced to put off much needed painting. Thousands more have been added by "budget" prices for using inferior paint of little or no value. We want to make it easier for you to enjoy the advantages of painting with first quality paint only, and are confident that the generous reduction in price now announced is the best way to accomplish this.

The Object Of An Election

By the time this article appears in print the very interesting Parliamentary election which has been in progress in Alberta will be concluded. The general election of last year was a very important one in the history of the province, and the results of the present election will be of great importance to the people of the province. The object of an election is to elect a representative body to the legislature, and the results of the election will determine the policy of the government for the next year.

## 4 Candidates in Red Deer Riding

What Alix citizens go to the poll on the 14th, they will be handed a ballot with four names thereon, as follows: E. Clark (Liberal); B. Foul (Social Credit); A. Stewart (Conservative); A. Speakman (U. F. A.). These gentlemen are contesting for the Federal seat in the Red Deer constituency. Alix and district electors have been given an opportunity to judge as to the merits of these candidates and their platform, four meetings having been held in Alix within the past week. Of course all parties are out with the only way to bring back a log delayed prosperity and it is up to you to be decided as to which one can do the most at Ottawa to back up Premier Abernethy and Alberta.

The Wetaskiwin riding has confined itself to three candidates. The Conservatives sitting out of the game. The slate as it goes to the electors will read: W. C. Campbell (Liberal); Wm. Irvine (C. C. F.); Norman Jacques (Social Credit).

The issuing of the "Mould" card to Voters of the time and place of voting" card is a new departure which is to be commended. This will have no doubt in the mind of the elector as to where he will cast his ballot on the 14th. In Alix it is the town hall.

## The W. L. Maundy Meeting

The Women's Institute met at the home of Mrs. C. M. Yarwood last Tuesday afternoon. For this meeting a prize had been offered for the best salad and there was a large number of entries but Mrs. Yarwood carried off the honors.

## Can Men Be Enlisted

## In Making Your Ballot

Fountain Pens Are "Out" For This Purpose—Turns Out Of Ballots Subjected At Each Election.

With the general election only ten days away it is not out of place to have a few words to say about the way to, or not to mark your ball. We should like especially to warn women voters against spoiling their ballots. A spoiled ballot is a vote lost for the candidate you favor and it is silly to take the trouble to go to the polls only to spoil a ballot.

Placing an "X" before a candidate's name is a simple task but at the approaching Dominion general election it is likely 25,000 or more voters will not do so.

In the 1930 contest 24,119 lost their votes through improperly marked ballots and there are more parties and candidates this time to confuse the voter.

Partisan bias places the ballot in the hands of the voters and supplies pencils to mark them. That is as much as it can do.

Marking is addition to the cross, use of a new or colored pencil instead of the black pencil provided, and signing of the ballot by the voter are the most frequent causes of spoiled ballots.

Through habit, many use their fountain pens and the deputy returning officers throw out their ballots. On account, however, judges frequently have ruled such ball-

also valid. The election act says the cross must be made with a black pencil.

Many persons start to mark their "X" opposite the wrong name, write it out and then mark it opposite the candidate they wish to support. This spoils the ballot. They should ask the deputy returning officer for a new one.

Voters sometimes ask why all this fuss about marking when the voter's choice is clearly indicated? The answer is that precautions are necessary to discourage bribery. They are the culmination of years of experience with elections, the frailties of human nature and the cunning of some politicians.

### Village Council Meeting

The regular monthly meeting of the village council was held on Monday night last with all members present and Kerse MacInnis presiding.

Minutes of the September meeting were read and approved and the monthly financial statement read and signed.

Mr. R. W. Penock, the new councillor, took the oath of office.

A letter was read from the Relief Department enclosing check for \$47.00, the government share of the \$100.00 weekly relief fund of \$25.00.

The letter pointed out that several items on the bill were not authorized and the secretary was instructed to pass the information to the Relief Department.

The sanitary inspector's report was read which showed the village in excellent shape. The council chamber was rented to the Government for election day.

The secretary stated that Mr. P. A. Strub had 9 cases in the tuberculosis test, Mr. C. T. Brown 7 and Mr. A. Loughridge 6, all having passed the test satisfactorily. The police reported several cases on which the tax had not as yet been paid.

A letter was read from the Legion expressing thanks for the generous donation to their park fund. Meeting adjourned.

Next Sunday is Rally Day at the United Church when a joint service of Church and Sunday School will be held at 11 a. m. Let us make this a great service for all, rounding up and interesting everyone. Subject of the address by the pastor "The Living Church".

The Sunday School lesson for next week will be found in Jeremiah 16:10; Mark 11:21; Galatians 3:1. For how shall we go to all that I need and, whatsoever I command them these shall speak."—Jeremiah 17.

Mr. H. H. Griffin and his better half of Los Angeles, California, have been spending the past week with his twin brother, Clinton C. Griffin.

Mr. and Mrs. N. Heid returned again from their holiday spent at Drumheller and Calgary.

### Another Old Time Place

The funeral of the late Mr. Henry Bromley, who passed away at his home on Mirror on Friday, October 4th, was held on Saturday from the home of Mr. McKinnay and was private. His Father, Horison conducted the service and interment was made in Mirror cemetery.

Douglas was born in England 62 years ago and came to Canada 37 years ago, located in Manitoba where he resided for a number of years eventually coming to Alberta and was a highly respected citizen of our district for the past 23 years.

He is survived by his wife, one daughter, Rosemary of Mirror, and two sons, Roy and Percy, of Jarvis. Funeral arrangements were in charge of Fawcett and Sons of Mirror.

### Supper Vegetables

"Maggie Murphy" potatoes one weighing 2 lbs. 20c and weighing a triffe over 1 lb. 10c, and a Purple Top potato which weighed 1 lb. 20c. The 23 lbs. were donated on our desk last week and by Mr. C. Wolfertsen. We don't ask you to take our word for it, we see them in our window. We doubt if another garden in the district can beat this.

Then on Monday, Mrs. F. R. Mitchell showed us a 1 1/2 lb. cabbage which was a real beauty. Mrs. Coit told us she has spuds that had to be cut in two to go through the cellar door. Well, we will have to take her word for it.

### Any Elevator Will

#### Handle Good Wheat

In addition to accepting farmers' grain for outright purchase in the usual manner, every elevator in Western Canada acts as agent for the Canadian Wheat Board in receiving, handling, making payment for and shipping Board Wheat. Ever since the formation of the Board the elevator companies have been lending all possible assistance to the Board in their operations and have placed their grain handling organizations at the disposal of the Board. Any farmer, whether he wishes to sell his grain outright or through the Canadian Wheat Board, can do so on any elevator.

Don Pettit went to Lacombe this week and will be member of the hockey team for the coming winter.

### Participation Certificates

Participation certificates issued to producers who deliver their wheat to the Canadian Wheat Board, should be retained in the possession of the producer, says a statement issued from the board headquarters, Thursday.

Several farmers have already forwarded their certificates to the Board office and the Board again drew the attention of growers to the printed remarks on the certificate which instruct producers to preserve these certificates carefully and surrender to Board when required.

When it becomes necessary for producers to surrender their certificates to the Board, instructions to the effect will be issued by the Board. Meanwhile, all growers holding these certificates should carefully preserve and retain them in their own possession.

## 50 per cent. Grade 4 And Up

In the Alix district threshing is practically over for 1935 and taking it all through we have not fared too badly. The Wheat Board pay has brought to our farmer a fair price despite the fact that a large percentage of the wheat graded low. One of our elevator managers informed us that he would say that 50% of his intake had been 4 or better, the balance 5 and 6 with some feed. Therefore the local grower realized from 40¢ up. The Board price is: No. 1—64¢; No. 2—57¢; No. 3—43¢; No. 4—57¢; No. 5—50¢; No. 6—42¢; Feed—31¢.

Thursday night of next week is Halloween.

Miss Marla D. of Lacombe spent Thanksgiving Day with Alix friends.

How about getting busy on the risk, it will soon be November? There is a lot of work which should be done before freeze-up.

A number of Alix Men attended the district meeting at Canora on Wednesday.

Watch for announcement of the big play night next month. Three one-act productions by these actors comes from the three different towns. Rehearsing now and on of the ordinary.

McDougall has just purchased a new Stewart Warner radio all wave. He said the other night he got Chilli and Mr. Johnson tried it. He put his hand in his pocket and got Copenhagen. Mr. DeGeyer, while thrashing last Friday, had the misfortune to have his foot cut off in the machine.

Mrs. Ashdown was a Lacombe visitor last Friday. Mr. D. B. McMillan M. L. A. is very busy these days with his constituency work. Mr. and Mrs. H. A. Kech were Red Deer visitors Monday of last week. The long week end thus granted should prove attractive to travelers who are desirous of visiting friends and relatives within the large range of territory covered by this fare and one-third concession.

Cenotaph will be performed by Dr. H. J. Seal assisted by Colonel Lister and Dr. Conradi of Stettin, Lacombe, Red Deer with the 4th Battery will be in attendance.

On Monday night, the 11th Alix Legion will put on a dance and card party with good music and good prizes. War for posters giving full particulars.

## Thanksgiving Commemoration

Thanksgiving service last Sunday evening in the United Church was fairly well attended and despite the unfavorable weather. The church had been decorated with flowers and grain. Rev. Kivier of Delburne delivered a beautiful address from a text found in Let's gospel "How Much Greater Than to My Lord." The music and singing was appropriate to the occasion.

During the storm a large crowd of partook of the chicken supper on Monday evening, served by the ladies of the church, following which Rev. Kivier of Lacombe gave a very interesting lecture on "The Land of the Humming Bird." Miss Veronica, Bess and Mary Davies gave beautiful recitations and with a money singing made for a real festive time.

Mr. Norman Jacques M. P.

Wassilow, Oct. 26—R. W. Masler, K. C., returning officer, declared Norman Jacques, Social Credit, elected here Friday to represent the Wassilow constituency at Ottawa. The official vote received by each candidate were: Walter B. Campbell, Liberal, 2,801; William Irvine C. F. C., 2,772; Norman Jacques, 2,701. Mr. Campbell and Mr. Irvine lost their deposits.

## No Feeling, It's Winter Weather

The weather man has evidently decided that he has given us sufficient summer, for on Sunday morning a slight rain fell soon developed into a real snow storm which was left us with several inches of white blanket, and coming as it did in the last week of October, looks as though it is here for good. Despite the almanac's assertion that winter starts late in December, we have it seven weeks ahead of their date.

## A Meeting For Ladies

Miss I. Alexander, Director of Alberta Women's Bureau, will meet the ladies of Alix and district in the U. P. A. hall tomorrow (Saturday, November 2nd) at 8 p. m. sharp and talk to them on matters of interest to them. All women of the locality are invited to come and meet Miss Alexander. The U. P. W. A. ladies will serve tea.

### "REMEMBRANCE DAY"

The 11th of November has been set apart by the Government of Canada as "Remembrance Day." On this date 11 years ago the Great War ended. A war which lasted over four years and in which 662,268 men and women of the British Empire, including 60,000 Canadians laid down their lives for honour, justice and freedom, principles for which we too should be "ever ready to live or die valiantly."

"Remembrance Day" is not a holiday; it is a Holy Day, sacred to the memory of our heroic dead. It reminds us that Canada stood with the other great Dominions side by side with the Motherland; that nearly 600,000 Canadians were under arms; that 2520 nurses sailed; that both our men and men proved themselves equal to those who had had years of training for Active Service; that thousands of brave hearts and bodies and bright lives resulted; and that 60,000 Canadians lie sleeping in the "Gardens of the Dead" in Flanders and other battlefields. Why? The answer is given in the words of Sir Robert Borden, then Prime Minister: "We for love of battle, not for glory. We are forever indebted to the standards of Canadian right and on the hearts and minds of those who survived."

You are familiar with the following words: "My duty to my country is to love it, to obey and maintain its laws, respect its flag and to defend it against all enemies." This is exactly what those brave men and women did who gave their lives for the land they loved. In it not sitting, therefore, that this day should be set apart as a memorial to them, and as an opportunity for us to unite them in reverence and gratitude.

Wear your Poppy.

"Two seventeen years ago today  
When guns of war were hidden "Cease."  
In gratitude we celebrate  
This anniversary of Peace.

O, heroes of the boundless deep,  
Soldiers of Flanders' Field, sleep on;  
Our lives enshrined in memory  
Burns bright, is ever burning on.  
Ye men who wield the nation's power,  
God grant that you may always heed  
That covenant,—"If ye break Faith,  
We shall not sleep, in Flanders' Field."  
They died for Honor, Freedom, Peace,  
But their "Singing "Torch" must ever die.  
They live, it back in trust to you to give  
With pride "Be yours to hold it high."  
God, grant the souls of those who died,  
Ease Thine, the yearning, and despair  
Of lonely hearts, of those who mourn;  
We ask of Thee, oh God, in prayer,  
—M. Josephine Turner.

### Local Briefs

Mrs. W. Adrian and children have been spending the past couple of weeks at the home of her mother in Saskatoon.

Mrs. James Brainer of Calgary has been a guest at the home of Mr. and Mrs. W. Patrick for the past couple of weeks.

The Sunday School lesson for next Sunday will be found in Matthew 13:37-46. Golden text: "Every one of us shall give account of himself to God."—Romans 14:12.  
H. J. Seel, special agent will make his regular visit to the Nemofo Hotel on Friday Nov. 21st. Phone to the hotel for appointments.

The Social Credit card party and dance on Friday of last week drew a real crowd and we believe everyone had a good time. The shopping bag, on which tickets had been sold, was drawn for and went to Mr. Paulson, while Mr. E. Whitfield Jr. held the lucky ticket on the cake. The hall had been decorated with Hallows' Eve novelties and looked real spooky. At bridge Mr. and Mrs. Dittor carried off the high prize and Mr. and Mrs. Wilton the consolation.

Mrs. D. Keane has returned from a visit to her native Ontario bringing with her some effects of her deceased husband, Dr. Keane, who having had for years the largest surgical and family practice in the city, was permanently injured by an almost fatal fall from a horse for a time in the Edmonton Hospital. It was thought he would feel happier among his old friends and medical associates in Brantford, Mrs. Keane was able to look after the Western property. At the time of his accident Dr. Keane was President of the Association of Physicians and Surgeons of the city and county of Brant.

The family effects brought back by Mrs. Keane had been left with several friends in Brantford so Mrs. Keane's next visit to Brantford.

The Ladies Aid of the United Church will hold a sale of needlework, Knags, quilts, home cooked, etc., also serve tea in the J. F. A. hall on Saturday, November 23rd.

### OUR BOBIE

Just look at him—  
Attending all  
A laughing little king,  
Once riding down the hall.  
With royal mien he also serves  
As his little boy.  
(His little boy for his love you have  
P & him to ride a bicycle)  
A crown he wears of curly locks,  
He has no scepter gold,  
But rules as well as the wisest sage,  
—There is no stronger hold,  
See him climbing up the stair,  
With laughing baby face,  
And see him laugh with child-like  
glad.  
As round the door he'll pass,  
—Alison Ogilvie.

### Unveiling Ceremony Very, Very Beautiful

Armatage Day service on Sunday last was held by the Alix Legion in their hall and in spite of blizzard roads and the cold, a large number attended. With Mrs. Dorris at the piano, the service opened with the large choir leading in "O Canada." Rev. J. D. Woollett then gave a beautiful prayer and Mr. Kent followed with the scripture reading. The hymn "O God Our Help in Ages Past" was then sung and the congregation remained standing for the observance of two minutes silence. The choir then gave that beautiful selection "O Valiant Hearts Who to Your Glory Came," Mrs. E. C. Mack taking two verses as solo. Rev. C. E. Reeves then brought in his listeners a wonderful address from the text in Luke's gospel "Glorify to God in the Highest, and on Earth, Peace, Good Will Toward Men" and "Praise Be Unto You." Reviewing the events which led up to the Great War and the similar circumstances which existed a year ago, he lauded the League of Nations in their efforts to maintain peace and to establish a balance of power. His every effort to maintain peace and to bring to the world peace and to bring to the world peace was concluded by singing "For All The Saints Who From Their Labours Rest."

An adjournment was then made to the grounds where the impressive ceremony of dedicating the "Centaph" took place. Dr. J. W. Bond, of Red Deer, in a few well chosen words expressed his appreciation of the honor he received upon him and in dedicating terms set forth the object of a memorial. He then unveiled the Centaph. Four members of the 66th Battalion from Red Deer assisted in the ceremony. A pretty part of the ceremony was the dedicating of wreaths at the foot of the monument. Rev. Woollett gave the dedicatory prayer and after the singing of "God Save Our King" the assembly dispersed.

- Additional donations to the Centaph fund:

## Scout Toy Shop

Santa Claus' Boy Scout  
helpers have opened their  
Christmas Toy re-  
shop in the Fort Alix

Scouts will collect your old  
toys and repair them so that  
they can be given to those  
laddies who will not han-

Wagons, dolls, games, books  
and scooters are all needed.  
This shop is one of a chain a-

this shop located after 70  
laddies, let us try to increase  
this number. We can with  
the generous support of the  
citizens of this community.

## Erskine Man Suicides

Erskine, Nov. 18 - Rich-  
ard Baumgart, 42, an old-  
timer of Erskine, was found  
Saturday morning hanging in  
his garage. Baumgart  
had not been seen around  
town since Monday last, and  
although neighbors had sur-  
veyed the premises for him,  
they neglected to look in the  
garage as it was securely lock-  
ed Saturday morning. Harry  
Lynn and Joe Kowalski broke  
into the garage and found  
him hanging from a rafter  
directly in the doorway.  
General Broadbent, R.C.M.P.,  
and Dr. Gosselin, coroner of  
Erskine, were notified and  
investigated immediately. Dr.  
Gosselin says that an inquest  
will not be necessary. Baum-  
gart evidently took his life  
by hanging from the back of  
his car after fastening the  
heavy rope.

## Holiday Train Service

The Canadian National  
Railways announce a special  
new passenger train for the  
Christmas and New Year  
holiday season.

The service is three days a  
week, Tuesday, Thursday  
and Saturday, between Mir-  
ror and Calgary. The train will  
leave Mirror at 7:00 a. m.  
southbound, arriving in  
Calgary at 12:00 noon,  
and leaving Calgary at 6:15  
p. m. northbound, arriving in  
Mirror 11:15 p. m. This  
service is effective December  
10th, 1935 to January 4th,  
1936 and is in addition to  
regular passenger service.  
Consult your local agent  
for further information.

Miss Irene Avigne from  
Arden is spending a few days  
at the home of her sister, Mrs.  
J. Bensch.

## Police Capture Car Thieves

Around 1 a. m. on Friday  
of last week two bundle thieves  
broke into Jennings garage  
and lifted the gas tank, after  
breaking the lock on the  
pump, and started east on  
the highway. They changed  
their minds on reaching Nene  
for they turned and on the  
back trail crashed into the  
guard rail at the big hill. The  
car was badly wrecked and to  
complete the job, they aban-  
doned it and King Frost did  
the rest. The mountains were  
soon hot on the trail and  
picked up the culprits on  
Saturday in Kinsine and they  
are now thinking things over  
in the Fort.

Let us remind you of the  
Big Time in the Legion Hall  
to-night (Friday). Four or-  
chestras and a dance to  
follow. Come and have a  
good laugh.

On December 2nd, the Alix  
Meat Market are buying all  
kinds of Dressed Poultry  
(Turkeys, Geese and Ducks)  
which they will pay the

When we learn that the

## Canada Labour

### Labour Issues

The gross revenues of the all-Canada U. M. M. System for the week ending September 21, 1935, was \$5,305,387 as compared with \$5,084,809 for the corresponding period of 1934, an increase of \$220,578.

A stranded sailor went into a card hall home in New York for a cheap meal. In the waiter he was horrified to recognize a villainous who had played with him in happier days.

"Great Scott!" he cried. "You a waiter in this place?"  
"Yes, but I don't eat here," replied the other with some dignity.

Whisky—I'm going to ask you a riddle. What makes my life so miserable?"

Wife—You got me.  
Hubby—That's right!

"A man called to see you."  
"Was he tall, or short?"  
"Both. He was over six feet, and he weighed 150 pounds."

He—Why is it that there's never a man in this house?  
She (sighing)—I can't make heads of pins.

He—That's strange; your mother would.

Dutiful ticket collector: "Tickets, please business man: 'My fare is my ticket.'"

Ticket Collector (rolling up his sleeve): "My ardent one to punch all tickets."

## HAPPY-NEW-YEAR

## New Year's Hymn For This House

This is the New Year entering  
Our house. Who knows what it may bring?

The times are strange; all this tonight  
Of bells and horns and whirling light  
May be the drums and flags unfurled  
Of an unknown new-built world.

This world is ours to build again  
Behind this door, this window-pane,  
For what's a world, however wide,  
But houses with ourselves inside?

If hate break out its evil fire,  
Our hearth can flame its strong love higher,  
Teaching the children at our knees  
The splendid old integrities,  
Forging a future they control  
From wisdom, peace, from strength of soul:

For all that we withhold or give  
Is chain, or armor, while they live,  
And who can rear a fortress tall  
And strong as is the first home wall?

We are the world, whose windows light  
Our little place of rood tonight—  
See other windows gleam, to meet  
The steadfast lights along the street!

## A Touch of Winter

"As the days begin to  
lengthen, so the cold begins  
to strengthen."

The above old saw seems to have held out this year, for our coldest night this winter was on Monday last when the mercury dropped to 23 below zero and all day yesterday the fluid hung around the 18 mark. However, we have little to grumble about with the beautiful moonlight just about completed.

Christmas day the mercury hung around the zero mark and by Thursday morning it was a trifle warmer. A little snow fell early in the week.

## December Wedding

A quiet wedding was solemnized at the home of Mr. and Mrs. H. E. McIntosh on Tuesday evening, December 19th, when their second daughter, Kathleen Isabelle, was united in marriage to Robert Addert, son of Mr. and Mrs. R. J. McLean of Togo. Rev. S. Arnest officiated.

Miss Gabea Brown of Rosemary is spending the holidays with her parents, Mr. and Mrs. C. T. Brown. Mr. and Mrs. A. Rutherford of Michichi spent Xmas in town with the lady's sister Mrs. J. A. Lane.

Dr. and Mrs. Warren and children spent Christmas with friends in Chlo.

The Legion bridge party on Friday last consisted of ten tables and the prize winners were: Mrs. A. C. Findlay, and Mr. C. M. Farwood while the consolation went to Mrs. G. Linnick and Mr. C. H. Pinnel.

Rehearsal is closed for the holidays and will re-open the first Monday in the New Year, January 6th.

Christmas Day passed over quietly in Alix, our citizens spending the day with their families and enjoying the many good things of the season. That no one might be short, the ladies of the W. L. sent out hampers of good things, while the Scouts supplied bundles of toys. Don't forget the Big Dance and Card Party on Thursday!

### New Year

They don't see no new tah out on the year  
With a grouch on your tongue instead of a cheer.

You don't get nowhere a-spliffin' your tale,  
Instead of meeting the world with a smile.

If everybody's had, why, it might as be his worse;  
Don't allow he ridin' life's road to a horse.

If yah can't bring nuthin' but shadders an' gloom,  
For bringin' the sun an' giv' some one yer room.

What yer want tah do is tah shoot an' shoot,  
An' get some around like a fellow who's dead.

Be smooth out yer face, then, an' wishin' yer month;  
Don't drive all yer soulful of haplessen' south;

For they want tah say an' be smilen' tah yah,  
These smilen', dere yah, smile, an' be mounin' it, too!

Mr. and Mrs. R. Beatty spent Christmas with friends in Calgary.

Mr. and Mrs. Terry Jamieson spent the yuletide with the latter's mother near Three Hills.

J. G. Neilson spent Christmas at his home in Edmonton.

Over C. J. C. A. one day last week came the sweet voice of our little friend Peggy Whiffles, and we mentioned that this is the first of a series of broadcasts she will make.

Frank Shetley left Tuesday to spend Christmas with his family at St. Paul north of Edmonton.

The Sunday School lesson for next Sunday will be found in Psalm 126. Golden text: "The mercy of the Lord is from everlasting to everlasting upon them that fear him, and his righteousness unto children's children."

Psalm 103: 17. This service is a joint Christmas gathering of Sunday School and Church at 11 a. m.

A real estate exchange took place last week south of town when Mr. J. Fox disposed of his farm to D. McCallum.

We understand Joe will reside in Alix.

The Annual Christmas Tree entertainment by our school children last Monday evening was up to standard and each and every item was thoroughly enjoyed and for us to make comment would be very bad taste, but we must mention the Minuet danced by Pat Warren and Lorne Hollings, it was the quietest thing we have seen for some time.

The teachers are to be congratulated for the success of their efforts. From the large tree, presents and sweets were distributed to each child by old Santa Claus himself.

We'll all get new messages in this if we'll never think our messages are old any more, we'll have our best ones to bring over.

### Isn't It So?

They say the world is round, and yet,  
I often think it's square.

So many little birds we get from cypress here and there,  
But there's one truth in life I've found

While journeying east and west,  
The only folks we really avoid  
Are those we love the best.

We better than we usually know,  
We please the best, feeling good,  
Let's feel full many a thoughtless blow,  
To those we love the best.
